tired of voicing our opinions about texts which traverse relegated boundaries such as genre or medium Not only am I interested in discussing what these changes across boundaries mean socially historically and culturally but also what they mean geographically which accounts for the second part of my title I am very excited that this book will be placing even more emphasis on children s literature in an international scene than my first book did in the sense that I have added more scholars on an international level I hesitate to list the nationalities of all of the contributors here because quite a few have themselves crossed international boundaries in different ways by either studying abroad or finding permanent residency in foreign countries Nevertheless the writers have lived extensively in or identify as being from Australia Canada England Finland Germany Greece Iceland Ireland Israel Norway Spain Sweden Turkey the United States of America and Wales

Epicureanism and the Gospel of John Fergus J. King,2020-11-09 The Gospel of John and Epicureanism share vocabulary and reject the conventions of Graeco Roman theology Would it then have been easy for an Epicurean to become a Christian or vice versa Fergus J King suggests that such claims become unlikely when detailed analyses of the two traditions are set out and compared The first step in his examination looks at evidence for potential engagement between the two traditions historically and geographically Both traditions address concerns about the good life death and the divine However this correspondence soon unravels as their worldviews are far from identical Shared terms like Saviour their respective rituals and teaching about community life reveal substantial differences in ethos and behaviour

The Gospel of the Lord Michael F. Bird,2014-08-22 In this book through a distinctive evangelical and critical approach Michael Bird explores the historical development of the four canonical Gospels He shows how the memories and faith of the earliest believers formed the Gospel accounts of Jesus that got written and in turn how these accounts further shaped the early church Bird s study clarifies the often confusing debates over the origins of the canonical Gospels Bird navigates recent concerns and research as he builds an informed case for how the early Christ followers wrote and spread the story of Jesus the story by which they believed they were called to live The Gospel of the Lord is ideal for students or anyone who wants to know the story behind the four Gospels Watch an interview with Michael Bird from our Eerdmans Author Interview Series

Getting to the Supreme Court of the United States Eddith Anita Dashiell,1992 [The Gospel According to Winner, Larry and Friends](#) Hall Duncan,Don Heath,2000-01-01 *The Gospel of Tatian* Matthew R. Crawford,Nicholas J. Zola,2019-07-11 This volume combines some of the leading voices on the composition and collection of early Christian gospels in order to analyze Tatian s Diatessaron The rapid rise and sudden suppression of the Diatessaron has raised numerous questions about the nature and intent of this second century composition It has been claimed as both a vindication of the fourfold gospel s early canonical status and as an argument for the canon s on going fluidity it has been touted as both

a premiere witness to the earliest recoverable gospel text and as an early corrupting influence on that text Collectively these essays provide the greatest advance in Diatessaronic scholarship in a quarter of a century The contributors explore numerous questions did Tatian intend to supplement or supplant the fourfold gospel How many were his sources and how free was he with their text How do we identify a Diatessaronic witness Is it legitimate to use Tatian s Diatessaron as a source in New Testament textual criticism Is a reconstruction of the Diatessaron still possible These queries in turn contribute to the question of what the Diatessaron signifies with respect to the broader context of gospel writing and what this can tell us about how the writing rewriting and reception of gospel material functioned in the first and second centuries and beyond
