Duncan, 2015-01-13 First published in 1999 Worlds Apart examined the nature of poverty through the stories of real people in three remote rural areas of the United States New England Appalachia and the Mississippi Delta In this new edition Duncan returns to her original research interviewing some of the same people as well as some new key informants Duncan provides powerful new insights into the dynamics of poverty politics and community change Duncan through in depth investigation and interviews concludes that only a strong civic culture a sense

among citizens of community and the need to serve that community can truly address poverty Moving and troubling Duncan has created a remarkable study of the persistent patterns of poverty and power Kirkus Reviews The descriptions of rural poverty in *Worlds Apart* are interesting and read almost like a novel Choice *Civil War Chicago* Theodore J. Karamanski,Eileen M. McMahon,2014-07-01 The American Civil War was a crucial event in the development of Chicago as the metropolis of the heartland Not only did Chicagoans play an important role in the politics of the conflict encouraging emancipation and promoting a hard war policy against Southern civilians but they supported the troops materially through production of military supplies and foodstuffs as well as morally and spiritually through patriotic publications and songs The Civil War transformed Chicago from a mere commercial center to an industrial power as well as the nation s railroad hub and busiest port The war also divided Chicago however between Lincoln supporters and Copperheads whites and blacks workers and owners natives and newcomers The city played a key role in elevating Abraham Lincoln to the Republican presidential nomination in 1860 yet only four years later a Chicago politician s influence was key in declaring the war a failure and promoting a platform of peace with the Confederacy Using seldom seen or newly uncovered sources this book tells the story of the Civil War through the eyes of those who lived that history Photographs throughout the book effectively convey the geography of events in this pivotal period of Chicago s history and the editors have provided a useful driving guide to Civil War sites in and around the city **Statistics, History, and Resources** New South Wales,1893 **Bibliographic Guide to Maps and Atlases** ,2003 *New England* Tom Brosnahan,Kim Grant,Stephen Jermanok,1999 extensive coverage of forests parks and college towns handy highlights of each state with sample itineraries hundreds of places to stay including Martha s Vineyard and Nantucket tips on where to find the best clam chowder and seafood delicacies details on whale watching skiing hiking and sailing in depth information on colonial history **Everyone a Sheriff** Martin Alan Greenberg,2021-10-19 In *Everyone a Sheriff* the word sheriff serves as a metaphor for programs involving citizens in social control initiatives Partnership between community members and their local police force is at the heart of any effective strategy aimed at reducing urban crime and insecurity Ordinary community residents represent a vast untapped resource in the fight against crime disorder and fear The real story of citizens long association with the policing function is revealed The book highlights include an in depth examination of volunteerism primarily at the law enforcement level the importance of preparing youth and minorities for careers in policing and homeland security the need for transitioning police and citizen volunteers from serving not only as peacekeepers but becoming peacemakers a realistic view of various pitfalls when regular and volunteer police are thrust into patterns of co existence when fighting crime out on the street or seeking solutions to crime numerous examples of current police sponsored citizen academies police cadet and junior deputy programs histories of the invention of police and citizen supported neighborhood crime watch programs The only way to successfully cross the divide between the police and public is to give meaning to the phrase the police are the people and the people are the police

Diaspora Poetics and Homing in South Asian Women's Writing Shilpa Daithota Bhat, 2018-03-14 This anthology of essays deliberates chiefly on the notion of locating home through the lens of the mythical idea of *Trishanku* implying in between space and homing in diaspora women's narratives associated with the South Asian region The idea of in between space has been used differently in various cultures but gesture prominently on the connotation of hanging between worlds Historically imperialism and the indentured grimit system triggered dispersal of labourers to the various colonies of the British Of course this was not the only cause of international migratory processes The partition of India and Pakistan led to large scale migration There was Punjabi migration to Canada Several Indians particularly the Gujaratis travelled to Africa for business reasons South Indians travelled to the Gulf for employment There were migrations to East Asian countries under the *kangani* system Again these were not the only reasons The process of demographic movement from South Asia has been complex due to innumerable push pull factors The subsequent generations of migrants included the twice thrice and likewise displaced members of the diaspora Racial denigration and Orientalist perceptions plagued their lives They belonged to various ethnicities and races inhabited marginalized spaces and strived to acculturate in the host society Complete cultural assimilation was not possible creating layered and hyphenated identities These intricate social processes resulted in amalgamation and cross pollination of cultures inter racial relationships and hybridization in all terrains of culture language music fashion cuisine and so on

Situated in this matrix was the notion of Home a special personal space which an individual could feel as belonging to very strongly Nostalgia loss of home culture shock and interracial encounters problematized this discernment of belongingness and home These multifarious themes have been captured by women writers from the South Asian region and this book looks at the various aspects related to negotiating home in their narratives
