

Lecture 32: Counter-Terrorism: *Internal American Response & Its Cost*

7th May 2003 (Wednesday)

Terrorism And The American Response

**USAF Institute for National Security
Studies**

Terrorism And The American Response:

The Terrorism Threat and U.S. Government Responses USAF Institute for National Security Studies, 2001 The dual mission of the USAF Institute for National Security Studies is to promote national security research for the Department of Defense within the military academic community and to support the Air Force national security education program INSS coordinates and focuses outside thinking in various disciplines and across services to develop new ideas for USAF and DOD policy making Located within the staff of the Dean of the Faculty at the USAF Academy in Colorado Springs INSS is an independent research center supported by various DOD organizations In addition to the USAF Academy Dean the primary INSS sponsor is the National Security Policy Division Nuclear and Counterproliferation Directorate Headquarters US Air Force AF XONP The Institute helps to develop research topics select researchers administer sponsored research and host conferences and workshops that facilitate the dissemination of information to a wide range of private and government organizations Its research centers on arms control proliferation regional security environmental security information operations Air Force policy and space policy

Sweet Land of Security: America's Responses to Terror--From the Revolution Through Today's "War on Terror" Michael T. Geary, 2007-08 Are the post 9 11 measures initiated by the government and law enforcement agencies the products of a totalitarian impulse or panic or are they simply a prudent response to a seriously perilous world Are our liberties likely to be narrowed down forever or will we restore them when the crisis is over How will we know when it s over One way to begin thinking carefully about that is to consider how Americans have responded in the past Our struggle to reconcile the conflicting claims of liberty and security is not an easy one but it turns out to have a history It is in fact one of the threads the historical fabric of our nation is woven from Here a lawyer and professor does what a lawyer does he examines the precedents from the Alien and Sedition Acts of 1799 through the Civil War the forced relocation of Japanese Americans in World War II the Red Scares of the 20th Century to our present war on terror This work shows the balance of liberty and security from the Alien and Sedition Acts in the Adams administration through the creation of military commissions in the Mexican War Lincoln s suspension of habeas corpus in the Civil War the internment of Japanese Americans in World War II the Red Scares of the twentieth century to the War on Terror About the author Michael Geary is the Coordinator of the Criminal Justice Program at Albertus Magnus College in New Haven Connecticut He joined the College s faculty in 2003 after retiring as a sergeant from the New York City Police Department Professor Geary received his B S in Criminal Justice in 1983 his M S 1995 and his J D from Pace University School of Law in 1996

The U.S. Government Response To Terrorism William R Farrell, 2019-07-11 This book examines the organizational problems faced by the U S government in developing an effective strategy to counter terrorism and presents a detailed history of U S counter terrorist policy since 1972 Dr Farrell offers a working definition of terrorism reviews its international transnational nonterritorial and domestic forms then focuses on the activities of those U S government agencies

directly concerned with the prevention or neutralization of terrorism Critical of existing programs and of the fact that counter terrorist activities seem to have a low priority among the duties of the relevant agencies key executives he concludes that the development of a clear reasonable and effective strategy against terrorism has been unnecessarily delayed He is doubtful whether even now a satisfactory arrangement has been achieved Beyond looking strictly at governmental agency responses to terrorism Dr Farrell considers the sociological legal and operational factors that would be brought into play should military forces be employed to quell a terrorist attack and also addresses the nature and extent of the terrorist threat to U S businesses

The Long Shadow of 9/11 Brian Michael Jenkins, John Godges, 2011 This book provides a multifaceted array of answers to the question In the ten years since the 9 11 terrorist attacks how has America responded In a series of essays RAND authors lend a farsighted perspective to the national dialogue on 9 11 s legacy The essays assess the military political fiscal social cultural psychological and even moral implications of U S policymaking since 9 11 Part One of the book addresses the lessons learned from America s accomplishments and mistakes in its responses to the 9 11 attacks and the ongoing terrorist threat Part Two explores reactions to the extreme ideologies of the terrorists and to the fears they have generated Part Three presents the dilemmas of asymmetrical warfare and suggests ways to resolve them Part Four cautions against sacrificing a long term strategy by imposing short term solutions particularly with respect to air passenger security and counterterrorism intelligence Finally Part Five looks at the effects of the terrorist attacks on the U S public health system at the potential role of compensation policy for losses incurred by terrorism and at the possible long term effects of terrorism and counterterrorism on American values laws and society Publisher description

The Global War on Terrorism John Davis, 2004 The signal events opening the global war on terrorism were the attacks of September 11 The world media began to focus on one of the terrorist groups Al Qaeda a well funded terrorist organisation headquartered in Afghanistan or Pakistan with offshoots in many countries America has turned out to be the primary target of Al Qaeda America s first response was the attack on Afghanistan and the establishing of a puppet government Next America attacked Iraq under the guise of a response to terrorism although no connection has been proven or even alleged except by hardcore neocons aligned with certain elements in the Washington power establishment This new book pierces the veil of misinformation with frank assessments of the progress or lack thereof of the war on terrorism Contents Introduction Homeland Security from Clinton to Bush Assessment United States Homeland Security in the Information Age Dealing with the Threat of Cyberterrorism Presidential War Powers and the War on Terrorism Are We Destined to Repeat Our Mistakes International Law and the War on Terrorism The Evolution of American Grand Strategy and the War on Terrorism Clinton and Bush Perspectives Assess

U. S. Strategy to Counter Domestic Political Terrorism James B. Motley, 1993-04 Analysis by U S Army Colonel of U S policy strategy and organization for combatting domestic terrorist activity He offers pragmatic suggestions for improving the domestic antiterrorism program Chapters include the threat of domestic terrorism nature and dimensions combatting the

threat unprecedented policy decisions the antiterrorism program of the U S government antiterrorist policy organization and strategy a critical appraisal the threatened role of intelligence in combatting terrorism the Hanafi Muslim incident a case study of successful hostage negotiations and coping with the future recommendations for improvement **Psychological Responses to the New Terrorism: A NATO-Russia Dialogue** C. Woburn,2005-11-25 Terrorism is to create a state of terror and fear This book is concerned with the consequences of acts of terror and their impact on populations It describes what citizens professionals and governments can do to mitigate the consequences It focuses more on culture and place specific reactions than the timeless or universal trauma reactions **Global Responses to Terrorism** Mary Buckley,Rick Fawn,2004-02-24 This book examines how the world has reacted to and been affected by the terrorist attacks on September 11th the ensuing war in Afghanistan and President George Bush s declaration of a war on terror as the first war of the 21st Century **Terrorism in America** Brent L. Smith,1994-01-01 Using extensive records from federal district courts national archives the U S Sentencing Commission and the Administrative Office of U S Courts Brent Smith examines the activities of persons investigated for acts of terrorism during the 1980s He traces the lives of the men and women who turned to terrorism in America the goals that motivated their behavior and the crimes they committed In addition the book provides detailed information regarding how shifts in federal priorities led to the capture and subsequent conviction of most of these offenders as well as the severity with which these men and women were punished America's War on Terror Patrick Hayden,Tom Lansford,Robert P. Watson,2017-07-12 This title was first published in 2003 9 11 has become more than a date It has become a noun an idea shaped and moulded by the media and the American political establishment and the rationale for the subsequent War on Terror But what are the real factors that have motivated the world s sole remaining superpower to engage in a permanent war declared on an often elusive and abstract enemy and risk the very relationships that have augmented that global status While the tragic events of the 11th of September 2001 caused a sea change in the perception and realities of American security interests and its ability to project a foreign policy agenda simplistic views that the resulting War on Terror is merely reactionary warfaring no longer carry any credibility To fully understand the direction of contemporary US foreign policy requires a detailed understanding of the complex political historical and personal processes which influence America s new sense of itself and its view of the world *US Counter-terrorism Strategy and Al-Qaeda* Joshua A. Geltzer,2009-09-10 This book examines the communicative aspects and implications of US counter terrorist policies towards al Qaeda Recent US counter terrorist strategy has been largely based upon projecting certain perceptions of America as an actor to those drawn to al Qaeda and this book investigates in what ways and to what extent US officials believed that the signals sent by what America did and said could influence the behaviour of the terrorist and would be terrorist The study then draws on a growing understanding of that audience to analyse how those drawn to al Qaeda were and indeed still are likely to be influenced by the perceptions of America that Washington s policies generated The study s

central argument is that given al Qaeda's unconventional strategy and the particularities of the world view characterising those drawn to the group America's counter terrorist signalling proved largely counter productive to America's objective of undermining al Qaeda's strategic narrative instead serving in many ways to validate it Firstly this book seeks to reveal the significant and largely unexplored role that signalling has played in US counter terrorist policy towards al Qaeda Second it tries to capture the objectives strategy tactics ideology and other defining features of the world view characterising those drawn to al Qaeda Third it strives to combine those two lines of inquiry by applying the al Qaeda world view to a critical analysis of the signals sent by US policies Finally the book aims to offer broad policy implications that demonstrate how an informed understanding of the world view of those drawn to al Qaeda can be employed to revise and refine American counter terrorist signalling This book will be of much interest to students of US foreign policy and public diplomacy counter terrorism strategy and international security Joshua Alexander Geltzer has a PhD in War Studies from Kings College London and is currently a juris doctoral student at Yale Law School

An International History of Terrorism Jussi M.

Hanhimäki, Bernhard Blumenau, 2013 The aim of this book is to provide readers with the tools to understand the historical evolution of terrorism and counterterrorism over the past 150 years In order to appreciate the contemporary challenges posed by terrorism it is necessary to look at its evolution at the different phases it has gone through and the transformations it has experienced The same applies to the solutions that states have come up with to combat terrorism the nature of terrorism changes but still it is possible to learn from past experiences even though they are not directly applicable to the present This book provides a fresh look at the history of terrorism by providing in depth analysis of several important terrorist crises and the reactions to them in the West and beyond The general framework is laid out in four parts terrorism prior to the Cold War the Western experience with terrorism non Western experiences with terrorism and contemporary terrorism and anti terrorism The issues covered offer a broad range of historical and current themes many of which have been neglected in existing scholarship it also features a chapter on the waves phenomenon of terrorism against its international background This book will be of much interest to students of terrorism studies political violence international history security studies and IR

Terrorism through the Ages, 2023-08-14 What connects political violence in Classical Athens and state terrorism in the Roman republic to the Easter Sunday attacks in Sri Lanka and the modern destruction of monuments Using 9 11 as a lens through which to examine past instances of terrorism this book presents a wide global view of the use of terror and its impact throughout history Contributors are Jaime A Gonz lez Oca a Aaron L Beek Francesco Mori Gaius Stern Timothy Smith Jo o Nisa lbei Tam s James Crossland Paul J Cook Chris Millington Vineeth Mathoor Dmitry Shlapentokh Kalinga Tudor Silva Cserkits Michael Katty Cristina Lima S Tatiana Konrad Daniel Leach Paul J Cook Mark Briskey Silke Zoller Elizabeth L Miller and William V Hudon

Reign of Terror Spencer Ackerman, 2022-08-09 A New York Times Critics Top Book of 2021 An impressive combination of diligence and verve deploying Ackerman's deep stores of

knowledge as a national security journalist to full effect The result is a narrative of the last 20 years that is upsetting discerning and brilliantly argued The New York Times One of the most illuminating books to come out of the Trump era New York Magazine An examination of the profound impact that the War on Terror had in pushing American politics and society in an authoritarian direction For an entire generation at home and abroad the United States has waged an endless conflict known as the War on Terror In addition to multiple ground wars the era pioneered drone strikes and industrial scale digital surveillance weakened the rule of law through indefinite detentions sanctioned torture and manipulated the truth about it all These conflicts have yielded neither peace nor victory but they have transformed America What began as the persecution of Muslims and immigrants has become a normalized feature of American politics and national security expanding the possibilities for applying similar or worse measures against other targets at home as the summer of 2020 showed A politically divided and economically destabilized country turned the War on Terror into a cultural and then a tribal struggle It began on the ideological frontiers of the Republican Party before expanding to conquer the GOP often with the acquiescence of the Democratic Party Today's nativist resurgence walked through a door opened by the 9 11 era And that door remains open Reign of Terror shows how these developments created an opportunity for American authoritarianism and gave rise to Donald Trump It shows that Barack Obama squandered an opportunity to dismantle the War on Terror after killing Osama bin Laden By the end of his tenure the war had metastasized into a bitter broader cultural struggle in search of a demagogue like Trump to lead it Reign of Terror is a pathbreaking and definitive union of journalism and intellectual history with the power to transform how America understands its national security policies and their catastrophic impact on civic life

Criminal Justice in America Carla Lewandowski, Jeff Bumgarner, 2020-11-17 This authoritative set provides a comprehensive overview of issues and trends in crime law enforcement courts and corrections that encompass the field of criminal justice studies in the United States This work offers a thorough introduction to the field of criminal justice including types of crime policing courts and sentencing landmark legal decisions and local state and federal corrections systems and the key topics and issues within each of these important areas It provides a complete overview and understanding of the many terms jobs procedures and issues surrounding this growing field of study Another major focus of the work is to examine ethical questions related to policing and courts trial procedures law enforcement and corrections agencies and responsibilities and the complexion of criminal justice in the United States in the 21st century Finally this title emphasizes coverage of such politically charged topics as drug trafficking and substance abuse immigration environmental protection government surveillance and civil rights deadly force mass incarceration police militarization organized crime gangs wrongful convictions racial disparities in sentencing and privatization of the U S prison system

Counterterrorism and the State Dorle Hellmuth, 2015-09-10 Dorle Hellmuth argues that the nature of state responses to terrorism is shaped by the particular governmental framework and process within which counterterrorism measures are decided Using four Western

democracies as case studies Hellmuth measures effects of government structures on counterterrorism decision making processes and outcomes In doing so she examines how similar or different the responses have been in four parliamentary and presidential systems and clears up common misperceptions about domestic counterterrorism efforts on both sides of the Atlantic Each of Hellmuth's four case studies reviews the official constitutional powers and informal relationships between executive and legislative branches outlines decision making processes leading to counterterrorism policies and reforms since 9/11 and summarizes how structural factors influenced those processes By measuring and comparing structural effects and by going beyond the common U.S. and British focus to include counterterrorism decision making in Germany and France Hellmuth shows that there are important similarities between those governments designed to constrain executive power Germany and the United States and those that facilitate executive power France and Great Britain Her analysis further demonstrates that in presidential systems executive and legislative branches have incentives to produce a steady stream of reforms that presidents have more opportunities than leaders of parliamentary systems to expand their unilateral powers during times of crisis and that choices designed to strengthen presidential positions influence the direction nature and scope of institutional reform Understanding the nature scope and trends of national decision making processes in Western democracies Hellmuth contends is imperative to identifying new mechanisms for containing transnational terrorist networks beyond national borders

Terrorism Financing and State Responses Jeanne K. Giraldo, Harold A. Trinkunas, 2007 This book takes a broadly comparative approach to analyzing how the financing of global jihadi terrorist groups has evolved in response to government policies since September 11, 2001

America's "war on Terrorism" John E. Owens, John Dumbrell, 2008-01-01 America's War on Terrorism New Dimensions in US Government and National Security offers an original and multifaceted analysis of the Bush administration's responses to 9/11 The book brings together American and European analyses of the enormous institutional political and policy shifts in the early 21st century wrought by 9/11 and the war on terror

Issues in American Political Life Robert Thobaben, Charles Funderburk, Donna Schlagheck, 2015-07-02 A core text for undergraduate courses in American Public Policy or supplemental reading in such courses as Introduction to American Government or Politics American Public Policy Analysis Introduction to Political Science A substantive alternative to typical issues texts which cover too many issues too superficially this intriguing and comprehensive text offers a more in depth and coherent approach to contemporary policy problems and solutions It provides a conceptual framework in which students can become comfortable actually doing policy analysis and in learning skills beyond reading about certain political issues Thematically organized it looks at nine specific issues grouped into three broad categories that hold an enduring importance in American political life money and politics violence and politics and biology and politics All nine chapters and their respective topics campaigns corruption welfare crime terrorism arms control the environment biomedical issues and biotechnology have a strong conceptual base with current political dimensions and policy concerns woven throughout Students not only learn the

context status and prospects of issues confronting the U S government but also see how these issues now cross our domestic borders into a global realm Terrorism in the Horn of Africa ,2004

As recognized, adventure as skillfully as experience very nearly lesson, amusement, as well as deal can be gotten by just checking out a book **Terrorism And The American Response** with it is not directly done, you could admit even more in the region of this life, re the world.
