## **The Great Conductors:**

**The Great Conductors** Harold C. Schonberg, 1967 He is of commanding presence infinite dignity fabulous memory vast experience high temperament and serene wisdom He has been tempered in the crucible but he is still molten and he glows with a fierce inner light He is many things musician administrator executive minister psychologist technician philosopher and dispenser of wrath Like many great men he has come from humble stock and like many great men in the public eye he is instinctively an actor As such he is an egoist He has to be Without infinite belief in himself and his capabilities he is as nothing Above all he is a leader of men His subjects look to him for guidance He is at once a father image the great provider the fount of inspiration the Teacher who knows all He has but to stretch out his hand and he is obeyed He tolerates no opposition His will his word his very glance are law With this pyrotechnical description of the genus Harold Schonberg begins his historical survey of the Great Conductors and their art For the great conductor from the time beater of the thirteenth century to the maestro of today is always the inspired leader who can impose his authority on the musicians who make up his orchestra Thus it was with Bach whom Schonberg pictures leading his forces seated at the clavier or with violin at his shoulder and singing any part that was being wrongly performed Thus it was with Handel who threatened to throw a prima donna out of the window if she would not sing the notes as written Thus it was even with Beethoven because of his deafness a tragically bad conductor who nevertheless tried to impose his will on the performers by practically creeping under the desk for pianissimo and jumping high with outstretched arms for the opposite Before us through the pages of this book march the great conductors of the past and of the present Schonberg evokes Lully who beat time on the floor with a cane so powerfully that he drove it into his foot on one occasion and died of the resulting gangrene We meet Berlioz in constant motion on the podium exuding electricity who held absolute sway over his troops and played on them as a pianist upon the keyboard and Mendelssohn the gentle well mannered aristocrat who ripped up scores and screamed at musicians who showed up drunk and fractious And so through all the important composer conductors Wagner Liszt Mahler Strauss Then the moderns the elemental Arturo Toscanini the loving Bruno Walter the witty and acrimonious Thomas Beecham on and on to the youngest to earn a chapter to himself the phenomenal Leonard Bernstein With biography anecdote vivid description and more than a hundred well chosen prints and photographs Mr Schonberg gives a striking picture of each of these men and dozens of others showing just how and why they influenced the performance of classical music and how they developed a new and modern art the art of conducting Dust jacket

**The Compleat Conductor** Gunther Schuller, 1998-12-10 A world renowned

conductor and composer who has lead most of the major orchestras in North America and Europe a talented musician who has played under the batons of such luminaries as Toscanini and Walter and an esteemed arranger scholar author and educator Gunther Schuller is without doubt a major figure in the music world Now in *The Compleat Conductor* Schuller has penned a highly provocative critique of modern conducting one that is certain to stir controversy Indeed in these pages he castigates many of this century's most venerated conductors for using the podium to indulge their own interpretive idiosyncrasies rather than devote themselves to reproducing the composer's stated and often painstakingly detailed intentions Contrary to the average concert goer's notion all too often shared by the musicians as well that conducting is an easily learned skill Schuller argues here that conducting is the most demanding musically all embracing and complex task in the field of music performance Conducting demands profound musical sense agonizing hours of study and unbending integrity Most important a conductor's overriding concern must be to present a composer's work faithfully and accurately scrupulously following the score including especially dynamics and tempo markings with utmost respect and care Alas Schuller finds rare is the conductor who faithfully adheres to a composer's wishes To document this Schuller painstakingly compares hundreds of performances and recordings with the original scores of eight major compositions Beethoven's fifth and seventh symphonies Schumann's second last movement only Brahms's first and fourth Tchaikovsky's sixth Strauss's *Till Eulenspiegel* and Ravel's *Daphnis et Chloe* Second Suite Illustrating his points with numerous musical examples Schuller reveals exactly where conductors have done well and where they have mangled the composer's work As he does so he also illuminates the interpretive styles of many of our most celebrated conductors offering pithy observations that range from blistering criticism of Leonard Bernstein one of the world's most histrionic and exhibitionist conductors to effusive praise of Carlos Kleiber who is so unique so remarkable so outstanding that one can only describe him as a phenomenon Along the way he debunks many of the music world's most enduring myths such as the notion that most of Beethoven's metronome markings were wrong or unplayable or that Schumann was a poor orchestrator and takes on the cultish clan of period instrument performers observing that many of their claims are totally spurious and chimeric In his epilogue Schuller sets forth clear guidelines for conductors that he believes will help steer them away from self indulgence towards the correct realization of great art Courageous eloquent and brilliantly insightful *The Compleat Conductor* throws down the gauntlet to conductors worldwide It is a controversial book that the music world will be debating for many years to come **A**

The Conductor of Illusions Metin Arditi, 2014-04-21 Alexis Kandilis is an international conductor at the height of his profession He receives standing ovations at every concert and wildly enthusiastic reviews from the media Yet on a personal level he is deeply unfulfilled Mahler's haunting Song on the Death of Children plays over and over in his mind bringing back ugly childhood memories he can't erase A strange collection of not quite true friends and not really beloved family surrounds him his mother Clio who forced him to abandon his dreams of composing for a more prestigious career as a conductor his wife Charlotte whom he despises and frequently betrays his bisexual friends Pavlina and Tatiana Sacha a young and talented Russian flutist and Ted his agent who has booked or overbooked him for the next three seasons They all provide some measure of reassurance but it is easy to predict that Kandilis's glorious world will soon shatter The media takes advantage of an altercation between Kandilis and a percussionist during a rehearsal to attack him condemning not only his action but also his unorthodox methods After a panic attack before a concert he makes an unforgivable mistake during a performance and as a result he is denied the direction of the most prestigious performance of the decade In his private life things are also falling apart Sacha introduces him to an exclusive poker club made up of multimillionaires but his new rich friends begin to distance themselves from him as he becomes increasingly difficult until even his manager recommends that he take some time off Used to being a winner Kandilis starts gambling and losing heavily His disintegration accelerates and at last he enters a psychiatric hospital He still has some friends he can count on but even the most loyal among them can't protect him against himself On his descent into hell he discovers but cannot avoid the darkness that is in all hearts including his own **Lives of**
