J. Foster,2015-02-03 Acceding to the wish of my Publishers that the following

pages should be included in a certain well known series I have termed them Chats on Old Miniatures but confess that I consider the title somewhat of a misnomer inasmuch as I have been accustomed to regard a chat as a conversation between two or more persons interested in a given subject whereas in this little volume it is obvious that I have done all the talking In the interval which has elapsed since my larger works appeared the most important event in connection with the subject of Miniatures is in my opinion the Exhibition of Works of Art of the Eighteenth Century at the French National Library in 1906 The concluding chapter of this book gives the impressions afforded by that extremely interesting and instructive Exhibition In the hope that they will be of use to the general reader I have amplified my references to the public collections of Miniatures in this country especially those at Hertford House and the Jones Collection so rich in the works of Petitot Miss E M Foster has been of much service in revising the proofs and passing this work through the press I have only to add one word and that relates to the illustrations I am fortunate in being able to put before my readers so large a selection of choice examples of the art of miniature painting This I owe to the generosity of the owners of the originals to whom I desire once again to express my indebtedness and thanks

Fashion Curating Annamari Vänskä, Hazel Clark, 2017-12-28 As the practice of fashion curation extends into commercial galleries public and retail spaces and even to the individual self professional concepts of curating are undergoing rapid change Today everyone is seemingly able to curate but where does this leave the traditional understanding of curation as clothing collected and displayed in a museum This thought provoking volume explores the practice of fashion curating in the 21st century bridging the gap between methods of display and notions of the curatorial in fashion exhibitions commercial settings and the virtual world From fashion s earliest forays into the museum to creative collaborations between luxury fashion brands and artists this book challenges understandings of fashion curation by drawing on the palpably new spaces places and actors in today s curating scene Exploring poetic and performative museum displays in venues such as the V A Somerset House MoMu and the Royal Ontario Museum alongside the ways that brands such as Dior Chanel and Louis Vuitton have made use of the curatorial in their own commercial strategies Fashion Curating asks pressing questions about controversial funding and collaboration from the commercial fashion sector and the limitations of producing exhibitions that are at the same time critical and popular Bringing together approaches from fashion curators designers and world renowned academics curation is positioned as a critical practice that opens up new ways of conceptualizing and theorizing fashion challenging how we think and what we already know

A Cultural History of Dress and Fashion in the Age of Enlightenment Peter McNeil, 2018-11-01 Eighteenth century fashion was cosmopolitan and varied Whilst the wildly extravagant and colorful elite fashions parodied in contemporary satire had significant influence on wider dress habits more austere garments produced in darker fabrics also reflected the ascendancy of a puritan middle class as well as a more practical approach to dress With the rise of print culture and reading publics fashions were more quickly disseminated and debated than ever and the appetite for fashion periodicals went hand in hand with a preoccupation

with the emerging concept of taste Richly illustrated with 100 images and drawing on pictorial textual and object sources A Cultural History of Dress and Fashion in the Age of Enlightenment presents essays on textiles production and distribution the body belief gender and sexuality status ethnicity and visual and literary representations to illustrate the diversity and cultural significance of dress and fashion in the period **Subject Index of Modern Books Acquired** British Library,1918
