*Tertullian - the Five Books Against Marcion* Quintus Septimius Tertullianus,2015-11-04 The Second Class of Tertullian s works is that which includes his treatises against the heresies of his times In these the genius of our author is brilliantly illustrated Here we venture a remark on the ambiguity of the expressions concerning our author s Montanism In the treatise against Marcion written late in his career Tertullian identifies himself with the Church and strenuously defends its faith and its apostolic order In only rare instances does his weakness for the new prophecy crop out and then it is only as one identifies himself with a school within the church

Tertullian,2012-08-21 We present a volume widely differing in its contents from those which have gone before it contains the works of the great founder of Latin Christianity the versatile and brilliant Tertullian Not all his works indeed for they could not be contained in one of our books This book however considerably overruns the promised number of pages and gives three complete parts of Tertullian s writings according to the classification of our Editor in chief The Fourth volume will begin with the fourth class of his works those which exhibit our author s ascetic ideas and the minor morals of the Primitive Christians that collection being closed by the four treatises which were written in support of a defined and schismatical Montanism
