Strengthening Cooperation In The 21st Ce:

China and Indian Ocean: Strategic Interests in the 21st Century Khin Ma Ma Myo, 2011-02-06 In the Post Cold War Era the balance of redistribution of power has more shifted to Asia China s rise in world affairs is More one of the main principal trends that define the new global order and China s increasing diplomatic economic and military strength has compelled countries to rethink existing security strategies As Chinese strategic interests lie in the Indian Ocean the Indian Ocean and the states on its littoral are of growing strategic importance

The Case for U.S. Nuclear Weapons in the 21st Century

Brad Roberts, 2023-05-25 An excellent contribution to the debate on the future role of nuclear weapons and nuclear deterrence in American foreign policy Contemporary Security Policy This book is a counter to the conventional wisdom that the United States can and should do more to reduce both the role of nuclear weapons in its security strategies and the number of weapons in its arsenal The case against nuclear weapons has been made on many grounds including historical political and moral But Brad Roberts argues it has not so far been informed by the experience of the United States since the Cold War in trying to adapt deterrence to a changed world and to create the conditions that would allow further significant changes to U S nuclear policy and posture Drawing on the author s experience in the making and implementation of U S policy in the Obama administration this book examines that real world experience and finds important lessons for the disarmament enterprise Central conclusions of the work are that other nuclear armed states are not prepared to join the United States in making reductions and that unilateral steps by the United States to disarm further would be harmful to its interests and those of its allies The book ultimately argues in favor of patience and persistence in the implementation of a balanced approach to nuclear strategy that encompasses political efforts to reduce nuclear dangers along with military efforts to deter them Well researched and carefully argued Foreign Affairs

India's Role in the Indian Ocean Region in the 21st Century

Tomasz Łukaszuk, 2025-07-25 The book explores India s role as a normative power with solid credentials based on a long history of thalassic experience of states of South India It examines how India has been interpreting international law and rules for the exploitation of living and non living resources in her way The book presents an analysis of India s activities in four key areas of maritime governance and a description of its roles in the Indian Ocean Region It highlights India as a maritime security and sustainable maritime development model alternative to the Chinese The volume also showcases a holistic interdisciplinary picture of India s maritime policy and thoroughly explains its historical and semiotic background Further it discusses India s endeavours as a new version of the ASEAN cooperation model combined with the US hub and spoke system adapted to new time and place conditions Researchers interested in India the Indian Ocean and maritime affairs in general would find the book informative and systematising knowledge about maritime governance in the Indian Ocean Region The book will be useful to students researchers and teachers from the departments of international relations political science economics public policy and administration and defence studies It will especially be a

useful read for diplomats policy analysts think tank members and those interested in international law of the sea and maritime research centres It also offers practical insights for those interested in Indian foreign policy the Indian Ocean Region and maritime governance in general and scholars researching the role of states in international relations the instruments of foreign policies of emerging powers in the Global South and the maritime strategies of developing countries

China's Aid, Trade and Investment to Africa Wang Xinying, 2022-09-30 Adopting perspectives from development economics and international relations this book researches the ongoing cooperation between China and African countries and the interactive system of China s aid trade and investment to and with Africa In reviewing the history and development of China Africa relations from the founding of the People s Republic to the new century this book analyses the achievements opportunities and challenges of the bilateral relationship and reflects on the public private partnership model in the context of international development assistance Coupled with experiences from the United States Japan and the EU in the field of foreign aid trade and investment as well as case studies from China the core chapters delve into China Africa cooperation in terms of aid trade and investment and proposes to build an interactive and coordinated mechanism of China s aid trade and investment in Africa The author argues that China Africa cooperation goes beyond reciprocal benefits offering a possible model for South South Cooperation and a potential model for balanced and sustainable development within the world economy This book will appeal to researchers students and policy makers interested in Chinese politics and foreign policy African politics international relations international diplomacy and the world economy

Indonesia's Foreign Policy and Grand Strategy in the 21st Century Vibhanshu Shekhar, 2018-03-14 This book examines the changes in Indonesian foreign policy during the 21st century as it seeks to position itself as a great power in the Indo Pacific region The rise of 21st century Indonesia is becoming a permanent fixture in both the domestic and global discourses Though there has been an increasing level of discussion on Indonesia s emerging power status there has been little discussion on how the

country is debating and signalling its new found status This book combines the insights of both neo classical realism and social identity theory to discuss a reset in an emerging Indonesia s foreign policy during the 21st century while emphasizing domestic drivers and constraints of its international behaviour There are three key organizing components of the book emerging power status signalling and the Indo Pacific region The Indo Pacific region constitutes a spatial framing of the book the emerging power provides an analytical category to explain Indonesia s changing international status and status signalling explains multiple facets of international behaviour through which the country is projecting its new status Though leaders are adding different styles and characteristics to the rising Indonesia narrative there are a few unmistakable overarching trends that highlight an increasing correlation between the country s rising power and growing ambition in international behaviour This book is built around four key signalling strategies of Indonesia as an emerging power expanded regional canvas power projection leadership projection and quest for great power parity They represent Indonesia s growing desire for a status consistent behaviour its response to the prevailing strategic uncertainty in the Indo Pacific region and its attempt to advance its strategic interests This book will be of much interest to students of South East Asian politics strategic studies international diplomacy security studies and IR in general

China's Energy Security in the Twenty-First Century Kaho Yu, 2023-03-13 Kaho Yu s China s Energy Security in the Twenty First Century The Role of Global Governance and Climate Change explores the evolution of China s energy security from its bilateral going out strategy to its more multilateral Belt and Road Initiative By analysing the topic from a multidisciplinary perspective this book examines China s evolving role in global energy governance through four empirical case studies China s energy cooperation with Russia and Central Asia Africa the European Union and the Asia Infrastructure Investment Bank Kaho Yu has written a splendid overview of China s efforts to engage in bilateral cooperation to ensure greater energy cooperation between countries in central Asia Africa and Europe and improve global supply chains This book could not come at a more opportune moment as the world seems to be undecided on the efficacy of cooperative multilateralism to enhance climate and energy goals Henry Lee Director of the Environment and Natural Resources Program Belfer Center for Science and International Affairs Harvard Kennedy School Despite profound changes in technology and the economy since the Industrial Revolution energy remains central to both economic prosperity and international security Economic development is plain energy intensive The world s largest richest country is still developing The planet is embroiled in geopolitical rivalry The geographical distribution of critical minerals is skewed All these mean energy security will be a profoundly important challenge in the century ahead Yu s book provides exactly the substantive thoughtful research that we will need to begin to unpack these issues Danny Quah Li Ka Shing Professor in Economics Lee Kuan Yew School of Public Policy National University of Singapore [Disease Eradication in the 21st Century](#) Stephen L.
