The Greenpeace Of Dolphins:

The Greenpeace Book of Dolphins John May, 1990 **The Greenpeace Book of Dolphins** John May, 1990 A celebration tinged with tragedy This reference illustrated with color photographs maps and charts combines information on the evolution habits intelligence and anatomy of the dolphin with a survey of the growing threats to its survival Annotation copyrighted by Book News Inc Portland OR **The Greenpeace Book of Dolphins** Kieran Mulvaney, John May, 1990 **The Dolphins of Hilton Head** Cara M. Gubbins, 2021-03-25 One population of a truly fascinating species The Dolphins of Hilton Head introduces readers to the unique population of bottlenose dolphins that inhabits the warm water and brackish salt marshes of South Carolina s inland coastal waterways Drawing on years of research in Hilton Head and the latest discoveries of scientists throughout the world Cara Gubbins describes this atypical habitat and explains how the distinctive behaviors of Hilton Head dolphins distinguish them from other populations She identifies their particular behavior patterns vocalizations behavioral ecology and local traditions Gubbins also offers practical suggestions on how best to view and understand these animals while visiting the island Framing her study with a general overview of dolphins and their habits Gubbins explores the natural history ecology and evolution of free ranging Atlantic bottlenose dolphins in South Carolina She compares this population with others throughout the world to reveal the South Carolina dolphins innovative foraging techniques novel social system and unconventional habitat use patterns Gubbins debunks widely held myths about the animals addresses conservation issues that will affect their future in South Carolina waters and discusses environmental problems that threaten them worldwide While Gubbins looks specifically at the dolphins of Hilton Head her guide helps readers understand these animals throughout the world She offers advice not only for spotting dolphins but also for interpreting such specific behaviors as feeding socializing resting traveling and communication S. 39, the International Dolphin Conservation Program Act United States. Congress. Senate. Committee on Commerce, Science, and Transportation. Subcommittee on Oceans and Fisheries, 1997 *Dolphins and Their Power to Heal* Amanda Cochrane, 2000 **The ^AWealth of Nature** Donald Worster, 1994-10-27 Hailed as one of the most eminent environmental historians of the West by Alan Brinkley in The New York Times Book Review Donald Worster has been a leader in reshaping the study of American history Winner of the prestigious Bancroft Prize for his book *Dust Bowl* Worster has helped bring humanity s interaction with nature to the forefront of historical thinking Now in *The Wealth of Nature* he offers a series of thoughtful eloquent essays which lay out his views on environmental history tying the study of the past to today s agenda for change Worster ranges across such areas as agriculture water development and other questions examining them as environmental issues and showing how they have affected and continue to affect human settlement He also examines urban life and history in the context of environmental history and goes on to argue for a comprehensive approach to understanding our past as well as our present in environmental terms Nostalgia runs all through this society Worster writes fortunately for it may be our only hope of

salvation These reflective and engaging essays capture the fascination of environmental history and the beauty of nature lost or endangered underscoring the importance of intelligent action in the present Tuna/dolphin Issues United States. Congress. House. Committee on Resources. Subcommittee on Fisheries, Wildlife, and Oceans,1996 Gold Dust on His Shirt Irene Howard,2010-12-08 Gold Dust on His Shirt is an evocative telling of the experience of a Scandinavian immigrant family of hard rock miners at the turn of the century and up to World War II Based on fascinating historical research these are tales of arriving in Amerika blasting the Grand Trunk Pacific railway work in the mines and domestic life and labour struggles in company towns throughout British Columbia Part family history part economic and social history Gold Dust on His Shirt is an intriguing look at life on the industrial frontier the world of immigrant workers and the rise of unions such as the Wobblies This remarkable and provocative tale of a family region and era references a number of broader social and political issues **Who Rules the Waves?** Denise Russell,2010-03-03 Piracy international disputes over undersea oil and gas and chronic overfishing have left our oceans in turmoil How can we resolve these issues International law states that a coastal country has territorial rights for 12 miles into the sea yet in practice many countries have virtually no control over their own waters Denise Russell provides a thorough examination of the politics of the sea from environmental issues to water economics and governance of the waters She reveals how we need to radically rethink ocean governance calling for the establishment of an international agency powerful enough to settle disputes at sea or else risk ever accelerating climate change and the continued overuse of the sea s resources *The ISLE Reader* Michael P. Branch,Scott Slovic,2003 This volume gathers nineteen of the most representative and defining essays from the journal ISLE Interdisciplinary Studies in Literature and Environment over the course of its first ten years Following an introduction that traces the stages of ecocriticism s development The ISLE Reader is organized into three sections each of which reflects one of the general goals the journal has sought to accomplish The section titled Re evaluations provides new readings of familiar environmental writers and new environmental perspectives on authors or literary traditions not usually considered from a green perspective The writings in Reaching Out to Other Disciplines promote cross pollination among various disciplines and methodologies in the environmental arts and humanities The writings in the final section New Theoretical and Practical Paradigms are especially significant for the conceptual and methodological terrain they map The ISLE Reader documents the state of research in ecocriticism and related interdisciplinary fields provides a survey of the field and points to new methodologies and possibilities for the future **Bats Sing, Mice Giggle** Jagmeet Kanwal,Karen Shanor,2010-05-01 Bats Sing Mice Giggle tracks many years of research by hundreds of scientists that reveals how wild animals as well as pets have inner secret lives of which until recently although many animal lovers will have instinctively believed it we have had little proof The authors show how animal friends stay in touch and how they warn and help each other in times of danger how some animals problem solve as or in some instances even more effectively than humans and how they regulate create and entertain themselves and

others They show how animals express grief and reverence in ways we never thought possible From the sleep patterns of some owls birds and horses as well as porpoises who go to sleep in only one half of their brains at a time to how schools of electric fish give off complex signals of one frequency to communicate with their mates and another frequency to locate their prey and how Polar bears tune into quantum radio stations to sense prey as far away as ten miles and under the snow Bats Sing Mice Giggles provide an unparalleled insight into animals secret lives

The WTO Dispute Settlement System Kati Kulovesi,2011-09-01 Tensions between economic interests and environmental protection have assumed crisis proportions in awareness at every level of society In particular the World Trade Organization has become entangled in controversies related to legitimacy democracy environmental protection and fragmentation of international law fuelling a contentious debate on the use or abuse of environmental norms at the WTO To a greater degree than any comparable treatment this book focuses on the role of the WTO dispute settlement system in addressing trade environment conflicts Highlighting the ways in which environmental issues challenge the legitimacy of WTO jurisprudence it considers such relevant core issues as the following challenges posed to the WTO by so called linkage issues such as environmental protection labour and investment to what extent the WTO can apply rules of international law e g environmental ones that are not contained in the WTO agreements and concerns over the Dispute Settlement System s lack of democratic accountability in matters of great public interest The study analyses in detail the role of international environmental law in three key WTO cases namely the Shrimp Turtle Hormones and Biotech disputes This deeply informed and thoughtful book is of special importance for its proposals on how the WTO dispute settlement system can improve its legitimacy while respecting the limits of its mandate It will be welcomed by international trade attorneys environmental lawyers concerned academics and students and government officials in both trade and environmental policy

Dolphins, Porpoises, and Whales Randall R. Reeves,Stephen Leatherwood,IUCN/SSC Cetacean Specialist Group,1994 Consistent evaluation and new recommendations for action are required of protective measures to address threats that were unrecognized or non existent until recently Global warming noise pollution and reduced availability of prey are now of great concern The all too familiar threats of accidental killing in fishing gear and exposure to toxic chemicals remain almost intractable This Action Plan reviews threats and offers possible solutions It also contains a thorough review of the status of species and a list of 57 recommended research projects and education initiatives

The Culture of Feedback Daniel Belgrad,2019-08-30 When we want advice from others we often casually speak of getting some feedback But how many of us

give a thought to what this phrase means The idea of feedback actually dates to World War II when the term was developed to describe the dynamics of self regulating systems which correct their actions by feeding their effects back into themselves By the early 1970s feedback had become the governing trope for a counterculture that was reoriented and reinvigorated by ecological thinking The Culture of Feedback digs deep into a dazzling variety of left of center experiences and attitudes from this misunderstood period bringing us a new look at the wild side of the 1970s Belgrad shows us how ideas from systems theory were taken up by the counterculture and the environmental movement eventually influencing a wide range of beliefs and behaviors particularly related to the question of what is and is not intelligence He tells the story of a generation of Americans who were struck by a newfound interest in and respect for plants animals indigenous populations and the very sounds around them threading his tapestry with cogent insights on environmentalism feminism systems theory and psychedelics The Culture of Feedback repaints the familiar image of the 70s as a time of Me Generation malaise to reveal an era of revolutionary and hopeful social currents driven by desires to radically improve and feed back into the systems that had come before

Make It a Green Peace! Frank Zelko, 2013-04-03 The emergence of Greenpeace in the late 1960s from a loose knit group of anti nuclear and anti whaling activists fundamentally changed the nature of environmentalism its purpose philosophy and tactics around the world And yet there has been no comprehensive objective history of Greenpeace s origins until now Make It a Green Peace draws upon meeting minutes internal correspondence manifestos philosophical writings and interviews with former members to offer the first full account of the origins of what has become the most recognizable environmental non governmental organization in the world Situating Greenpeace within the peace movement and counterculture of the 1960s Frank Zelko provides a much deeper treatment of the group s groundbreaking brand of radical media savvy direct action environmentalism than has been previously attempted Zelko traces the complex intellectual and cultural roots of Greenpeace to the various protest movements of the 1950s and 1960s highlighting the influence of Quakerism with its practice of bearing witness Native American spirituality and the non violent resistance of Gandhi Unlike the more strait laced less confrontational Sierra Club and Audubon Society early Greenpeacers smoked dope dropped acid wore their hair long and put their bodies on the line interposing themselves between the harpoons of whalers and the clubs of seal hunters to save the animals and achieve what they hoped would be a lasting transformation in the way humans regarded the natural world And while it may not have achieved its most revolutionary goals Greenpeace inarguably created a heightened awareness of environmental issues that endures to this day Narrating the key campaigns and arguments among the group s early members Make It a Green Peace vividly captures all the drama pathos and occasional moments of absurd comic relief of Greenpeace s tumultuous first decade

McLuhan's Children Stephen Dale, 1996 McLuhan s Children is an inside look at Greenpeace s rise to global prominence through its savvy use of mass media imagery From the flamboyant guerilla theatre approach to the emergence of environmentalism as a dominant international issue
