war correspondents who were covering the conflict The bulge was a protuberance 50 miles wide and 70 miles deep in the American lines The Germans who had been in flight from the American invasion of Normandy were not supposed to be in the Ardennes region with its terrain deemed too difficult for tanks to move or soldiers to fight That deadly assumption left the Ardennes and the town of Bastogne insufficiently defended by 80 000 American soldiers most of whom had minimal battle experience Battle of Berlin The Battle of Berlin was a monumental battle between two adversaries who despised one another For the Russians who had endured the horrific suffering and loss of lives in defending their nation against the Nazi invasion the opportunity for vengeance seemed as if fate was on their side For the German civilians who remained in Berlin the approach of the Red Army invoked terror The Germans hoped that the Americans would reach them first they would have preferred to surrender to the Americans

Remember the Greatest Battle of the Pacific Larry Smith, 2009-05-18 A vivid and compelling account by a true master of oral history General James L Jones USMC Ret Supreme Allied Commander Europe On February 19 1945 nearly 70 000 American soldiers invaded a tiny volcanic island in the Pacific Over the next thirty five days approximately 28 000 soldiers died including nearly 22 000 Japanese and 6 821 Americans making Iwo Jima one of the costliest battles of World War II In his most important work to date best selling author Larry Smith lets twenty two veterans of the conflict tell the story of this epic clash in their own words Many of these soldiers were no more than teenagers when they answered their country's call and yet the men relate the momentous events of this terrible conflict as if they occurred just last year instead of more than half a century ago Describing the initial charge across the treacherous black ash of the landing beach under heavy fire is Chuck Lindberg the last survivor of the two teams that planted the flags on Mount Suribachi a moment captured forever in Joe Rosenthal's iconic photograph for the Associated Press General Fred Haynes recounts his heroic attempts to keep order amid tremendous casualties on the battlefield Woody Williams and George Wahlen two of the battle's twenty six Medal of Honor recipients tell their unbelievable stories and Samuel Tso relates his role as one of the famous Navajo code talkers Though the flags went up just days after the invasion the fighting wasn't over through nearly eight miles of tunnels thousands of Japanese troops defended the island despite hundred degree heat famine rations and the overpowering stench of sulfur To get both sides of the story Smith interviewed the daughter of Captain Tsunezo Wachi one of the most prominent Japanese survivors and presents new evidence about the disappearance of the famed Japanese commander Lieutenant General Tadamichi Kuribayashi who waged a brilliant defense of the island only to allegedly commit suicide rather than submit to the Americans Smith also investigates the controversy surrounding Rosenthal's famous photograph of the flag raising and he interviews bomber and fighter crewmen to hear firsthand whether they believed the terrible cost of capturing the island was truly justified by its strategic use as an emergency stop for B 29 Superfortress bombers Through the story of Navy Cross recipient John Ripley Smith brings the history of the island up to date from its return to Japan in 1968 to the dramatic discoveries made in the caves of Iwo in the 1980s and the Japanese American Reunion of Honor now held annually on the island With dozens of photographs and maps Iwo Jima is a stunning history of this emblematic battle but it is also a personal history of the generation of soldiers many now in their final years who waged one of the most important wars in American history
