Youngs, 2011-03-30 GIVE YOUR CHILDREN BACK THEIR CHILDHOOD We like to think of childhood as a carefree

relaxed time of life but the truth is children today experience more stress than ever before parents fast paced lifestyles the frequent breakup of families urban crime schools in turmoil and a host of other problems However according to Bettie B Youngs Ph D Ed D one of America s most admired experts on child psychology children by mastering skills of coping and self awareness can actually draw vitality from stress and channel it to promote health fitness and self esteem Stress and Your Child helps parents understand the pressures that their children face and explores the essential ways to reduce manage and prevent stress from birth to age twenty Dr Youngs leads parents through each stage of their child s emotional and social development and teaches them How to recognize the physical and emotional signs of stress in children How to understand school related stress including social pressures personal safety and test taking How parental stress affects children and what parents can do to alleviate t How teaching kids self esteem and emotional honesty can help them cope wth stress How diet physical activity and realistic schedules can help to minimize stress in children Stress and Your Child is an invaluable parenting guide No family can afford to be without it

**A Guide for Teacher's Stress Reduction** Vern S. Millican,1995

From the abstract Public school teachers work in a high stress environment which contributes to many stress related problems Distressed teachers tend to miss more school burnout faster and retire earlier Distressed teachers who hang on to their jobs tend to be less effective educators and really aren t a very positive influence on children They make a band name for teachers in public schools Those burned out teachers who hang on and continue to work day after day are risking major health problems There is pervasive evidence that supports the notion that public school teachers should be well versed in the subject of stress management Teachers should be required to take a course or in service training regarding stress and stress management This workbook will help teachers to learn about stress and its harmful effects It will help them to identify their stress and stressors and it will provide a step by step process which will help them to manage their stress Teachers who go through this workbook and do the work will better understand their relationship with stress and have a better change of surviving the syndrome associated with burnout
