

The book cover features a painting of a cobblestone street leading to a small, arched stone doorway. The street is made of irregular, dark stones, and the doorway is set into a rough, textured wall. The perspective is from the street looking into the doorway, which leads to a dark interior. The overall tone is somber and contemplative.

*The Street Philosopher and the Holy Fool* Marius Kociejewski, 2016-04-25 Based on five journeys to Syria with a cast of lively characters this book is in danger of becoming a testament to the last of the Levant With B AND W photos **Fear and Faith in Paradise** Phil Karber, 2012-06-18 From life along the Tigris River in the 1970s to the ongoing Arab Spring uprisings Phil Karber has witnessed decades of change throughout the Middle East Fear and Faith in Paradise draws on his wealth of experience to sketch a timely and compelling portrait of the region throughout history Going beyond the endless images of terrorism and war he challenges pervasive stereotypes of Muslims and delves into the living history and cultures of Arabs Turks Kurds Persians Jews Tunisians Moroccans Armenians and others Seamlessly moving between past and present Karber skillfully develops two overarching themes How America's footprint can be shifted from a military to a humanitarian emphasis and how fear is used as a cudgel by today's monotheistic leaders to sacrifice the faithful Whether Christian Muslim or Jewish they all invoke their own vision of paradise often as incentive in hopeless conflicts that seem doomed to be repeated Karber's down to earth writing vividly conveys the region's charm and beauty against a backdrop of power struggles among competing faiths nationalisms and outside forces **Hammaming in the Sham** Richard

Boggs, 2022-07-01 Legend has it that Damascus once had 365 hammams or Turkish baths one for each day of the year Originally part of an ancient Roman tradition hammams were absorbed by Islam to such an extent that many became almost annexes to nearby mosques For centuries hammams were an integral part of community life with some fifty hammams surviving in Damascus until the 1950s Since then however with the onslaught of modernization programs and home bathrooms many have been demolished fewer than twenty Damascene working hammams survive today In Hammaming in the Sham Richard Boggs travels the length and breadth of modern Syria documenting the traditions of bathing in Damascus Aleppo and elsewhere and his encounters with Syrians as they bathe In his portrayal of life in the hammams he reveals how these ancient institutions cater for both body and soul and through his conversations with the bathers within he provides insights into the grass roots of contemporary Syrian society Approximately 140 color photographs accompany the text portraying the traditional neighborhoods of Damascus and Aleppo and the almost religious feel of the hammams The author's intimate portraits of the baths employees and bathers show a unique side of Syria rarely exposed to the outside world

Psycho-social Explorations of Trauma, Exclusion and Violence Christopher Scanlon, John Adlam, 2022-01-06 The central theme of this book is the operation of intersecting discourses of power privilege and positioning as they are revealed in fraught encounters between in groups and out groups in our deeply fractured world The authors offer a unique perspective on inter group dynamics and structural violence at local societal cultural and global levels dissecting processes of toxic othering and psychosocial re traumatisation The book offers the Diogenes Paradigm as a unique conceptual tool with which to analyse the ways in which those of us who come to be located outside or on the margins of dominant social structures are

in one way or another the inheritors of the legacies of centuries of oppression and exclusion This analysis offers a distinctive psycho social redefinition of trauma that foregrounds the relationship between the inhospitable environments we generate and the experiences of unhousedness that we thereby perpetuate Written in an engaging and accessible style Psycho social Explorations of Trauma Exclusion and Violence directly addresses pressing global issues of racial trauma human mobility and climate disaster and offers a manifesto for the creative reimagining of the places and spaces in which conversations about restructuring and reparation can become sustainable This is an essential and compelling book for anyone committed to social justice especially for all practitioners working in health social care and community justice settings and researchers and academics across the behavioural and social sciences **Syria** Diana Darke, 2010-06-15 Travel and holiday *Banipal*
