Longman's Magazine Charles James Longman,1905 *The Wide Awake Girls* Katharine Ellis Barrett,1908 The Crowd Pleasers Pete Fusco,2018-01-02

An adventure filled romp through one of aviation s most notable dangerous and entertaining pursuits airshows In the early days of aviation all flights were airshows Spectators gathered whenever a new flying machine attempted to leave the ground

the trick was to get them to pay Takeoffs and landings did not sell tickets but people lined up money in hand to watch a dip of death in which an aviator would dive from as high as he or she dared and pull up at the last second Risk always sells and flying was man s riskiest endeavor yet From the start the exhibition pilots stood out Everything about an aerobatic routine requires a degree of skill and a commitment to practice inconceivable to even most pilots presenting innumerable risks to life and limb And with risk often comes tragedy The Crowd Pleasers is a sweeping history of air show accidents beginning in 1910 with the death of Charles Rolls co founder of Rolls Royce and ending in the present day It brings to light some of the most notable air show accidents of all time and explores the aviators behind them Their stories their motivations In so doing it illuminates the role played by choice social circumstance and fate in these often devastating accidents and the lives attached to them A must read for all aviation buffs The Grand Trine William Northey,2004 **The Black Knight** Roelof Steenbeek,2014-11-28 To date I have never piloted a biplane but for many nights before I had any thought of writing this book I dreamed I was sitting in the cockpit of a black biplane Although I could not see the wings I just somehow knew it was one There was a tiny half moon windshield an instrument panel with some gauges and a joystick in front of me I could feel the wind on my face icy cold in my bones vibrations and movements of the aircraft through the seat of my pants and a hollow feeling in the pit of my stomach A few nights later the silhouetted head and shoulders of a young man started to haunt my dreams instead Every time I dreamed of him his face became a little clearer and I eventually saw he was wearing old fashioned flying goggles and a leather cap everything was sepia colored like an old fashioned photograph or daguerreotype plate Silent at first eventually he said a trifle forlornly but not bitterly Please ask them not to forget us What we fought and died for was it for nothing **The Grand Strategies of Great Powers** Tudor A. Onea,2020-08-05 What is grand strategy and what is it good for What are great powers and which states are great powers today What are the grand strategies available to great powers What are the conditions under which a certain strategy is suitable and when should it be rejected What are the factors affecting the success or failure of a given grand strategy The present volume provides answers to these questions by introducing a typology of great power grand strategies as strategies of rising status quo and declining powers as well as through historical illustrations of each type The reader is thus exposed to strategies such as divide and conquer bidding your time opportunity strike primacy semi detachment concert and appeasement through the experiences of leaders such as Bismarck Peter the Great Metternich Deng Xiaoping Neville Chamberlain and Stalin This analysis is then brought to bear on present developments in the grand strategies of the United States China and Russia The volume should be of interest to both the academic and foreign policy making communities and in particular to students of international relations diplomacy history and current international affairs The Grand Duchess of Nowhere Laurie Graham,2024-07-09 Inspired by the biography of a British royal a historical novel about a princess who defied her family by marrying a Romanov As a granddaughter of Queen Victoria Princess Victoria Melita known affectionately as Ducky must abide by the rules of the royal

family and make a suitable match But Ducky is young and infatuated with a Romanov a member of the doomed Russian imperial family Risking everything to be with the man she loves she forges her own path From her exile to Paris to her glamorous life in St Petersburg Ducky narrates the story of her extraordinary journey at the center of the chaos of the Russian revolution and the demise of the Romanov dynasty Praise for Laurie Graham Graham s style is riveting The Times London Laurie Graham has a wonderfully light deft touch Richard Russo Pulitzer Prize winning author of Empire Falls Why is Laurie Graham not carried on people s shoulders through cheering crowds Her books are brilliant Marian Keyes international bestselling author of *Again Rachel* and *Grown Ups* **San Francisco Bay Area Sports** Rita Liberti, Maureen Smith, 2017-03-15 San Francisco Bay Area Sports brings together fifteen essays covering the issues controversies and personalities that have emerged as northern Californians recreated and competed over the last 150 years The area s diversity anti establishment leanings and unique and beautiful natural surroundings are explored in the context of a dynamic sporting past that includes events broadcast to millions or activities engaged in by just a few Professional and college events are covered along with lesser known entities such as Oakland s public parks tennis player and Bay Area native Rosie Casals environmentalism and hiking in Marin County and the origins of the Gay Games Taken as a whole this book clarifies how sport is connected to identities based on sexuality gender race and ethnicity Just as crucial the stories here illuminate how sport and recreation can potentially create transgressive spaces particularity in a place known for its nonconformity

Report of the Directors of the Great Western Railway Company to the Proprietors Great Western Railway (Great Britain), 1846 *The Grand Wheel* Barrington J. Bayley, 2011-09-29 When empires hung on the turn of a card Cheyne Scarne was a gambler a lucky one What he didn t know about randomatics wasn t worth knowing He had brains to get right to the heart of the Grand Wheel the syndicate that controlled all illegal activity in the planets under human control But what Scarne had staked to get that far was chickenfeed compared to what he would risk to get into the real big time the massive intergalactic combine that dwarfed the empires of mere men For Scarne double crossing at every deal had laid his life on the line to win a game where no one knew the value of the cards and the rules changed with every trick **Grand Slams of**

Cooperative Game Theory and Applications Imma Curiel, 2013-03-14 In this book applications of cooperative game theory that arise from combinatorial optimization problems are described It is well known that the mathematical modeling of various real world decision making situations gives rise to combinatorial optimization problems For situations where more than one decision maker is involved classical combinatorial optimization theory does not suffice and it is here that

cooperative game theory can make an important contribution. If a group of decision makers decide to undertake a project together in order to increase the total revenue or decrease the total costs they face two problems. The first one is how to execute the project in an optimal way so as to increase revenue. The second one is how to divide the revenue attained among the participants. It is with this second problem that cooperative game theory can help. The solution concepts from cooperative game theory can be applied to arrive at revenue allocation schemes. In this book the type of problems described above are examined. Although the choice of topics is application driven it also discusses theoretical questions that arise from the situations that are studied. For all the games described attention will be paid to the appropriateness of several game theoretic solution concepts in the particular contexts that are considered. The computation complexity of the game theoretic solution concepts in the situation at hand will also be considered.

[The Cooperstown Symposium on Baseball and American Culture, 2011-2012](#) William M. Simons, 2013-01-17 The 2011 2012 volume in the Cooperstown Symposium series is a collection of new scholarly essays that use baseball to examine topics whose import extends beyond the ballpark. The essays represent 16 of the leading presentations from the two most recent proceedings of the annual Cooperstown Symposium on Baseball and American Culture held on June 1 4 2011 and May 30 June 1 2012. The essays are divided into six parts. Baseball History Myth and the American Past considers the distinction between reality and remembrance. Decade of Transition The 1960s in Baseball and America explores a critical passage in the evolution of the nation and the game. Baseball Economics Owners Profits and the Public provides perspectives on sports as business. Out of the Bleachers Women Umpiring and Playing links the game to those who participate and care about it despite the expectations of atavistic gender roles.
