Terror In Australia

John E. Owens, Riccardo Pelizzo

Terror In Australia:

Australia's 'war on terror' Discourse Kathleen Gleeson, 2016-04-08 Too often existing literature has conflated the discourses that enabled the War on Terror ignoring the contextual specificities of the states that make up the Coalition of the Willing Australia's war on terror Discourse fills this gap by providing a full and sustained critical analysis of Australian foreign policy discourse along with the theoretical synthesis for a specific model of critical discourse analysis of the subject The language of then Prime Minister Howard is the primary focus of the book but attention is also paid to the language of key ministers political opponents and other prominent actors The voices of those who challenged the dominant discourse are also considered to shed light on the ways in which discourses can be destabilised Kathleen Gleeson shows how Howard successfully invoked narratives of identity and sovereignty that resonated with his audience and promoted his reworked narrative of Australia whilst facing dissent from many actors who voiced their opposition most successfully when they capitalised on inconsistencies within the discourse

Inside Australia's Anti-Terrorism Laws and Trials Andrew Lynch, Nicola McGarrity, George Williams, 2015-03-01 Over ten years after Australia's first national laws were enacted to combat the threat of terrorism yet more anti terrorism laws were passed in the Australian Parliament in late 2014 The first laws were often introduced in great haste and were stunning in scope and number The latest laws are similarly extensive and controversial Yet again powers and sanctions once thought to lie outside the rules of a liberal democracy except during wartime have become part of Australian law Timely piercing and in regard to the first set of laws written with the benefit of hindsight this book asks whether Australia really needed to enact anti terrorism laws in the first place let alone add to them Do the new laws pose increased threats to freedom of speech and freedom of the press Have these laws been effective in protecting the community or do they represent a long term threat to the health of Australian democracy Which laws have proved their worth and which have not And what has been the impact of the laws in Australia's anti terrorism trials and on the Muslim community Most tellingly the book asks whether seeing these anti terror laws as normal is a danger in itself

Traces of Terror Victoria Sentas, 2014 *The Politics of Human Rights in Australia* Louise Chappell, John Chesterman, Lisa Hill, 2009-05-28 Australia has traditionally lacked a strong rights culture While fairness and equality have been proudly exalted as trademarks of the national mindset the authors of *The Politics of Human Rights in Australia* argue that these same characteristics may equate to a form of cultural complacency The book offers the first comprehensive account of Australia's protection of human rights from a political science perspective Addressing the key debates surrounding human rights in Australia the authors ask Why are voting rights so critical in the Australian context Should Australia adopt a bill of rights in an age of terror What are Australia's responsibilities to global and regional refugee crises How can reconciliation between indigenous and non indigenous Australians be facilitated Written by three respected academics at the forefront of their fields *The Politics of Human Rights in Australia* offers clarity and insight into the complex

issues surrounding the human rights debate in Australia *The 9/11 Effect* Kent Roach,2011-08-15 This book critically and comparatively examines the responses of the United Nations and a range of countries to the terror attacks on September 11 2001 It assesses the convergence between the responses of Western democracies including the United States the United Kingdom Australia and Canada with countries with more experience with terrorism including Egypt Syria Israel Singapore and Indonesia A number of common themes the use of criminal law and immigration law the regulation of speech associated with terrorism the review of the state s whole of government counter terrorism activities and the development of national security policies are discussed The book provides a critical take on how the United Nations promoted terrorism financing laws and listing processes and the regulation of speech associated with terrorism but failed to agree on a definition of terrorism or the importance of respecting human rights while combating terrorism **APAIS 1991: Australian public**

affairs information service , Global Counter-Terrorist Financing and Soft Law Doron Goldbarsht,2020-05-29 This highly topical book is an original contribution to the current literature on counter terrorist financing compliance and soft law Specifically the book focuses on Financial Action Task Force recommendations and counter terrorism financing legislation

The Financial War on Terrorism Nicholas Ryder,2015-06-05 On September 11 2001 19 terrorists committed the largest and deadliest terrorist attack in the United States of America The response from the inter national community and in particular the US was swift President George Bush declared what has commonly been referred to as either the War on Terror or the Global War on Terror on September 20 2001 Four days later he instigated the Financial War on Terrorism This book defines and identifies the so called Financial War on Terrorism It provides a critical review of the impact of counter terrorist financing strategies enacted by both individual jurisdictions and international organisations Taking a comparative approach the book highlights the levels of compliance in each selected jurisdiction and organisation with the requirements of the Financial War on Terrorism The book analyses measures introduced by the United Nations including the UN sanctions against terrorists and the operation of its anti terrorist sanctions committees and the Recommendations of the Financial Action Task Force It also reviews the counter terrorist financing measures of the European Union and the Council of Europe paying particular attention to the Framework Decisions on Combating Terrorism the Council Common Positions on Combating Terrorism and the EU Anti Terrorism Sanctions Regime The book goes on to review the measures put in place in the US following September 11 2001 Offering a much needed legal analysis of the measures enacted under the Financial War on Terrorism this book is a valuable resource for those researching in law terrorism studies criminal justice and finance

Counter Terrorism and Social Cohesion Alperhan Babacan,Hussein Tahiri,2011-08-08 This book critically examines Australia s counter terrorism measures by looking at the country s legislative framework within the context of an international law framework and norms relating to human rights It discusses the Australian governments justifications for the war on terrorism and sociological theories relating to risk society as a way to explain Australia s counter terrorism

policies and the impact of the war on terror on social cohesion in Australia It looks at the adverse impacts of the war on terror on Muslims in Australia and their sense of belonging in a multicultural society and analyses these developments from a sociological perspective The book also explores the recent shift in the Australian governments approach to countering terrorism a shift from a coercive approach to tackling terrorism to a community engagement approach focused on building relationships and trust with Australia s diverse communities particularly the Muslim community "The War on Terror" and the Growth of Executive Power?" John E. Owens, Riccardo Pelizzo, 2010-06-21 This book examines whether the strong

emphasis now placed on terrorism and the global war on terror in national politics has led to significant accretions of executive power at the expense of the legislature and features case studies on Australia Indonesia Israel Italy Russia and the UK **Comparative Counter-Terrorism Law** Kent Roach, 2015-07-23 Terrorism law is as international as it is regionally distinct and as difficult to define as it is essential to address Given recent pressures to harmonize terrorism laws from international organizations like the United Nations Security Council the Financial Action Task Force and the Council of Europe this book presents readers with an up to date assessment of terrorism law across the globe Covering twenty two jurisdictions across six continents the common framework used for each chapter facilitates national comparisons of a range of laws including relevant criminal administrative financial secrecy and military laws Recognizing that similar laws may yield different outcomes when transplanted into new contexts priority of place is given to examples of real world application Including a thematic introduction and conclusion this book will help to establish comparative counter terrorism law as an emerging discipline crossing the boundaries of domestic and international law **Australia as an Asia-Pacific Regional**

Power Brendan Taylor, 2008-03-25 This book considers the changing nature of Australia s identity and role in the Asia Pacific and the forces behind these developments with particular attention towards security alignments and alliance relationships

Australia as US Client State E. Paul, 2014-08-19 This book explores Australia s role as a US client state and the subsequent consequences for Australian democracy Examining whether neoliberal and neoconservative interests have hijacked democracy in Australia Paul questions whether further de democratisation will advance US economic and military interests **Japan, Australia and Asia-Pacific Security** Brad Williams, Andrew Newman, 2006-09-27 The threats to

security in Southeast Asia have been serious and constant since the end of the Second World War This book provides an absorbing account of the evolution of Australia Japan defence contacts from the early post war period to the present

Routledge Handbook of Democracy and Security Leonard Weinberg, Elizabeth Francis, Eliot Assoudeh, 2020-12-22 This handbook explores how democracies around the world seek to balance democratic values with the requirement to protect their citizens from the threat of politically motivated violence Over the past few decades the majority of the world s democracies have had to confront serious security threats and in many instances these challenges have not come from rival states but from violent groups This volume offers readers an overview of how some democracies have responded to such

threats It examines the extent to which authorities have felt compelled to modify laws to evade what would ordinarily be regarded as protected rights such as personal privacy freedom of movement and freedom of speech Grounded in historical analysis each of the sections addresses past and emerging security threats legal and legislative responses to them successful and unsuccessful efforts to reconcile democracy and security and a range of theoretical questions The case studies provided vary in terms of the durability of their democratic systems level of economic development and the severity of the threats with which they have been confronted The volume is divided into three thematic parts Strong democracies United States Great Britain France Germany Italy Spain Australia New Zealand and Israel Challenged democracies India South Africa Brazil Argentina and Romania Fragile democracies the Philippines and Nigeria This book will be of much interest to students of democracy security studies political philosophy Asian politics Middle Eastern politics African politics West European politics and IR in general

Terrorism Documents of International and Local Control ,2008-07-29 Volume 91 addresses the currently controversial topic of federal government intelligence gathering that the U S conducts as part of its war on terror Since Congressional hearings on this topic are normally closed to the public many researchers possess only a limited knowledge of U S intelligence laws and practices Professor Doug Lovelace here uses his own military expertise to provide researchers with commentary and documents that clarify the present state of U S intelligence law Publisher s website

Human Rights in the Prevention and Punishment of Terrorism Alex Conte,2010-07-03 The objective of this work is to provide an analysis of the legislative approaches to counter terrorism and human rights in Australia Canada New Zealand and the United Kingdom The text is aimed at lawyers and practitioners within and outside common law nations Although the text analyses the subject within the four jurisdictions named many parts of the book will be of interest and relevance to those from outside those jurisdictions Considerable weight is placed on international obligations and directions with a unique and hopefully useful feature of the text being the inclusion and consideration of a handbook written by me on human rights compliance when countering terrorism set out in Appendix 4 and considered in Chap 13 A significant part of the research undertaken for this work was as a result of my being awarded the International Research Fellowship Te Karahihi Rangahau a Taiao an annual fellowship generously funded by the New Zealand Law Foundation The New Zealand Law Foundation is an independent trust and registered charitable entity under the Charities Act 2005 NZ This project would not have been possible without the Law Foundation s award which allowed me to undertake research and associated work over reasonably lengthy periods of time in Australia Canada Israel England Austria Switzerland and Finland It is not just the geographical location of this work that was made possible however

UN Antiterrorism Strategy, Resolutions and Programs

Handbook Volume 1 Strategic Information and Materials IBP USA, Mediatized Terrorism Saira Ali,2022-10-21 This book offers an East West comparative analysis of mediatized terrorism This is the first country specific analysis of the mediatization of terrorism with Pakistan and Australia representing the two worlds respectively Caught up in the 9 11 effect

Australia is known for its anti terror hyper legislation despite the implausible nature of the threat In contrast Pakistan is plagued by terrorism yet the military establishment favours a duplicitous policy of fighting militant groups selectively To understand how the two diverse cultural sites with their very different experiences of terrorism make sense of this unpredictable threat the book uses Beck s World Risk Society theory as a conceptual framework to examine the production and construction of news narratives around the risk of terrorism in both countries through textual analysis of local news stories and in depth interviews with Australian and Pakistani journalists Narratives about global terrorism are mostly Western with fear of its impact on Western democracy and civilisation This book aims to fill the gap and present a nuanced understanding of global terrorism by examining the characteristics of the phenomenon in a Western as well as an Eastern location and the ways in which the risk of terrorism is being played out in the two worlds This book will be of much interest to students of critical terrorism studies media studies Asia Pacific politics and International Relations Responding to Terrorism Robert Imre,T. Brian Mooney,2016-04-08 Terrorism and political violence as a field is growing and expanding This volume provides a cross disciplinary analysis political philosophical and legal in a single text and will appeal to readers interested in studying this phenomenon from all perspectives The volume covers the full spectrum of issues including torture terrorism causes and cures legal issues globalization and counter terrorism The authors bring their individual specialities to the fore in a concise and easy to follow format Comprehensive and well informed Responding to Terrorism will appeal to a variety of disciplines including sociology politics security studies philosophy international law and religious studies The originality of the volume makes it a valuable addition to any college or university library and classroom

Decoding **Terror In Australia**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Terror In Australia**," a mesmerizing literary creation penned with a celebrated wordsmith, readers attempt an enlightening odyssey, unraveling the intricate significance of language and its enduring impact on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
