Streams in the Desert James Horne Morrison, 2017-11-23 Excerpt from Streams in the Desert A Picture of Life in Livingstonia I gratefully acknowledge my deep obligation to the Hon Dr Laws and others his colleagues whose long and intimate knowledge of things African freely placed at my disposal enabled me to see and under stand much that would otherwise have passed unobserved or remained a sealed book Especially to Dr Chisholm of Mwenzo my companion on many a tangled path and by many a camp fire in the remotest wilds I am indebted for such insight as I gained into the inwardness of African village life For a stranger to travel in these regions unfamiliar with the language of the people unacquainted with their individual names and histories ignorant of what is passing round him the humour of the carriers the gossip of the villagers the meaning of tribal customs is to travel blind As well might one imagine that the life of London could be adequately seen from the twopenny tube If I was in any measure saved from this misfortune it is mainly due to the knowledge and courtesy of my friend the Doctor About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve

the state of such historical works **Politics and Christianity in Malawi, 1875-1940** John McCracken, 2008 First published in 1977 and now in its third edition this book has been recognised as one of the most successful studies to be made of the impact of a Christian mission in Africa Starting with a survey of the economy and society of Malawi in the mid nineteenth century the book goes on to examine the home background to the Livingstonia Mission of the Free Church of Scotland and the influence of David Livingstone upon it It then describes the failure of commerce and Christianity around the south end of Lake Malawi and the subsequent positive response which the mission evoked among the people of Northern Malawi African responses and the relationship between Christianity and politics dominate the second half of the book Comprehensive reassessments are made of the origins of the Watch Tower movement the growth of Christian independence and the character of interpolitical associations This revised edition includes a new introduction and up dated bibliography and some revised text *Christian Missionaries and the Creation of Northern Rhodesia 1880-1924* Robert I. Rotberg, 2015-12-08 A study of the contribution made by Christian missionaries to the formation of Northern Rhodesia based on firsthand information and study by the author who has visited nearly every mission station in Northern Rhodesia consulted missionary diaries journals and records Originally published in 1965 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Christianity in Northern Malawi** T. Jack Thompson, 2016-05-18 Christianity in Northern Malawi deals with the interaction of the missionary methods of the Scottish missionary Donald Fraser and the traditional culture of the Ngoni people of northern Malawi in the late 19th and early 20th centuries It looks at Ngoni origins and culture prior to first contacts with the missionaries at the early life and ideas of Fraser and at Fraser's disagreements with some of his Scottish colleagues There are also sections on Ngoni interactions with the early colonial government and the development of a genuinely Ngoni Church The book uses primary and oral sources some of which were not previously available The Bookman's Journal with which is Incorporated The Print Collector ,1919 **The Chiwaya War** E. Page, 2022-02-28 The Chiwaya War's basic conclusions are that the First World War was a major turning point in the history of Malawi's peoples creating the first glimmers of a shared national identity and that it marked more than any event before or since the entry of Malawians into the emerging modern world system far more quickly than likely they and certainly even the most enlightened British colonial administrators of the time would have preferred Politics and Christianity in Malawi 1875 - 1940 Juliet Clough McCracken, 2025-05-11 Since its first publication in 1977 Politics and Christianity in Malawi has been recognised as one of the most successful studies to be made of the impact of a Christian mission in Africa Starting with a survey of the economy of Malawi in the mid nineteenth century

the book goes on to examine the home background of the Livingstonia Mission of the Free Church of Scotland and the influence of David Livingstone upon it. It then describes the failure of Christianity and Commerce around the South end of Lake Malawi and the subsequent positive response which the mission evoked among the peoples of northern Malawi. The function and character of the Overtoun Institution, possibly the most influential mission in South Central Africa, is described in detail, as is the mission's economic and educational impact. African responses and the relationship between Christianity and Politics dominate the second half of the book. Comprehensive reassessments are made of the origins of the Watch Tower Movement, the growth of Christian independency and the character of inter-war political associations. The reprint of the 2000 edition is published in recognition of the 150th anniversary of the establishment of Livingstonia Mission, a model not easily surpassed of mission history which is also genuinely social history, drawing together a network of very varied themes. Adrian Hastings. It has become the basic scholarly book for Malawian Church History. Klaus Fiedler, a book of great interest, rich with insights which illuminate the activities of the missionaries and the reactions of African Christians, a major work of fundamental importance to Africanists. The Bookman's Journal and Print Collector Wilfred Partington, 1919 **Vernacular Bibles in Africa through European Eyes** Misheck Nyirenda, 2023-09-30. The translation of Scripture into non-European languages has been an essential undertaking of the modern missionary movement. However, when translators cling to the ideal of scholarly objectivity or fail to interrogate the lenses through which they view Scripture and the world, they risk perpetuating a belief in the West's political, cultural and epistemological superiority with dangerous consequences for the good news of the gospel. This study provides detailed historical accounts of the origins of two of Africa's most revered vernacular Bibles, the Efik Bible of modern-day Nigeria and the Nyanja Bible of Southern Africa. It illustrates the nature and challenges of early missionary translation work, highlighting the impact of particular translation theories and tracing the development of modern approaches. Evaluating Hugh Goldie's and Robert Law's translation practices against the interwoven backdrop of imperialism, the modern missionary movement and the Enlightenment's belief in objectivity, Dr Misheck Nyirenda demonstrates how the missionaries' presuppositions often dominated their projects at the expense of African agency and epistemology. Issuing a powerful warning for those involved in the vast ongoing task of translating Scripture into the world's vernacular languages, Nyirenda reminds us that we must first reckon with our social, cultural and historical embeddedness when seeking to communicate gospel truth across linguistic or cultural barriers. *The United States Catalog*, 1921 **African Music, Power, and Being in Colonial Zimbabwe** Mhoze Chikowero, 2015-11-24. In this new history of music in Zimbabwe, Mhoze Chikowero deftly uses African sources to interrogate the copious colonial archive, reading it as a confessional voice along and against the grain to write a complex history of music, colonialism and African self-liberation. Chikowero's book begins in the 1890s with missionary crusades against African performative cultures and African students being inducted into mission.

bands which contextualize the music of segregated urban and mining company dance halls in the 1930s and he builds genealogies of the Chimurenga music later popularized by guerrilla artists like Dorothy Masuku Zexie Manatsa Thomas Mapfumo and others in the 1970s Chikowero shows how Africans deployed their music and indigenous knowledge systems to fight for their freedom from British colonial domination and to assert their cultural sovereignty **Africa and the First World War** Melvin E Page,1987-09-22 **The Publishers' Circular and Booksellers' Record** ,1919 **International Review of Missions** ,1922 **Medicine, mobility and the empire** Markku Hokkanen,2017-11-02 David Livingstone's Zambesi expedition marked the beginning of an ongoing series of medical exchanges between the British and Malawians This book explores these entangled histories by placing medicine in the frameworks of mobilities and networks that extended across Southern Africa and beyond It provides a new approach to the study of medicine and empire Drawing on a range of written and oral sources the book argues that mobility was a crucial aspect of intertwined medical cultures that shared a search for therapy in changing conditions Mobile individuals ideas and materials played key roles in medical networks that involved both professionals and laypeople These networks connected colonial medicine with Protestant Christianity and migrant labour The book will be of value to scholars and students of history and anthropology of colonialism and medicine as well as a wider readership interested in the plural search for health in Africa and globally **The Athenaeum** ,1920
