## **Streets Critical Perspectives On Public:**

Streets Zeynep Çelik, Diane G. Favro, Richard Ingersoll, 1994 This collection of twenty one essays written by colleagues and former students of the architectural historian Spiro Kostof 1936 1991 presents case studies on Kostof's model of urban forms and fabrics The essays are remarkably diverse the range includes pre Columbian Inca settlements fourteenth century Cairo nineteenth century New Orleans and twentieth century Tokyo The theme of the volume is that the street presents itself as the basic structuring device of a city's form and also as the locus of its civilization Each essay is a detailed investigation of a single urban street with unique historical conditions The authors shared concern regarding anthropological political and technical aspects of street making coalesce into a critical discourse on urban space **Streets** Zeynep Çelik, Diane G. Favro, Richard Ingersoll, 1994 *Critical Perspectives in Public Health Feminisms* Renée Monchalán, 2023-07-24 A unique and innovative collection *Critical Perspectives in Public Health Feminisms* gives space to chronically underrepresented voices in public health through engaging with Public Health Feminisms PHF PHF describes a technique of analysis that attends gender and intersections of race class sexuality age and ability in public health Including the perspectives of Black Indigenous women of colour refugee immigrant disabled neurodivergent two spirit non binary trans and or gender diverse scholars this text aims to fill a gap in public health scholarship and practice Through a social justice approach it critically addresses how public health services policies and programming are unable to protect and promote the health of all Canadians due to their lack of representation and inclusivity from inception to execution This accessible and thought provoking volume is essential for upper year undergraduate and graduate students across all areas in public health and gender and health studies It provides analytical theoretical and methodological tools to inform work in public health services policies and programming through a PHF lens **On Asian Streets and Public Space** Hee Limin, Low Boon Liang, Heng Chye Kiang, 2010-01-01 The rapid urbanization of the Asian continent and transformation of its cityscapes have incited many professionals and scholars to pay urgent attention to the study of Asian streets and public spaces in the hope of recording them learning from their complex nature and even applying distilled principles in new environments before they disappear under the assault of rapid urban transformation This volume presents articles focusing on four prevalent themes namely transformation and modernity the culture of streets experiencing the street and finally design and quality of streets However these themes inevitably overlap pointing out again the complexity of what we call the street and the necessity for interdisciplinary research Finally adding Asian to street opens up the discussion about spaces in the Asian city and even concepts of Asian-ness if indeed such a concept can be defined Believing in the importance of understanding Asian streets and streets in general for future design and planning of our cities this collection of essays encourages greater interest in this subject and therefore more interdisciplinary research Accordingly this book should interest not only urban planners architects and other design and building professionals but also environmentalists sociologists anthropologists geographers

and historians as well as the general public      **Street-Level Public Servants** Sara R. Roman Urban Street Networks Alan Kaiser, 2011-04-26 The streets of Roman cities have received surprisingly little attention until recently Traditionally the main interest archaeologists and classicists had in streets was in tracing the origins and development of the orthogonal layout used in Roman colonial cities *Roman Urban Street Networks* is the first volume to sift through the ancient literature to determine how authors used the Latin vocabulary for streets and determine what that tells us about how the Romans perceived their streets Author Alan Kaiser offers a methodology for describing the role of a street within the broader urban transportation network in such a way that one can compare both individual streets and street networks from one site to another This work is more than simply an exploration of Roman urban streets however It addresses one of the central problems in current scholarship on Roman urbanism Kaiser suggests that streets provided the organizing principle for ancient Roman cities offering an exciting new way of describing and comparing Roman street networks This book will certainly lead to an expanded discussion of approaches to and understandings of Roman streetscapes and urbanism

**Early Modern Streets** Danielle van den Heuvel, 2022-12-23 For the first time Early Modern Streets unites the diverse strands of scholarship on urban streets between circa 1450 and 1800 and tackles key questions on how early modern urban society was shaped and how this changed over time Much of the lives of urban dwellers in early modern Europe were played out in city streets and squares By exploring urban spaces in relation to themes such as politics economies religion and crime this edited collection shows that streets were not only places where people came together to work shop and eat but also to fight celebrate show their devotion and express their grievances The volume brings together scholars from different backgrounds and applies new approaches and methodologies to the historical study of urban experience In doing so Early Modern Streets provides a comprehensive overview of one of the most dynamic fields of scholarship in early modern history Accompanied by over 50 illustrations Early Modern Streets is the perfect resource for all students and scholars interested in urban life in early modern Europe

**Wiring the Streets, Surfing the Square** Timothy Jachna, 2021-03-18 This book investigates the production of public space in contemporary urban contexts as conditioned by the suffusion of urban life with digital technologies A social production of technology approach is taken to frame the digitally mediated city as a communal social and cultural project Acknowledging the multivalent and shifting nature of public space and the heterogeneity of the urban actors who form it the agency of these different actors in appropriating digital technologies takes center stage The dynamics of negotiations between regimes of control and impulses towards freedom and experimentation the entanglement of the spatial commons and the digital commons changes in the notions of what constitutes membership in a public or

counterpublic and evolving relationships between the various individuals and groups who share and constitute public space are all revealed in different actors appropriation of digital technologies in the formation of public spaces and the conducting of public life in cities The book is divided into two sections Drawing on classic and contemporary scholars on public space and on digital culture Section I explores the implications of the convergence of these bodies of knowledge and lenses of critique and examination on the present urban condition establishing a conceptual foundation upon which public space discourse is brought to bear on an interrogation of the wired or mediated city Structured by the core concepts that underlie Hannah Arendt's notion of agency in the constitution of the public sphere Section II is devoted to discussing and demonstrating through myriad concrete examples how different affordances of digital technologies are implicated in the production of public space and in the interplay between urban governance and control urban life and citizenship and urban commodification The topics in this book are of broad and current international relevance and will appeal to scholars and students in architecture urbanism design sociology and digital culture

**Public Space** Vikas Mehta, 2022-09-05 Public Space notes on why it matters what we should know and how to realize its potential journeys a vast territory and presents a panoramic view of public space an understanding from numerous disciplines under one cover in an incisive and concise manner As a dialogue between the social political and the material physical the book brings together the key ideas that encompass the social political and physical issues in the making and experience of public space The book is at the same time a primer and a progressive text It makes the case for public space digs deep into understanding what public space is followed by three sections that present the inherent paradoxes the possibilities and propositions for a more meaningful public space The book presents ideas in concise and approachable ways from established tenets to new propositions that are constructive and thought provoking with many that will challenge the reader's preconceived notions Students and scholars in the built environment disciplines and social sciences public space managers public and private sector practitioners and civic leaders but also residents who want to better understand and make an impact in their communities and cities will find Public Space to be a valuable resource

**A Critical Study Of The Problems Of Street Small Vendors In Bijapur City** Digambar. B. Kulkarni,

**The Early Public Garages of San Francisco** Mark D. Kessler, 2013-05-06 In the quarter century from San Francisco's devastating fire of 1906 to the beginning of the Great Depression as automobiles exploded in popularity new buildings had to be conceived and constructed to provide parking space and repair facilities This book studies a number of the resulting public garages that featured facade designs based on historical architectural styles Considering the garages function the facades exhibit a surprising grace and nobility Through an analysis complemented by photographs including sixty by noted architectural photographer Sharon Risedorph and drawings the author dissects the architectural and cultural factors that lie at the heart of this unexpected merit Addressing the discrepancy between the buildings beauty and the assumption that old garages are unsightly and disposable the book examines them as cultural artifacts of the dawn of the

Motor Age The garage is presented as a new form of transportation depot employing architectural symbolism to celebrate the ascendancy of the automobile over the train Today the surviving buildings are vulnerable to real estate development in part because their quality is misunderstood The book a fresh perspective on the value of older utilitarian buildings concludes with a call to preserve these structures and adapt them to compatible new uses The Archaeology of Etruscan Society Vedia Izzet,2007-12-13 The late sixth century was a period of considerable change in Etruria this change is traditionally seen as the adoption of superior models from Greece In a re alignment of agency this book examines a wide range of Etruscan material culture mirrors tombs sanctuaries houses and cities in order to demonstrate the importance of local concerns in the formation of Etruscan material culture Drawing on theoretical developments the book emphasises the deliberate nature of the smallest of changes in material culture form and develops the concept of surface as a unifying key to understanding the changes in the ways Etruscans represented themselves in life and death This concept allows a uniquely holistic approach to the archaeology of Etruscan society and has the potential for other archaeological investigations The book will interest all scholars and students of classical archaeology *Routledge Handbook of Urban Public Space* Karen A. Franck,Te-Sheng Huang,2023-03-20 Is it truly the end of public space This handbook presents evidence that the answer is no In cities in different parts of the world people still use public space to pursue activities of their choice The book is divided into seven sections The first section presents three emerging types of public space Each of the subsequent five sections focuses on a type of activity recreation commerce protest living and celebration These sections are international in scope presenting cases of activities in Brazil China Colombia DR Congo Egypt Finland Germany Libya Taiwan Turkey and the U S The closing section composed of three chapters presents research methods for studying public space Graduate students faculty members and researchers in social science architecture landscape architecture geography and urban design will find the book useful for understanding studying and designing urban public space
