## **The Great Caruso:**

The Great Caruso Michael Scott, 1988 Biografie van de Italiaanse zanger 1873 1921 **The Great Caruso** [pressbook]. , 1951 *Mario Lanza* Derek Mannering, 2015-02-12 Blessed with one of the great tenor voices of all time Mario Lanza 1921 1959 rose to spectacular heights in a film recording and concert career that spanned little more than a decade Groomed at the outset for a career on the opera stage Lanza instead flourished in Hollywood where his films most notably *The Great Caruso* broke box office records the world over and influenced the careers of countless musicians To this day the Three Tenors cite him as an inspiration for their own careers on the classical stage Lanza's recordings for RCA sold in the millions and he remains the crossover artist supreme But his tremendous success was derailed by his self destructive lifestyle and by age thirty eight he was dead with his extraordinary promise left unfulfilled Newly revised and updated for its first U S edition *Mario Lanza Singing to the Gods* is the definitive account of the remarkable life and times of one of the twentieth century's most beloved singing stars This richly detailed work also contains a selection of rare photographs several of which are drawn from Lanza's estate With the support of Lanza's daughter Ellisa Lanza Bregman the tenor's colleagues and his closest friend Terry Robinson Derek Mannering has chronicled a fascinating and unforgettable life From the fabulous successes of the early MGM years through the disastrous walkouts and cancellations that sent Lanza's career into freefall Mannering objectively and movingly reveals the story of a great star torn apart by his own troubled psyche and undisciplined lifestyle **Mario Lanza** Armando Cesari, 2004 Lanza's career and personal life are examined with great sensitivity and the authority of more than twenty years of research with the full cooperation of Lanza's family **Music Education** Robert Walker, 2007 This is an important work that addresses the complex issues surrounding musical meaning and experience and the Western traditional justification for including music in education The chapters in this volume examine the important subjects of tradition innovation social change the music curriculum music in the twentieth century social strata culture and music education psychology science and music education including musical values and education Additional topics include the origins of mania aesthetics and musical meaning related to concepts that are well known to the ancient Greeks *Mario Lanza* Roland L. Bessette, 1999 Traces the life and career of the opera singer from his childhood his recording and concert career and his movie stardom to his untimely death at the age of thirty eight *The Literary Digest*, 1921 **Another One of Riley's Pianos** John J. Riley, 2007-04-24 In 1947 John J Riley at age 17 founded with a capital of 250 00 a one man piano business selling and restoring used pianos that lasted for 58 years His story is of the piano industry The people he met and who frequented his shop They are interesting and poignant characters Mr Riley is among a rare and vanishing breed of people who loves their lives work In the beginning of the book he quotes the Chinese philosopher Confucius Choose a job you love and you will never have to work a day in your life Mr Riley did just that His story is a rare insight into a small American piano industry That has seen better days that is now in its twilight years Mr Riley spins his story in a real down to earth

narrative reminiscing to a kinder and more gentle time of life      *Mario Lanza* David Bret, 2014-02-21 Maria Callas called him the greatest tenor who ever lived Vocally and technically Mario Lanza was a genius Like Callas Lanza s was a phenomenal talent complimented by a more than monstrous ego Suffering from what would today be diagnosed as bi polar disorder he lived virtually his whole life with his finger firmly pressed on the self destruct button Too undisciplined to remain in opera Lanza found himself sucked into the Hollywood whirlpool engulfed by the opulent lifestyle this offered easy money good living and limitless food sex and drugs to which he became increasingly addicted Lanza took his frustration out of others frequently launching an uncontrollable temper on those around him and earning himself a reputation as one of the movie stars who were most disliked by their peers in the studio system years Lanza s scatological pranks were as legendary as his drinking womanising and gorging sprees each one followed by crash diets and periods of dark depression and self loathing which made him virtually impossible to control Yet he produced arguably the finest tenor recordings of popular music and opera of the last century as well as some classic films including *The Great Caruso* and *Serenade In Sublime* *Serenade* David Bret uncompromisingly but lovingly and in his unique and celebrated style tells the Lanza story from his birth in a poor district of Philadelphia to his death in Rome 38 years later and his involvement with the Mafia A must for all music and movie fans alike David Bret was born in Paris and is a leading celebrity biographer His many acclaimed books include biographies of Edith Piaf Doris Day Clark Gable and Joan Crawford He lives in Yorkshire      **Musical Canada** ,1913      *On New Shores* Konrad Bercovici, 1925      *Eavesdropping* Stephen Kuusisto, 2013-11-11 A memoir of blindness and listening rendered with a poet s delight by the author of the acclaimed *Planet of the Blind* Blind people are not casual listeners Blind since birth Stephen Kuusisto recounts with a poet s sense of detail the surprise that comes when we are actively listening to our surroundings There is an art to eavesdropping Like Annie Dillard s *An American Childhood* or Dorothy Allison s *One or Two Things I Know for Sure* Kuusisto s memoir highlights periods of childhood when a writer first becomes aware of his curiosity and imagination As a boy he listened to Caruso records in his grandmother s attic and spent hours in the New Hampshire woods learning the calls of birds As a grown man the writer visits cities around the world in order to discover the art of sightseeing by ear Whether the reader is interested in disability American poetry music travel or the art of eavesdropping he or she will find much to hear and even see in this unique celebration of a hearing life      *Encyclopedia of Motion Picture Sound* Marty McGee, 2015-06-08 Ever since 1927 when *The Jazz Singer* broke the silence of the silver screen sound has played an integral role in the development and appreciation of motion pictures This encyclopedia covers the people processes innovations facilities manufacturers formats and award winning films that have made sound such a crucial part of the motion picture experience Every film that has won a sound related Academy Award is included here with detailed critical commentary Every sound mixer or editor who has been honored by the Academy has his or her own entry and filmography and career biographies are provided for key developers including Jack Foley Ray Dolby George Lucas and more
