Kishore Singh, 2022-10-19 The book Changing Land Uses Shrinking Streams and Carbon Sinks attempts at providing an overview of the calamitous consequences of deforestation on the world climate Deforestation worldwide has been lowering

the carbon sequestration potential of forests and increasing the concentration of CO<sub>2</sub> in the atmosphere The planet is already warmer by 1 10 C than the preindustrial era and as a result we are facing disastrous consequences in terms of frequent and destructive climatic catastrophes namely storms sea surges floods droughts etc Several perennial streams have become seasonal owing to deforestation in the catchments With special reference to Karnataka s Western Ghat forests the book carries several investigative stories highlighting how notified and un notified forests have been plundered for a variety of reasons Diverse land tenures in Kodagu district of Karnataka and administration s failure to regulate the rights and privileges are exploited by the nexus between politicians and bureaucrats Without realizing the ecological services provided by forests natural forests in different land tenures have been allowed to be degraded for quid pro quo In addition forests have been diverted for many developmental projects such as widening of roads construction of reservoirs for power and irrigation transmission of power establishing rail connectivity etc leading to changing land uses disappearance of perennial streams and loss of carbon sinks It is high time that states acted in conserving natural forests irrespective of the ownership and the country as a whole must grow trees over 26 million hectares of degraded land by 2030 as pledged in the Paris climate accord of 2015 *Eclectic Magazine, and Monthly Edition of the Living Age* John Holmes Agnew, Walter Hilliard Bidwell, 1860

**The Eclectic Magazine of Foreign Literature, Science, and Art**, 1887 The Siva Purana Part 1 J. L.

Shastri, 2000-01-01 The Purana is a class of literature that treats of ancient religion philosophy history sociology politics and other subjects It is an encyclopaedia of various branches of knowledge and ancient wisdom It has been defined as a class of literature that contains material on the topics of Creation Dis solution of Manus Ages of Manus Genealogies and the History of glorious kings For dealing primarily with these subjects it has been called Pancalaksana a title that was incorporated in the Puranas themselves and had become popular by the Fifth Century A D for it was included by Amarasimha in his lexicon Amarakosa But as the process of interpolation continued the Pancalaksana definition was found inadequate The Puranic redactors adopted a Dasalaksana definition that suited the contemporary text Still the dynamic forces were at work and the process of insertion modification and abridgement went on and it was soon discovered that the Dasa laksana definition too fell short of an actual fact It was found that the Puranas contained certain aspects that were not covered by any five or ten characteristics The Puranas are divided into two classes the Maha puranas and the Upapuranas Each class consists of eighteen Puranas Thus the number of the Puranas is thirty six Mahapuranas are classified into different categories Vaisnava Brahma Saiva etc Sivapurana has all the characteristics of a Mahapurana According to the ancients a Mahapurana contained five main characteristics that concerned either early religion or traditional history Sivapurana possesses the conventional characteristics of a Mahapurana in common with its other colleagues These entitle it to the status of a great Purana But its real greatness lies in expounding the philosophical background of the Siva ritual The Purana conceives Siva as the eternal principle the supreme god the cosmic soul the support of all existence But the ignorant aspirant bound in the meshes of

illusion goes in quest for knowledge and imagines that his lord has a personal form possessed of attributes distinct from his self who in moments of distress responds to his prayers and bestows grace
