Biographical Books, 1950-1980 R.R. Bowker Company. Department of Bibliography, 1980 **The Presidents of American Fiction** Michael J. Blouin, 2022-11-03 The Presidents of American Fiction brings together American literature history and political science to explore the most influential fictionalized accounts of the presidency from the early 19th century to the time of Trump Of late popular understandings of the presidency are being radically re written consider for example the distinctive myths that accompanied the ascent of the Obama and Trump administrations and many readers of all stripes are radically reimagining the office and its holder Placing these changes within a broader cultural context Michael J Blouin investigates narratives involving fictional presidents from the supposedly factual to the outright fantastical within their distinct literary and historical moments The author considers representative texts including works penned by James Fenimore Cooper from the Jacksonian moment Gore Vidal in the age of Nixon and Vietnam and Philip Roth in the neoliberal period Through detailed readings that question how American presidents function as characters within the popular imagination this book examines the presidency as a complex ever evolving trope and in so doing enhances our appreciation of American literature s inextricable link with American politics Why the JFK Assassination Still Matters Richard Buyer, 2009 We live in a great country Yet we must have faith and trust in our government or we cannot succeed On the other hand the government must also believe in its own people Both factions must tell the truth For this reason the JFK assassination still matters History cannot be replayed but it can be rewritten Why read another book about the JFK assassination It s simple the major crime of the twentieth century remains unsolved Although the assassination of President John F Kennedy happened in 1963 the reverberations of this horrific event are still felt today Discrepancies and questions about the assassination remain unanswered Was there a conspiracy behind the assassination If so who was involved Why the JFK Assassination Still Matters discusses new ideas showing Lee Harvey Oswald never fired a shot at the president The Warren Commission was a hoax and the single bullet theory was physiologically impossible Strange bedfellows emerged

when the CIA formed a coalition with organized crime in an attempt to assassinate Fidel Castro President Kennedy became a threat to very powerful forces when he tried to establish a peaceful coexistence with Russia and Cuba About the Author Dr Richard Buyer has been practicing medicine for over thirty five years The assassination of President John F Kennedy was probably the greatest tragedy he has personally experienced He wrote this book to help his children learn the truth behind this horrific event His daughter Kennedy happened to be born on the anniversary of the assassination It is Dr Buyer s goal that all children as well as adults will finally learn the truth about the assassination *American Book Publishing Record Cumulative, 1950-1977* R.R. Yanes,Derrais Carter,2014-01-10 How is Barack Obama represented in popular culture More than the United States 44th president he is also a lens through which we can examine politics art comics and music in various contexts The essays in this collection focus on the buildup to the 2008 election as well as Obama s first year as president a brief historical moment in which Obama was synonymous with possibility The contributors represent a variety of scholarly fields such as film journalism mass communication popular culture and African American studies each adding a unique perspective on Obama s relationship to American culture **Contemporary Authors** ,1974 **Catalog of Copyright Entries, Third Series** ,1961 The record of each copyright registration listed in the Catalog includes a description of the work copyrighted and data relating to the copyright claim the name of the copyright claimant as given in the application for registration the copyright date the copyright registration number etc *Forbidden Fruit* Betty DeRamus,2005-02 *Forbidden Fruit* is a collection of fascinating largely untold stories of ordinary men and women who took extraordinary measures risking life and limb to be together It s the story of couples who faced mobs bloodhounds bounty hunters and bullets to defy the system that allowed slave masters to breed and sell people like cattle Some broke the taboo against interracial marriage putting their lives in the most severe peril In one remarkable story a Georgia couple who fled slavery wearing multiple disguises sailed for England with bounty hunters and federal troops on their trail A fugitive slave from Virginia spent seventeen arduous years searching for his wife A Missouri slave fell in love with his white Mormon neighbor and escaped to Canada to be with her putting pepper in his shoes to throw dogs off the scent at night and hiding in trees by day Betty DeRamus gleaned these amazing stories from descendants of runaway slave couples unpublished memoirs Civil War records books magazines and dozens of previously untapped sources Beautifully and compassionately written this important book reveals a chapter of American history that is shameful but is about triumph as well as torture achievement as well as degradation and indomitable love as well as hate *Catalog of Copyright Entries.
