Material Discourses of Health and Illness Lucy Yardley, 2013-01-11 Material Discourses of Health and Illness applies discursive approaches to the field of health psychology in stark contrast to the bio medical model of health and illness The discursive approach uses the person s experience and feelings as the central focus of interest whereas the more traditional models regarded these as coincidental and relatively unimportant The book provides an accessible and compelling introduction to social constructionist and discursive approaches to those with limited previous knowledge of socio linguistic theory and research It provides practical examples of how these approaches can be applied to the field of health psychology with a

collection of sophisticated discursive analyses which demonstrate the distinctive contribution that can be made by psychologists to a field that has been largely dominated by sociologists and anthropologists When Firms Change Direction Anne Sigismund Huff,James Oran Huff,with Pamela Barr,2001-01-11 Firms within the same competitive environment industry respond in different ways to changing environmental competitive conditions The authors of this book argue that the strategy field has not found answers to the questions that flow from this observation They answer these questions by using what they call a cognitively anchored theory of strategic change Adult Psychopathology, Second Edition Francis J. Turner,1999-09-02 The most comprehensive textbook for students in advanced social work and mental health courses is now completely revised and updated for a new generation When Adult Psychopathology A Social Work Perspective was first published in 1984 this pioneering text was the first to conceptualize and organize theory and practice about the treatment of the mentally ill within their families and communities from a social work perspective Now in response to new developments in theory and research as well as changes in service delivery within the field the second edition contains updated and accessible information on how mental illnesses develop and how they can be treated within a social work framework that recognizes the importance of family economics and culture as well as biochemical and psychodynamic factors Each chapter is written by the leading social work authority on that subject and includes practical in depth discussion of state of the art technologies treatments and research The book encompasses the broad spectrum of topics that social workers need to understand including personality adjustment schizophrenia suicide anxiety states phobias neurological disorders psychosexual disorders drug and alcohol addiction eating disorders and others Adult Psychopathology Second Edition is essential for both M S W and Ph D social work students and as the authoritative unequaled reference book will aid clinicians in making more precise diagnoses in their daily work Health Psychology Edward P. Sarafino,Timothy W. Smith,David B. King,Anita De Longis,2020-07-27 The second Canadian edition of Health Psychology Biopsychosocial Interactions integrates multidisciplinary research and theory to help students understand the complex connections between psychology and health This comprehensive yet accessible textbook covers the biopsychosocial factors that impact human health and wellness placing particular emphasis on the distinctive characteristics of the Canadian health care system the issues and challenges unique to Canadian culture and the most recent Canadian research in the field of health psychology Clear student friendly chapters examine topics such as coping with stress and illness lifestyles for enhancing health and preventing illness managing pain and discomfort getting medical treatment and living with chronic illness This fully revised second edition features the latest available data and research from across Canada and around the world New and expanded chapters explore psychosocial factors in aging and dying legalized marijuana use in Canada the link between inflammation and depression Canadian psychosocial models of pain recent Medical Assistance in Dying MAiD legislation weight control eating disorders and exercise and much more Throughout the text updated illustrative examples cross cultural references
