The Self-Donation of God Jack D. Kilcrease, 2013-03-20 In The Self Donation of God Jack Kilcrease argues that the speech act of promise is always an act of self donation A person who unilaterally promises to another is bound to take a particular series of actions to fulfill that promise Being that creation is grounded in God s promising speech the divine human relationship is fundamentally one of divine self donation and human receptivity Sin disrupts this relationship and therefore redemption is constituted by a reassertion of divine promise of salvation in the face of the condemnation of the law Gen 3 15 As a new and effective word of grace the promise of a savior begins the process of redemption within which God speaks forth a new narrative of creation In this new narrative God gives himself in an even deeper manner to humanity By donating himself through a promise first to the protological humanity and then to Israel he binds himself to them At the end of this history of self binding God in Christ enters into the condemnation of the law neutralizes it in the cross and brings about a new creation through his omnipotent word of promise actualized in the resurrection

Gospels One cannot help but see the differences from the Synoptics and wonder about the origins and character of John In this new volume in the New Testament Library series Marianne Meye Thompson explores the ministry and significance of Jesus of Nazareth as presented in the Gospel of John paying special attention to the social cultural and historical contexts that produced it John s Gospel Thompson posits is the product of a social cultural world whose language commitments and contours must be investigated in order to read John s narrative well In doing so Thompson studies the narrative structure central themes and theological and rhetorical arguments found in the Fourth Gospel Thompson s expert commentary unpacks and illuminates John s unique witness to Jesus who he was what he did and what that means The New Testament Library series offers authoritative commentary on every book and major aspect of the New Testament providing fresh translations based on the best available ancient manuscripts critical portrayals of the historical world in which the books were created careful attention to their literary design and a theologically perceptive exposition of the biblical text The contributors are scholars of international standing The editorial board consists of C Clifton Black Princeton Theological Seminary M Eugene Boring Brite Divinity School and John T Carroll Union Presbyterian Seminary Harmony of the Gospels G T Elihai,2005-12 **The Publishers' Trade List Annual** ,1898 *The Cambridge Companion to the Gospels* Stephen C. Barton,2006-11-23 An introduction covering historical theological and ethical aspects of the gospels through the ages *A Grammar of the Ethics of John* Jan G. van der Watt,2019-11-12 Jan G van der Watt analyses in detail the ethics of John s letters against their respective socio historical backgrounds He then compares the ethics of the Gospel and Letters showing that the basic core narrative overlaps in these writings although some ethical material is applied in different ways to different situations A rich ethical landscape is revealed addressing issues like the importance of interpersonal relations which results in co operation through mutual love The author shows that the focus in 1 John is pastoral aiming at convincing the addressees not to be deceived by their schismatics but to strengthen their relationships with the eyewitness group In 2 John advice is given about visitors who threaten the church with false teachings while 3 John deals with a conflict about receiving travelling missionaries In both cases ethical guidelines are given which aim at protecting the group Volume 2 Dust Jacket Inside front Flap **A Pocket Dictionary of the Holy Bible** Archibald Alexander,1829 The Bible Says So! Edwin D. Freed,Jane F. Roberts,2014-12-05 Is it possible to apply teachings from the Bible to our world today given the vast differences between biblical times and ours Biblical passages are often taken out of context and interpreted to support a particular viewpoint or justify a particular action The Bible Says So examines the origins of well known biblical stories from Adam and Eve the Flood and the Tower of Babel to the birth of Jesus his resurrection and the writings of St Paul The book argues that the meaning of these stories becomes apparent when we read between the lines using the techniques of biblical scholars The Bible Says So explores the original intentions of the biblical writers in their particular context and examines key biblical values The book does justice to the origins of the biblical text whilst also affirming the relevance of the Bible today
