*Terrorism and the Politics of Response* Angharad Closs Stephens, Nick Vaughan-Williams, 2008-09-30 This interdisciplinary edited volume critically examines the dynamics of the War on Terror focusing on the theme of the politics of response The book explores both how

responses to terrorism by politicians authorities and the media legitimise particular forms of sovereign politics and how terrorism can be understood as a response to global inequalities colonial and imperial legacies and the dominant idioms of modern politics The investigation is made against the backdrop of the 7 July 2005 bombings in London and their aftermath which have gone largely unexamined in the academic literature to date The case offers a provocative site for analysing the diverse logics implicated in the broader context of the War on Terror for examining how terrorist events are framed and how such framings serve to legitimise particular policies and political practices *Islam and Sectarian Violence in Pakistan* Eamon Murphy, 2018-10-23 This book analyses the growth of sectarian based terrorist violence in Pakistan one of the Muslim majority states most affected by sectarian violence ever since it was established in 1947 Sectarian violence among Muslims has emerged as a major global security problem in recent years The author argues that the upsurge in sectarian violence in Pakistan particularly since the late 1970s has had less to do with theological differences between the various sects of Islam but is a consequence of the specific political social economic demographic and cultural changes that have taken place in Pakistan since it was established as an independent state A major theme of the book is the increasing violence extent and expressions of sectarian conflict which have emerged as new forms of sectarian terrorism The volume provides an in depth empirical case study which addresses some major theoretical questions raised by Critical Terrorism Studies researchers in respect of the links between religion and sectarian terrorism in Pakistan and more widely This book will be of much interest to students of critical terrorism studies Asian politics and history religious studies and International Relations in general

**The Oxford Handbook of Transnational Feminist Movements** Rawwida Baksh-Soodeen, Wendy Harcourt, 2015 The Oxford Handbook of Transnational Feminist Movements explores the historical political economic and social contexts in which transnational feminist movements have emerged and spread and the contributions they have made to global knowledge power and social change over the past half century The publication of the handbook in 2015 marks the fortieth anniversary of the United Nations International Women s Year the thirtieth anniversary of the Third World Conference on Women held in Nairobi the twentieth anniversary of the Beijing Declaration and Platform for Action and the fifteenth anniversaries of the Millennium Development Goals and of UN Security Council Resolution 1325 on women peace and security The editors and contributors critically interrogate transnational feminist movements from a broad spectrum of locations in the global South and North feminist organizations and networks at all levels local national regional global and glocal wider civil society organizations and networks governmental and multilateral agencies and academic and research institutions among others The handbook reflects candidly on what we have learned about transnational feminist movements What are the different spaces from which transnational feminisms have operated and in what ways How have they contributed to our understanding of the myriad formal and informal ways in which gendered power relations define and inform everyday life To what extent have they destabilized or transformed the global hegemonic systems that constitute

patriarchy From a position of fifty years of knowledge production activism working with institutions and critical reflection the handbook recognizes that transnational feminist movements form a key epistemic community that can inspire and provide leadership in shaping political spaces and institutions at all levels and transforming international political economy development and peace processes The handbook is organized into ten sections each beginning with an introduction by the editors The sections explore the main themes that have emerged from transnational feminist movements knowledge theory and praxis organizing for change body politics health and well being human rights and human security economic and social justice citizenship and statebuilding militarism and religious fundamentalisms peace movements UNSCR 1325 and postconflict rebuilding feminist political ecology and digital age transformations and future trajectories *Crab Monsters, Teenage Cavemen, and Candy Stripe Nurses* Chris Nashawaty, 2016-12-16 Delightful an engrossing oral history As an enthusiastic ode to colorful seat of your pants filmmaking this one s hard to beat Booklist starred review Fantastic a treasure Stephen King *Crab Monsters Teenage Cavemen and Candy Stripe Nurses* is an outrageously rollicking account of the life and career of Roger Corman one of the most prolific and successful independent producers directors and writers of all time and self proclaimed king of the B movie As told by Corman himself and graduates of The Corman Film School including Peter Bogdanovich James Cameron Francis Ford Coppola Robert De Niro and Martin Scorsese this comprehensive oral history takes readers behind the scenes of more than six decades of American cinema as now legendary directors and actors candidly unspool recollections of working with Corman continually one upping one another with tales of the years before their big breaks *Crab Monsters* is supplemented with dozens of full color reproductions of classic Corman movie posters behind the scenes photographs and ephemera many taken from Corman s personal archive and critical essays on Corman s most daring films including *The Intruder Little Shop of Horrors* and *The Big Doll House* that make the case for Corman as an artist like no other This new coffee table book brimming with outrageous stills from many of Corman s hundreds of films looks at the wild career of the starmaker who was largely responsible for so much of the Hollywood we know today New York Post Vividly illustrated People It includes in depth aesthetic appreciations of ten of Corman s movies which taken together make a compelling case for Corman as an artist Hollywood com Outrageously entertaining Parade Endlessly fascinating PopMatters [Biopolitics of Security](#) Michael Dillon, 2015-02-11 Taking its inspiration from Michel Foucault this volume of essays integrates the analysis of security into the study of modern political and cultural theory Explaining how both politics and security are differently problematised by changing accounts of time the work shows how during the course of the 17th century the problematisation of government and rule became newly enframed by a novel account of time and human finitude which it calls factual finitude The correlate of factual finitude is the infinite and the book explains how the problematisation of politics and security became that of securing the infinite government of finite things It then explains how concrete political form was given to factual finitude by a combination of geopolitics and biopolitics Modern sovereignty required the services

of biopolitics from the very beginning The essays explain how these politics of security arose at the same time changed together and have remained closely allied ever since In particular the book explains how biopolitics of security changed in response to the molecularisation and digitalisation of Life and demonstrates how this has given rise to the dangers and contradictions of 21st century security politics This book will be of much interest to students of political and cultural theory critical security studies and International Relations

### **Displacing Female Bodies on the Eighteenth-Century Stage**

John Robbins, 2024-02-08 Displacing Female Bodies on the Eighteenth Century Stage is driven by a central question why were women playwrights in the Romantic period obsessed with silencing their female characters pushing them off the stage and announcing the removal of their own texts to the closet These playwrights were some of the most well known and commercially successful writers of their era but were paradoxically also among its most marginalized figures they were mocked by largely conservative audiences suffered intense criticism for placing their works on display before the public eye and frequently found their plays rejected by theater managers in favor of works by established male playwrights This book argues that these writers did not simply craft plays that would please the crowd but that they deftly incorporated the suppressions and subjugations to which they were subject into their works It demonstrates that within their plays gaps in discourse and representation contain a productive capacity denoting spaces of imaginative potential or drawing into focus the conditions by which such silencing and erasure takes place and argues that the long standing critical misapprehension of these works stems from precisely these strategies of resistance which of necessity took non traditional forms and thus have not been readily recognizable to audiences then or now
