*The Greatest Aces* Edward H. Sims, 1967 Narrates exploits of fighter pilots of World War II including the British Royal Air Force the German Luftwaffe and the U S Army Air Force      **Aces High** Bill Yenne, 2009-02-03 Capturing the hearts of a beleaguered nation the fighter pilots of World War II engaged in a kind of battle that became the stuff of legend They cut through the sky in their P 38s to go one on one against the enemy and those who survived the deadly showdowns with enough courage and skill earned the right to be called aces But two men in particular rose to become something more They became icons of aerial combat in a heroic rivalry that inspired a weary nation to fight on Richard Dick Bong was the bashful pink faced farm boy from the Midwest Thomas Tommy McGuire was the wise cracking fast talking kid from New Jersey What they shared was an unparalleled gallantry under fire which won them both the Medal of Honor and remains the subject of hushed and reverent conversation wherever aerial warfare is admired What they had between them was a closely watched rivalry to see who would emerge as the top scoring American ace of the war What they left behind is a legacy of pride we will never forget and a record of aerial victories that has yet to be surpassed anywhere in the world      **The Greatest Air Aces Stories Ever Told** Robert Barr Smith, Laurence J. Yadon, 2017-04-03 In thirty five chapters *The Greatest Air Aces Stories Ever Told* covers many of the leading American and British Commonwealth fighter aces of WW I and II together with a few bomber crews whose gallantry made a substantial contribution to the end of WW II Other nations had their aces but this book concentrates on American and Commonwealth pilots These aviators were chosen not only because of their scores and their great courage but also for other qualities which set them apart like the WWII Royal Air Force Wing Commander who shot down more than 20 Germans while flying with two artificial legs Here are a few of the aces Note that the air forces of Europe and the United States did not always have today's names used here for simplicity's sake Albert Ball RAF son of the Lord Mayor of Nottingham winner of the Victoria Cross He had 44 victories in WWI when he was killed at the age of 20 well known to his German foes who much admired him Gabby Gabreski USAF Son of hard working Polish immigrants An ace in WWII with 28 kills and later in Korea with another six He was an accomplished commander finished a long career as a colonel Mick Mannock RAF Tough and aggressive in spite of his fear of fire he won not only the Victoria Cross but five other high awards for gallantry Highest British scorer of WWI with 73 victories he detested Germans and rejoiced with every kill He was shot down by ground fire in the last year of the war David McCampbell USN Scored 34 WWII kills to become the U S Navy's all time ace In 1944 set an all time record with nine victories on a single mission Winner of the Congressional Medal Pickard RAF Led the RAF rooftop bomber raid on Amiens Prison In WWII freeing many underground members some of whom were facing death and who were promptly spirited away by French partisans Frank Luke USAF Deadly American famous for his busting of German observation balloons in WWI Shot up over German territory he managed to land safely but being Luke tried to fight it out with enemy infantrymen with only his pistol The book will also touch on the equipment these

aces flew from the famous Fokkers and Sopwith Camels to the ungainly two seater FE2b which was driven by a pusher engine and looked like a bathtub with wings and a miniature oil derrick glued on the back Also included are our own Grumman carrier fighters the P 40s the P 38s as well as the P 51 Mustang probably the finest fighter of the war a happy marriage of an American airframe and a British engine The deadly graceful Spitfire has its place as do the Hurricane the biplane Gladiator and even the four engine Lancaster

**Luftwaffe Fighter Aces** Mike Spick,2021-10-05 Get in the cockpit with some of the greatest German flying aces of all time In this exciting book Mike Spick shows how the Luftwaffe s leading fighter pilots were able to outscore their allied counterparts so effectively and completely during World War II When the records of the Jagdflieger pilots became available after the war they were initially greeted with incredulity the highest claim was for 352 kills and more than one hundred pilots had recorded more than one hundred victories However post war research proved that these claims had in fact been made in good faith and confirmation had only been given after rigorous checking To discover the secret of this success aviation history expert Mike Spick examines the exploits of these aces and sets out the context in which they took place Every major theatre is covered in detail including the conditions peculiar to each climate relative numerical and qualitative strengths the presence or absence of radar and other measures and the relative merits of the planes being flown He focuses on the methods and tactics used by individual aces and uses first hand sources wherever possible to put the reader right alongside the pilot in the cockpit

**Through the Eyes of the World's Fighter Aces** Robert Jackson,2007-11-13 This is the story of the fighter aces who flew throughout the war in many different operational theatres The book opens with the first Polish Aces during the German invasion and continues with Finlands pilots in the Winter War against the Soviets There follows the battle for France with the experiences of RAF Luftwaffe and French Aces and then the legendary Battle of Britain North Africa became a critical area together with the heroic defense of Malta and air battles over Greece and the Balkans that were fought in 1941 The Eastern front opened with operation Barbarossa where German aces were created by the dozen flying superior aircraft against an ill trained Soviet air force and then in the north when pilots battle for air supremacy over Leningrad and the Russian seaports When Japan entered the fray in 1942 their first aces flew over Singapore Java and Sumatra and the early US Marine aces earned their spurs at Guadalcanal Back in Europe RAF fighter pilots were taking the war to the enemy and in the southern theatre the desert and Balkan air forces struck into the southern belly of the Reich After D Day British and American fighter units supported the Allied land advance and also defended London against Hitlers V 1s whilst in the east Soviet aces battled over Berlin In the closing stages of the war Germany introduced its first jet fighter aces and then finally in the days before the atomic bombs we read of the Japanese aces flying in desperate defense of their homeland as it comes under air attack for the first time

**Flying Aces** James H. Kitchens, Bernard C. Nalty, James A. Kitchens, G.E. Patrick Murray, 1999 Some of greatest dramas of World War II occurred in the skies where courageous and the tenacious fighter pilots battled in dogfights so fierce that the pilots and their planes became legends in their own time Their stories continue to capture the imaginations of World War II buffs and history fans today as well as countless talented artists who painstakingly recreate their most famous battles in vivid detail and with staggering accuracy This fantastic volume presents more than one hundred such works with detailed historical descriptions of each scene With more than 100 full color reproductions of works by today s most renowned historical artists Archival photographs of legendary Aces and historical descriptions of their planes and their greatest battles enhance each scene presented Includes the greatest Aces of both the Allied and Axis forces Aces in Command Walter J. Boyne, 2001 Eddie Rickenbacker Hub Zemke Boots Blesse and Robin Olds are in the pantheon of American fighter aces Their names are familiar to many but there has never been a book that examined their brilliant leadership ability as well as their aerial prowess These four men were all robust personalities difficult to discipline and more often than not thorns in the sides of their commanders Each of these elite pilots burned to become the leading ace of his time These qualities were not unique However the achievements of these men were extraordinary even for the miniscule percentage of fighter pilots who ever became aces Rickenbacker Zemke Blesse and Olds distinguished themselves by becoming force multipliers they used their leadership skills instinctive knowledge of air warfare and superior piloting abilities to make the other pilots in their units better warriors These men put their units interest ahead of every other goal and in the process made their units far more effective Instead of using their skills merely to achieve personal glory they trained units that produced multiple aces while achieving ace status themselves Renowned aviation historian Walter Boyne details the careers of these legendary aces but also explains the reasons why these pilots achieved such great success as aces and leaders Boyne s fascinating narrative puts

Dyer,2015-08-04 *Canada in the Great Power Game 1914 2014* is a serious contemplation of what it means to engage in major world conflicts and the price we pay when we do The First World War was Canada's baptism of fire or at least the only one that people now remember Montrealers in 1776 or Torontonians in 1814 would have taken a different view From 1914 to 1918 after a century of peace Canadians were plunged back into the old world of great power rivalries and great wars So was everybody else but Canadians were volunteers We didn't have to fight but we chose to out of loyalty to ideas and institutions that today many of us no longer believe in And we have been doing the same thing ever since although we haven't quite given up on the latest set of ideas and institutions yet In *Canada in the Great Power Game* Gwynne Dyer moves back and forth between the seminal event the First World War and all the later conflicts that Canada chose to fight in He draws parallels between these conflicts with the same idealism among the young soldiers and the same deeply conflicted emotions among the survivors surfacing time and again in every war right down to Afghanistan And in each case the same arguments pro and con arise mostly from people who are a long safe way from the killing grounds for every one of those wars of choice Echoing throughout the book are the voices of the people who lived through the wars the veterans the politicians the historians the eyewitnesses And Dyer takes a number of so called excursions from his historical account in which he revisits the events and puts them in context pausing to ask such questions as What if we hadn't fought Hitler and Is war written in our genes This entertaining and provocative book casts an unsparing eye over what happens when Canada and the great powers get in the war business illuminating much about how we see ourselves on the world stage **The Great Dictionary**
