**Edited and with an introduction by Martha Crenshaw**

Essays by Irving Louis Horowitz, Yehezkel Dror, Conor Cruise  
O'Brien, Paul Wilkinson, Robert Cox, and Anthony Quainton

# Terrorism Legitimacy And Power

**Irving Louis Horowitz**

## **Terrorism Legitimacy And Power:**

**Terrorism, Legitimacy, and Power** Irving Louis Horowitz, 1986  
Horowitz, 1983 *Terrorism, Legitimacy, and Power* Martha Crenshaw, 1986 *Current Perspectives on International Terrorism* Robert O. Slater, Michael Stohl, 1988-01-01 **The Politics of Terrorism, Third Edition**, Michael Stohl, 2020-08-18 This book provides the reader with an introduction to the concept and practice of terrorism embedded within a firm understanding of politics and social structure It explores the major theories typologies strategies ideologies practices and responses to contemporary political terrorism Terrorism in Ireland (RLE: Terrorism & Insurgency) Yonah Alexander, Alan O'Day, 2015-04-17 When originally published in 1984 this book was the first detailed study of terrorism in Ireland It assesses the situation in Ireland after a decade or more of violence in the North and tests some of the assumptions about the nature of terrorism and discusses the problem in a geo political context The authors reflect a variety of disciplines and political outlooks and no single line of argument is offered They examine how the issue of terrorism has been dealt with by various governments the church the media and individuals The book reveals the complexity of the terrorist problem and dispels some of the myths that have grown up around Irish terrorism **Evidence-Based Counterterrorism Policy** Cynthia Lum, Leslie W. Kennedy, 2011-11-06 In the past eight years there has been a massive increase in government spending on counterterrorism intervention development and implementation Given this increase there are two evidence based policy questions that are important to address Is there evidence that any of these programs are effective in other words can they be shown to be linked to reducing terrorism terrorist recruiting or to improving the response and management of terrorist events Do these interventions have secondary or collateral effects that may be costly harmful illegal beneficial or otherwise As Lum and Kennedy discovered in an evaluation research on counterterrorism interventions only a minuscule number of empirical studies of terrorism exist and there is an almost complete absence of evaluation research on counter terrorism strategies This is startling given the enormous increases in the development and use of counter terrorism programs as well as spending on counter terrorism activity Even more disconcerting was the nature of the evaluations we did find some programs were shown to either have no discernible effect on terrorism or lead to increases in terrorism The emphasis of the need for empirical research in evaluating interventions and informing policy cannot be overstated and is the primary goal of Evidence Based Counterterrorism Policy **Terrorism, Legitimacy, and Power** Martha Crenshaw, Irving Louis Horowitz, 1983 *Terrorism and Counterterrorism* Brigitte L Nacos, 2015-07-22 Focusing on the phenomenon of terrorism in the post 9 11 era Terrorism and Counterterrorism investigates this form of political violence in an international and American context and in light of new and historical trends In this comprehensive and highly readable text Brigitte Nacos a renowned expert in the field clearly defines terrorism s diverse causes actors and strategies outlines anti and counter terrorist responses and highlights terrorism s relationship with the media and the public Terrorism and Counterterrorism

introduces students to the field's main debates and helps them critically assess our understanding of and our strategies for this complex and enduring issue

The Sociology of Terrorism Stephen Vertigans, 2013-03 Drawing on a number of examples including religious nationalist and racialist from territories across the world this book creates an innovative framework within which to allow a holistic account of terrorism to emerge It is the first textbook on the subject based on sociological research

Insurgency, Terrorism, and Counterterrorism in Africa Kelechi A. Kalu, George Klay Kieh Jr., 2023-02-06 Insurgency Terrorism and Counterterrorism in Africa edited by George Klay Kieh Jr and Kelechi A Kalu addresses the need for a systematic understanding and examination of insurgent movements and terrorist organizations as well as state policies that instigate intrastate conflicts in African states It examines and documents the tactics that are used by anti government forces states counterterrorism responses and the human security impacts of insecurity on citizens across various communities in Africa The contributors extensive research methods include case studies that explore activities of terrorist organizations like Al Shabaab Al Qaeda Boko Haram and the Islamic State It presents new and productive insights about counterterrorism strategies deployed by selected African states the African Union and the U S A historically rich and politically focused analysis of states as co conspirators in terrorism induced insecurity in Africa this book challenges existing literature on terrorism that largely focuses on the actions of non state entities It provides practical insights to policymakers that desire to end insecurity and promote inclusive governance in Africa

*The Oxford Handbook of Terrorism* Erica Chenoweth, Richard English, Andreas Gofas, Stathis N. Kalyvas, 2019-03-14 The Oxford Handbook of Terrorism systematically integrates the substantial body of scholarship on terrorism and counterterrorism before and after 9 11 In doing so it introduces scholars and practitioners to state of the art approaches methods and issues in studying and teaching these vital phenomena This Handbook goes further than most existing collections by giving structure and direction to the fast growing but somewhat disjointed field of terrorism studies The volume locates terrorism within the wider spectrum of political violence instead of engaging in the widespread tendency towards treating terrorism as an exceptional act Moreover the volume makes a case for studying terrorism within its socio historical context Finally the volume addresses the critique that the study of terrorism suffers from lack of theory by reviewing and extending the theoretical insights contributed by several fields including political science political economy history sociology anthropology criminology law geography and psychology In doing so the volume showcases the analytical advancements and reflects on the challenges that remain since the emergence of the field in the early 1970s

Islamist Terrorism and Democracy in the Middle East Katerina Dalacoura, 2011-04-29 What were the reasons behind the terrorist attacks of September 11th Does the cause of Islamist terrorism relate to the lack of democracy in the Middle East Through detailed research into the activities of both radical and moderate organizations across the Middle East such as the Muslim Brotherhood Hamas and Hizbullah and via interviews with key personnel Katerina Dalacoura investigates whether repression and political exclusion pushed Islamist entities to

adopt terrorist tactics She also explores whether inclusion in the political process has had the opposite effect of encouraging Islamist groups toward moderation and ideological pragmatism In a challenge to the conventional wisdom she concludes that Islamist terrorism is not a direct consequence of authoritarianism in the Middle East and that there are many key factors that generate radicalism

*Violence in Canada* Jeffrey Ross, 2017-09-29 Many people consider Canada particularly in comparison to its southern cousin as a peaceable kingdom However as the historical record demonstrates Canadians have never been a thoroughly non violent people *Violence in Canada* highlights from an interdisciplinary perspective the major areas and contexts where violence takes place Consisting of thirteen contributions the book forms an indispensable guide to the subject All of the authors are experts in their field many with international reputations and are drawn from the fields of sociology political science history and criminology The foreword by Ted Robert Gurr author of *Violence in America* is followed by an historical analysis of violence on the Canadian western frontier Other scholars describe contemporary violence by and against indigenous peoples women children and the elderly in labor related disputes homicide police and prison violence terrorism and discuss government responses and policy implications Each chapter specifically addresses the sociological and political dimensions of violence The authors make ample use of statistics and empirical research Jeffrey Ian Ross's introduction outlines the sociopolitical dynamics of violence and his summary chapter offers directions for future research When the book was first published in 1995 it was widely praised by scholarly journals and has since become a standard text in the study of violence and modern Canadian cultural studies The book is all the more valuable as its new introduction places its findings in the context of research that has been produced since the original publication *Violence in Canada* will be of interest to sociologists criminologists and political scientists Jeffrey Ian Ross is an associate professor in the Division of Criminology Criminal Justice and Social Policy and fellow with the Center for Comparative and International Law University of Baltimore His work has appeared in many academic journals and chapters in academic texts as well as articles in popular magazines in Canada and the United States He is the author co author editor or co editor of eight books Ted Robert Gurr is Distinguished University Professor at the University of Maryland Among his books are *Why Men Rebel* and *Violence in America*

Does Terrorism Work? Richard English, 2019-02-21 Terrorism is one of the most significant security threats that we face in the twenty first century Not surprisingly there is now a plethora of books on the subject offering definitions of what terrorism is and proffering advice on what causes it and how states should react to it But one of the most important questions about terrorism has until now been left remarkably under scrutinized does it work Richard English now brings thirty years of professional expertise studying terrorism to the task of answering this complex and controversial question Focussing principally on four of the most significant terrorist organizations of the last fifty years al Qaida the Provisional IRA Hamas and ETA and using a wealth of interview material with former terrorists as well as those involved in counter terrorism he argues that we need a far more honest understanding of the degree to which terrorism actually works as well as a more

nuanced insight into the precise ways in which it does so Only then can we begin to grapple more effectively with what has become one of the most challenging and eye catching issues of our time      **Confronting the Chaos** Sean M

Maloney,2009-07-01 How exactly do you stabilize a country that has been at war for nearly thirty years Challenging the Chaos is the first book to look at the Provincial Reconstruction Teams the Embedded Training Teams Strategic Advisory Team Afghanistan and other little known units that helped the Afghan people establish a government after the Taliban fell With the historical and political odds stacked against them the men and women of these vital organizations worked shoulder to shoulder with Afghans at all levels of society and at great personal risk in a lethal and unforgiving environment Their efforts helped stave off another Afghan civil war and successfully prevented the Taliban from exploiting the chaos left in the wake of their 2001 02 collapse Challenging the Chaos is a personal story written by a Canadian military historian who observed these efforts as they unfolded in 2004 05 Sean Maloney takes us on a journey from exotic and poppy laden Badkashan province in the north into international intrigue in the capital Kabul and then to Kandahar province in the south where the threat of IED attacks lay around the corner on a daily basis This work details the operations of the Provincial Reconstruction Teams PRTs which played a vital role in stabilizing Afghanistan after the Taliban were removed from power It provides understanding about how the international effort in Afghanistan and the enemy has evolved since 2003 so we can succeed in Afghanistan Afghanistan is not Iraq and it is dangerous to template one war onto the other The war in Afghanistan is unique as is our response to the insurgency Afghanistan its people and its insurgent s needs to be understood on their own terms and not in relationship to the American experience in Iraq The United State s closest ally in Afghanistan next to the Afghan people is Canada and Canada has played a key role in the effort this goes unrecognized by American politicians and the American people even while Canadian soldiers are working fighting and dying alongside American soldiers      **The**

**Blackwell Dictionary of Modern Social Thought** William Outhwaite,2008-04-15 Modern social thought ranges widely from the social sciences to philosophy political theories and doctrines cultural ideas and movements and the influence of the natural sciences Provides an authoritative overview of the main themes of social thought Long essays and entries give full coverage to each topic Covers major currents of thought philosophical and cultural trends and the individual social sciences from anthropology to welfare economics New edition updates about 200 entries and includes new entries suggestions for further reading and a bibliography of all sources cited within the text      **Handbook of Terrorist and Insurgent Groups**

Scott N. Romaniuk,Animesh Roul,Pamela Fabe,János Besenyő,2024-10-24 Handbook of Terrorist and Insurgent Groups A Global Survey of Threats Tactics and Characteristics examines the most current and significant terrorist and insurgent groups around the world The purpose is to create a descriptive mosaic of what is a pointedly global security challenge The volume brings together conceptual approaches to terrorism insurgency and cyberterrorism with substantive and empirical analyses of individual groups organisations and networks By doing so not only does the coverage highlight the past present

and future orientations of the most prominent groups but it also examines and illustrates their key characteristics and how they operate including key leaders and ideologues Highlighting specific individual groups the chapters collectively present a robust and comprehensive outlook on the current geography of terrorism and insurgency groups operating in the world today This comprehensive volume brings the collective expertise and knowledge of more than 50 academics intelligence and security officials and professionals together all of whom are considered subject experts in their respective areas of research and practice The volume is based on both desk based and fieldwork conducted by experts in these areas incorporating analyses of secondary literature but also the use of primary data including first hand interviews on the various groups regions of operation their tactics and how their ideologies motivate their actions *Terrorism and the Media* Brigitte Lebens Nacos,1994 Exploring the recent increase in anti American terrorism this updated study argues that terrorist groups are now exploiting the link between the media and public opinion polls particularly regarding the popularity of American presidents in order to publ **Mass-Mediated Terrorism** Brigitte Nacos,2016-02-05 With all new and expanded chapters the third edition provides an in depth look at how terrorists exploit mass media to get attention spread fear and anxiety among the targets of this sort of violence and threaten further attacks The traditional news media s appetite for shocking sensational and tragic stories has always resulted in over coverage of terrorist events and threats But today social media such as Twitter Facebook and YouTube allow terrorists to communicate directly with huge audiences around the globe spreading their propaganda radicalizing and recruiting followers and providing know how to lone wolves On the other hand governments in democracies too utilize mass media to enlist public support for counterterrorist measures This volume will help readers to understand the centrality of media considerations in both terrorism and counterterrorism

## **Terrorism Legitimacy And Power** Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the power of words has become more evident than ever. They have the ability to inspire, provoke, and ignite change.
