Terrorist Chic:

Terrorist Chic Michael Selzer, 1979 **Symbolism in Terrorism** Jonathan Matusitz, 2014-09-16 The symbolic value of targets is what differentiates terrorism from other forms of extreme violence Terrorism is designed to inflict deep psychological wounds on an enemy rather than demolish its material ability to fight The September 11 2001 attacks for example demonstrated the power of symbolism The World Trade Center was targeted by Al Qaeda because the Twin Towers epitomized Western civilization U S imperialism financial success modernity and freedom The symbolic character of terrorism is the focus of this textbook A comprehensive analysis it incorporates descriptions definitions case studies and theories Each chapter focuses on a specific dimension of symbolism in terrorism and explains the contexts and processes that involve the main actors as well as the symbolism of both the purposes and targets of terrorism Also discussed are new religious movements which represent another important aspect of terrorism such as Aum Shinrikyo the Japanese cult that used sarin gas in the Tokyo subway in 1995 Over forty areas of symbolism are covered throughout the chapters including physical and non physical symbolism linguistic symbolism the social construction of reality rituals myths performative violence iconoclasm brand management logos semiotics new media and the global village This allows for an in depth examination of many issues such as anti globalization honor killing religious terrorism suicide terrorism martyrdom weapons female terrorism public communication visual motifs and cyberspace Main concepts are clearly defined and followed by theory illustrated by international case studies Chapter summaries key points review questions research and practice suggestions are recurring components as well This groundbreaking text encompasses all major aspects of symbolism in terrorism and will be an essential resource for anyone studying terrorism *Cinematic Terror* Tony Shaw, 2014-11-20 The first history of cinema s treatment of terrorism from the birth of film to today **Demons, Hamlets and Femmes Fatales** Jayne Steel, 2007 The book provides a lively discussion of the ways in which popular fiction appropriates the figure of the Provisional IRA activist and the political conflict within the north of Ireland It looks at how authors recreations or transformations of Irish republicanism might reveal self referential images that are ultimately a product of national identity and or gender identity An important focus of the book interrogates British fascination and fixation with the Provisional IRA and its terrors The many novels discussed in this study include Gerald Seymour Harry s Game Campbell Armstrong Jig Bernard MacLaverty Cal Mary Costello Titanic Town Jennifer Johnston Shadows on our Skin Deidre Madden One by One through the Darkness Technicolor Ultra Mall Ryan Oakley, 2020-06-17 In the commodified future the consequences of a failing society are brought to bear upon one man s ambition and his attempt to escape his own socio economic hell The world s ecosystems have been destroyed by genetic pollution and cities have evolved into mega malls Budgie is a knife wielding brass knuckled young man from the impoverished and brutal red section of Toronto s T Dot Center When his best friend is ordered and Budgie falls in love with the woman responsible he learns that there s more to life than

drugs blood or money To escape his past he must give up everything and everyone he knows and sell his perceptions to an enigmatic and dangerous gang leader Fighting for survival and unwittingly involved in a scheme that only he can stop Budgie must ask himself Does he want to Technicolor Ultra Mall is an ultra violent science fiction dystopic novel about the value of being human in a completely commodified world Bret Easton Ellis's Controversial Fiction Sonia Baelo-Allué,2011-04-21 Both literary author and celebrity Bret Easton Ellis represents a type of contemporary writer who draws from both high and the low culture using popular culture references styles and subject matters in a literary fiction that goes beyond mere entertainment His fiction arousing the interest of the academia mass media and general public has fuelled heated controversy over his work This controversy has often prevented serious analysis of his fiction and this book is the first monograph to fill in this gap by offering a comprehensive textual and contextual analysis of his most important works up to the latest novel Imperial Bedrooms Offering a study of the reception of each novel the influence of popular mass and consumer culture in them and the analysis of their literary style it takes into account the controversies surrounding the novels and the changes produced in the shifty terrain of the literary marketplace It offers anyone studying contemporary American fiction a thorough and unique analysis of Ellis s work and his own place in the literary and cultural panorama

Flip the Script J. Griffith Rollefson,2017-10-23 Hip hop has long been a vehicle for protest in the United States used by its primarily African American creators to address issues of prejudice repression and exclusion But the music is now a worldwide phenomenon and outside the United States it has been taken up by those facing similar struggles Flip the Script offers a close look at the role of hip hop in Europe where it has become a politically powerful and commercially successful form of expression for the children and grandchildren of immigrants from former colonies Through analysis of recorded music and other media as well as interviews and fieldwork with hip hop communities J Griffith Rollefson shows how this music created by black Americans is deployed by Senegalese Parisians Turkish Berliners and South Asian Londoners to both differentiate themselves from and relate themselves to the dominant culture By listening closely to the ways these postcolonial citizens in Europe express their solidarity with African Americans through music Rollefson shows we can literally hear the hybrid realities of a global double consciousness

Special Bibliography Series ,1957 **Evaluating Counterterrorism Performance** Beatrice de Graaf, 2011-08-22 This book offers a new model for measuring the success and impact of counterterrorism strategies using four comparative historical case studies The effectiveness of counterterrorism measures is hard to assess especially since the social impact of terrorist attacks is a fundamental and complex issue This book focuses on the impact of counterterrorist measures by introducing the concept of the performative power of counterterrorism the extent to which governments mobilize public and political support thereby sometimes even unwittingly assisting terrorists in creating social drama The concept is applied to counterterrorism in the Netherlands Italy the Federal Republic of Germany and the United States in the 1970s Based on in depth case study research using new primary sources and interviews with counterterrorist officials and radicals a correlation is established between a low level of performative power and a decline of terrorist incidents This is explored in terms of the link between social drama as enhanced by counterterrorist measures and ongoing radicalization processes This book demonstrates that an increase in visible and intrusive counterterrorist measures does not automatically lead to a more effective form of counterterrorism In the open democracies of the west not transforming counterterrorism into a performance of power and repression is at least as important as counterterrorism measures themselves This book will be of much interest to students of terrorism and counter terrorism discourse analysis media and communication studies conflict studies and IR Security Studies in general **Vengeance** George Jonas, 2005-12 Discloses the Israeli plan to assassinate the known terrorist leaders responsible for the Munich massacre of Israeli athletes and chronicles the story of the hit squad s leader a man morally destroyed by his mission *On Fashion* Shari Benstock, Suzanne Ferriss, 1994 Barbie Magazine and the aesthetic commodification of girls bodies I M O Sickey This year s girl a personal critical history of Twiggy L B DeLibero A
