*Testimony of General Douglas MacArthur Before the Armed Services and Foreign Relations Committees of the United States Senate 82nd Congress, First Session, May 3-5, 1951* United States. Congress. Senate. Committee on Armed Services,1951     Testimony of General Douglas MacArthur Before the Armed Services and Foreign Relations Committees of the United States Senate 82nd Congress, First Session, May 3-5, 1951 United States. Congress. Senate. Committee on Armed Services,Douglas MacArthur,1966     *MacArthur and the American Century* William M. Leary,2001-01-01 General Douglas MacArthur has been hailed as the greatest soldier in American history While not everyone would agree with that assessment there is no question that MacArthur played a prominent role in the emergence of the United States as a world power in the twentieth century A distinguished combat soldier during World War I and an innovative educator at West Point in the 1920s MacArthur became the army s chief of staff during the Great Depression He went abroad in the 1930s to prepare the Philippines for war His stand against the Japanese following Pearl Harbor made him a national hero and his subsequent campaign against Japanese forces in the Southwest Pacific only added to his reputation The Korean War gave MacArthur a final opportunity to display his military skills MacArthur and the American Century assembles for the first time a nuanced and full scrutiny of MacArthur s entire career Essays by such experts as Stanley L Falk and D Clayton James accompany materials by Dwight D Eisenhower and MacArthur himself providing analysis and evaluation of the immense impact this dramatic figure had on war peace and the American imagination     **Congressional Record** United States. The War for Korea, 1950-1951 Allan R. Millett,2021-09-07 In *The War for Korea 1945 1950* A House Burning one of our most distinguished military historians argued that the conflict on the Korean peninsula in the middle of the twentieth century was first and foremost a war between Koreans that began in 1948 In the second volume of a monumental trilogy Allan R Millett now shifts his focus to the twelve month period from North Korea s invasion of South Korea on June 25 1950 through the end of June 1951 the most active phase of the internationalized Korean War Moving deftly between the battlefield and the halls of power Millett weaves together military operations and tactics without losing sight of Cold War geopolitics strategy and civil military relations Filled with new insights on the conflict his book is the first to give combined arms its due looking at the contributions and challenges of integrating naval and air power with the ground forces of United Nations Command and showing the importance of Korean support services He also provides the most complete and sympathetic account of the role of South Korea s armed forces drawing heavily on ROK and Korea Military Advisory Group sources Millett integrates non American perspectives into the narrative especially those of Mao Zedong Chinese military commander Peng Dehuai Josef Stalin Kim Il sung and Syngman Rhee And he portrays Walton Walker and Matthew Ridgway as the heroes of Korea both of whom had a more profound understanding of the situation than Douglas MacArthur whose greatest flaw was not his politics but his strategic and operational incompetence Researched in South Korean Chinese and Soviet as well as American and UN

sources Millett has exploited previously ignored or neglected oral history collections including interviews with American and South Korean officers and has made extensive use of reports based on interrogations of North Korean and Chinese POWs The end result is masterful work that provides both a gripping narrative and a greater understanding of this key conflict in international and American history

**Congress Investigates, 1792-1974** Roger A. Bruns, 1975 Whose Back was Stabbed? Koichi Mera, 2017-04-05 This is a book that will change the American perception of the Pacific War One important question is Who actually started the Pacific War By examining recently discovered facts revealed through the declassification of official documents the decoding of secret communications between the Soviet Union and its operatives and findings from American and Japanese writers in recent decades the author clarifies the role played by President Franklin D Roosevelt and members of his cabinet in pushing Japan to the brink of war Another notable analysis concerns the U S occupation of Japan immediately after the war The author finds it as a spectacular success in politically castrating Japan The impact is still clearly observable Many Japanese have lost the sense of nationhood as a result The author examines the historical background of U S Japan relations from the visit of Commodore Matthew Perry in 1853 to the present day Utilized a wealth of Japanese as well as American materials he presents a view of the history of the two countries He finds that Japan was not very skillful in utilizing code breaking or information warfare but tried to liberate colonies in Asia and Africa and indeed her effort was successful and ultimately resulted in the loss of Western Colonies including India Indonesia Burma and Malaysia After reviewing nearly two hundred years of history the author urges contemporary Japanese to be free from the self incriminating view of history and to be confident that the nation is on a right track
