sixty panels of Lawrence's epic narrative Migration series which he created in 1940-1941. They tell of the journey of African Americans who left their homes in the South around World War I and traveled in search of better lives in the northern industrial cities. Lawrence is a storyteller with words as well as pictures; his captions and introduction to this book are the best commentary on his work. A poem at the end by Walter Dean Myers also reveals as do the paintings the universal in the particulars. **BL Notable Children's Books of 1994** ALA 1993 Books for Youth Editors' Choices BL 1994 Teachers' Choices IRA Notable 1994 Children's Trade Books in Social Studies NCSS CBC 1994 Carter G. Making Our Way Home Blair Imani, 2020-01-14 A powerful illustrated history of the Great Migration and its sweeping impact on Black and American culture from Reconstruction to the rise of hip hop. Over the course of six decades an unprecedented wave of Black Americans left the South and spread across the nation in search of a better life, a migration that sparked stunning demographic and cultural changes in twentieth-century America. Through gripping and accessible historical narrative paired with illustrations, author and activist Blair Imani examines the largely overlooked impact of The Great Migration and how it affected and continues to affect Black identity and America as a whole. *Making Our Way Home* explores issues like voting rights, domestic terrorism, discrimination, and segregation alongside the flourishing of arts and culture, activism, and civil rights. Imani shows how these influences shaped America's workforce and wealth distribution by featuring the stories of notable people and events, relevant data, and family histories. The experiences of prominent figures such as James Baldwin, Fannie Lou Hamer, El Hajj Malik El Shabazz, Malcolm X, Ella Baker, and others are woven into the larger historical and cultural narratives of the Great Migration to create a truly singular record of this powerful journey.

The Great Migration Eloise Greenfield, 2010-12-21 We were one family among the many thousands. Mama and Daddy leaving home, coming to the city with their hopes and their courage, their dreams, and their children to make a better life. When Eloise Greenfield was four months old, her family moved from their home in Parmele, North Carolina, to Washington, D.C. Before Jan Spivey Gilchrist was born, her mother moved from Arkansas, and her father moved from Mississippi. Both settled in Chicago, Illinois. Though none of them knew it at the time, they had all become part of the Great Migration. In this collection of poems and collage artwork, award winners Eloise Greenfield and Jan Spivey Gilchrist gracefully depict the experiences of families like their own who found the courage to leave their homes behind and make new lives for themselves elsewhere.

The Southern Diaspora James N. Gregory, 2006-05-18 Between 1900 and the 1970s, twenty million southerners migrated north and west. Weaving together for the first time the histories of these Black and white migrants, James Gregory traces their paths and experiences in a comprehensive new study that demonstrates how this regional diaspora reshaped America by southernizing communities and transforming important cultural and political institutions. Challenging the image of the migrants as helpless and poor, Gregory shows how both Black and white southerners used their new surroundings to become agents of change. Combining personal stories with cultural, political, and demographic

analysis he argues that the migrants helped create both the modern civil rights movement and modern conservatism They spurred changes in American religion notably modern evangelical Protestantism and in popular culture including the development of blues jazz and country music In a sweeping account that pioneers new understandings of the impact of mass migrations Gregory recasts the history of twentieth century America He demonstrates that the southern diaspora was crucial to transformations in the relationship between American regions in the politics of race and class and in the roles of religion the media and culture
