submission to Moscow Afterwards Fischer and Maslow were removed from the KPD leadership in the fall of 1925 and expelled from the party a year later Henceforth they both lived as communist outsiders persecuted by both Hitler and Stalin Maslow escaped to Cuba via France and Portugal and was murdered under dubious circumstances in Havana in November 1941 He died as a communist dissident committed to the cause of a radical socialist labor movement that lay in ruins Kessler considers Maslow's role in pivotal events such as the Bolshevik Revolution in Soviet revolutionary parties and organizations through to the rise of Stalinism and Cold War anti communism What results is a deep dive into the life of a key yet understudied figure in dissident communism

Remembering Inflation Brigitte Granville, 2013-07-28 Why we need to heed the lessons of high inflation Today's global economy with most developed nations experiencing very low inflation seems a world apart from the Great Inflation that spanned the late 1960s to early 1980s Yet in this book Brigitte Granville makes the case that monetary economists and policymakers need to keep the lessons learned during that period very much in mind lest we return to them by making the same mistakes we made in the past Granville details the advances in macroeconomic thinking that gave rise to the Great Moderation a period of stable inflation and economic growth which lasted from the mid 1980s through the most recent financial crisis She makes the case that the central banks management of monetary policy hinging on expectations and credibility brought about this period of stability and traces the roots of this success back to the eighteenth century foundations of modern monetary thought Tackling fundamental questions such as the causes of inflation and its relation to unemployment and growth the natural rate of inflation hypothesis the fiscal theory of the price level and the proper goals of central banks the book aims above all to demonstrate the dangers of forgetting the role of credibility in establishing sound monetary policy With the lessons of the past firmly in mind Granville presents stimulating ideas and proposals about inflation targeting principles which provide tools for present day monetary authorities dealing with the forces of globalization mercantilism and reserve accumulation

Globalization and Austerity Politics in Latin America Stephen B. Kaplan,2013-01-28 The book explores the effect of financial globalization on Latin American economic policy making The German Economy During the Nineteenth Century Toni Pierenkemper,Richard Tilly,2004-02-01 In the 19th Century economic growth was accompanied by large scale structural change known as industrialization which fundamentally affected western societies Even though industrialization is on the wane in some advanced economies and we are experiencing substantial structural changes again the causes and consequences of these changes are inextricably linked with earlier industrialization This means that understanding 19th Century industrialization helps us understand problems of contemporary economic growth There is no recent study on economic developments in 19th Century Germany So this concise volume written specifically with students of German and economic history in mind will prove to be most valuable not least because of its wealth of statistical data **Revise Modern World History for OCR Specification 1937** Greg Lacey,2002 Written for Modern World History for OCR specification 1937 this revision guide shows students what the key issues are how their history fits together and what to do with their knowledge to succeed in the OCR exam It includes a list of significant facts answers and sample exam questions

Inflation and Deflation in Germany During and After the World War Glenn Wallace Sutton,1927 **Contested Rituals** Robin Judd,2011-05-02 In Contested Rituals Robin Judd shows that circumcision and kosher butchering became focal points of political struggle among the German state its municipal governments Jews and Gentiles In 1843 some German Jewish fathers refused to circumcise their sons prompting their Jewish communities to reconsider their standards for membership Nearly a century later in 1933 another blood ritual kosher butchering served as a political and cultural touchstone when the Nazis built upon a decades old controversy concerning the practice and prohibited it In describing these events and related controversies that raged during the intervening years Judd explores the nature and escalation of the ritual debates as they transcended the boundaries of the local Jewish community to include non Jews who sought to protect restrict or prohibit these rites Judd argues that the ritual debates grew out of broad shifts in German politics the competition between local and regional authority following unification the possibility of government intervention in private affairs the place of religious difference in the modern age and the relationship of the German state to its religious and ethnic minorities including Catholics Anti Semitism was only one factor driving the debates and it often functioned in unexpected ways Judd

gives us a new understanding of the formation of German political systems the importance of religious practices to Jewish political leadership the interaction of Jews with the German government and the reaction of Germans of all faiths to political change A Companion to Modern European History Martin Pugh,1997-10-22 Its sixteen thematic chapters each written by an expert in the field cover social and economic developments the rise and fall of all the major political movements as well as the immense changes generated by war and international diplomacy across Europe **My Revision Notes: Edexcel GCSE (9-1) History: Weimar and Nazi Germany, 1918-39** Steve Waugh,2017-09-04 Exam Board Pearson Edexcel Level GCSE Subject History First teaching September 2016 First exams Summer 2018 Endorsed for Edexcel Target success in Edexcel GCSE 9 1 History with this proven formula for effective structured revision Key content coverage is combined with exam style questions revision tasks and practical tips to create a revision guide that students can rely on to review strengthen and test their knowledge With My Revision Notes every student can br Plan and manage a successful revision programme using the topic by topic plannerbrbr Enjoy an interactive approach to revision with clear topic summaries that consolidate knowledge and related activities that put the content into contextbrbr Build practise and enhance exam skills by progressing through activities set at different levels **Transnational Corporations** Geoffrey Jones,1993 **The inflation crisis, and how to resolve it** Henry Hazlitt,1978 Hitler's Hangman Robert Gerwarth,2011-11-15 A chilling biography of the head of Nazi Germany s terror apparatus a key player in the Third Reich whose full story has never before been told Reinhard Heydrich is widely recognized as one of the great iconic villains of the twentieth century an appalling figure even within the context of the Nazi leadership Chief of the Nazi Criminal Police the SS Security Service and the Gestapo ruthless overlord of Nazi occupied Bohemia and Moravia and leading planner of the Final Solution Heydrich played a central role in Hitler s Germany He shouldered a major share of responsibility for some of the worst Nazi atrocities and up to his assassination in Prague in 1942 he was widely seen as one of the most dangerous men in Nazi Germany Yet Heydrich has received remarkably modest attention in the extensive literature of the Third Reich Robert Gerwarth weaves together little known stories of Heydrich s private life with his deeds as head of the Nazi Reich Security Main Office Fully exploring Heydrich s progression from a privileged middle class youth to a rapacious mass murderer Gerwarth sheds new light on the complexity of Heydrich s adult character his motivations the incremental steps that led to unimaginable atrocities and the consequences of his murderous efforts toward re creating the entire ethnic makeup of Europe This admirable biography makes plausible what actually happened and makes human what we might prefer to dismiss as monstrous Timothy Snyder Wall Street Journal A probing biography Gerwarth s fine study shows in chilling detail how genocide emerged from the practicalities of implementing a demented belief system Publishers Weekly A thoroughly documented scholarly and eminently readable account of this mass murderer The New Republic Distributional Conflict and Inflation R. Burdekin,P. Burkett,1996-08-28 There has been relatively little work applying the conflict inflation approach in different theoretical and

historical settings This book remedies this gap by treating private sector distributional conflicts as well as government budgetary pressures on the money supply and the price level Attention is drawn to the costs of non accommodative policies in a conflict setting and to the additional difficulties of non accommodation likely associated with the use of exchange rate pegging as a disinflation device
