The Government And Politics Of The Peoples Republic Of China:

The Government and Politics of the People's Republic of China Derek J. Waller, 1981 **The Government and Politics of Communist China** Derek J. Waller, 1970 **The Government and Politics of the People's Republic of China** Derek John Waller, 1981 *Dictionary of the Politics of the People's Republic of China* Colin Mackerras, Donald Hugh McMillen, Andrew Watson, 1998 6 Peoples of China **China's Political System** Ning Fang, 2020-09-30 This book includes collective research by the Institute of Political Science of the Chinese Academy of Social Sciences which is an important research institution of political science and a think tank in China The book was completed by the expert team of China's Political System headed by Director Fang Ning for several years and after several changes in their manuscripts This book covers the core political systems of China such as the leadership system of the Communist Party of China the decision making system of the Party and government in Chinese politics the system of the people's congress the relationship between the central and local authorities the system of officials training and selection the system of discipline inspection and supervision the system of consultative democracy and the system of community level self governance etc This book aims to build a new paradigm of empirical research and introduction of the contemporary Chinese political system by using the description and research method of materialization and dynamics of the political system *Understanding Chinese politics* Neil Collins, Andrew Cottey, 2018-04-30 The Chinese political system is the subject of much media and popular comment in part because China supports an economy with an apparently inexorable dynamic and impressive record of achievement This book provides a comprehensive introduction to China's political system outlining the major features of the Chinese model and highlighting its claims and challenges It explores the central role of the Communist Party in the country's politics and the way in which the Party controls most elements of the political system The book also draws parallels with previous historical periods in China's history Finally it addresses the question of what kind of role the People's Republic of China will play in global politics as a whole the implications for the West and the rebalancing of relations between China and its neighbours

The People's Republic of China Today Zhiqun Zhu, 2011 Despite the significant progress it had achieved in the past 60 years especially in the past 30 years since Deng Xiaoping's reform initiatives in the late 1970s China faces daunting challenges today These challenges include among others a rigid political system that does not match economic vibrancy uneven economic growth and widening income gap a graying population environmental degradation potential social instability ethnic tensions and separatist movement poor international image and military modernization Based on papers originally presented at an international conference held at Bucknell University in Pennsylvania to mark the 60th anniversary of the People's Republic of China PRC this book provides an up to date comprehensive and authoritative assessment of the PRC's political economic social ethnic energy security military diplomatic and other developments and challenges today Contributed by scholars and experts in political science international relations economics public administration history mass

communication psychology and diplomacy the book focuses on the efforts needed by China to grow in a sustainable manner and to become a respected global power With each chapter addressing a different and yet an inter related issue of the PRC s development this book aims to make a significant contribution to the understanding of key challenges the country faces today as it strives to become a global power *A Glossary of Political Terms of the People's Republic of China* Gucheng Li,1995 A

glossary of political terms of the People s Republic of China is a collection of 560 important and frequently used Chinese political terms and phrases that appeared between 1949 and 1990 Each entry begins with an explanation of the term and its origin a description of how and under what circumstances the term was used and a discussion of the changes of meaning over the years as well as the political and social significance of the words Jacket **Centre and Province in the People's**

Republic of China David S. G. Goodman,1986-10-09 According to common misconception the Chinese political system is highly centralized One result of this widely accepted view is that China specialists have often neglected the study of decision making as a process Concentrating upon the neighbouring but contrasting provinces of Sichuan and Guizhou during the decade before the Cultural Revolution this book examines the interaction between centre and province and without adopting a centralist or a pluralist viewpoint argues that a spatial dimension is of necessity part of the Chinese decision making

process Particular attention is paid to the variability of this interaction over time **Macao Country Study Guide Volume 2 Political and Economic Developments** IBP. China's Political Development Kenneth G. Lieberthal,Cheng Li,Yu Keping,2014-06-04 China s path to political reform over the last three decades has been slow but discourse among Chinese political scientists continues to be vigorous and forward thinking China s Political Development offers a unique look into the country s evolving political process by combining chapters authored by twelve prominent Chinese political scientists with an extensive commentary on each chapter by an American scholar of the Chinese political system Each chapter focuses on a major aspect of the development of the Chinese Party state encompassing the changing relations among its constituent parts as well as its evolving approaches toward economic growth civil society grassroots elections and the intertwined problems of supervision and corruption Together these analyses highlight the history strategy policies and implementation of governance reforms since 1978 and the authors recommendations for future changes This extensive work provides the deep background necessary to understand the sociopolitical context and intellectual currents behind the reform agenda announced at the landmark Third Plenum in 2013 Shedding light through contrasting perspectives the book provides an overview of the efforts China has directed toward developing good governance the challenges it faces and its future direction Chinese Politics in the Xi Jinping Era Cheng Li,2016-10-18 Chinese politics are at a crossroads as President Xi Jinping amasses personal power and tests the constraints of collective leadership In the years since he became general secretary of the Chinese Communist Party in 2012 Xi Jinping

has surprised many people in China and around the world with his bold anti corruption campaign and his aggressive consolidation of power Given these new developments we must rethink how we analyze Chinese politics an urgent task as China now has more influence on the global economy and regional security than at any other time in modern history Chinese Politics in the Xi Jinping Era examines how the structure and dynamics of party leadership have evolved since the late 1990s and argues that inner party democracy the concept of collective leadership that emphasizes deal making based on accepted rules and norms may pave the way for greater transformation within China s political system Xi s legacy will largely depend on whether he encourages or obstructs this trend of political institutionalization in the governance of the world s most populous and increasingly pluralistic country Cheng Li also addresses the recruitment and composition of the political elite a central concern in Chinese politics China analysts will benefit from the meticulously detailed biographical information of the 376 members of the 18th Central Committee including tables and charts detailing their family background education occupation career patterns and mentor patron ties

Politics in China William A. Joseph, 2019-04-25 On October 1 2019 the People s Republic of China PRC will celebrate the 70th anniversary of its founding And what an eventful and tumultuous seven decades it has been During that time under the leadership of the Chinese Communist Party CCP China has been transformed from one of world s poorest countries into one of its fastest growing economies and from a weak state barely able to govern or protect its own territory to a rising power that is challenging the United States for global influence But in the late 1950s the PRC experienced the most deadly famine in human history caused largely by the actions and inactions of its leaders Not long after there was a collapse of government authority that pushed the country to the brink of and in some places actually into civil war and anarchy And in 1989 the CCP unleashed the army to brutally crush demonstrations by students and others calling for political reform China is now for the most part peaceful prospering and proud The CCP maintains a firm grip on power through a combination of harsh repression and popular support largely based on its recent record of promoting rapid economic growth Yet the party and country face serious challenges on many fronts including a slowing economy environmental desecration pervasive corruption extreme inequalities ethnic unrest and a rising tide of social protest
