The Grotto Under The Tree:

The Grotto Under the Tree John Theo, 2013-02-05 Sebastian and Sara mistakenly descend into a mystical land where elves mermaids gnomes and other mythological creatures live The two discover they have stumbled into an ancient battle between these fair folk and evil creatures called the Kylo Their guide on this journey is Capri an elf lord who is on a guest to find his lost tribe The Kylo chase the children and Capri in his flying galleon north into the Arctic Circle where they find the most unlikely ally During the final battle the children learn about sacrifice love and ultimately forgiveness Olive Tree Manuela Darling-Gansser, 2003 Under the Olive Tree is a story of family life and food in Lugano an elegant city clinging to the edges of a Swiss lake near the northern Italian border and the sapphire seas of the Costa Smeralda in Sardegna Italy Manuela Darling Gansser along with photographer Simon Griffiths captures this inspirational journey as she revisits the memories sights smells and tastes of her home town and the summer holidays of her childhood Eat salami and mountain cheeses with red wine in the tiny grotto restaurants in the remote valleys of southern Switzerland Sample traditional Sardinian fare of Culligiones large pasta cushions filled with potato and wild mint and Semifreddo Di Miele Amaro a soft ice cream flavoured with the unique Sardegnan bitter honey in the picturesque harbours on the Mediterranean Manuela Darling Gansser has cooking in her blood her greatgrandfather founded a restaurant in Lugano 120 years ago and his son her grandfather made it famous She is your perfect guide host intimately translating the food and flavours of her heritage Under the Olive Tree is a celebration of Mediterranean al fresco living at its best *The Grottos of Barigoule* Frank Frost, 2019-11-19 In April of 1545 a horrific massacre of more than 3 000 heretics in southern France occurred In one small village twenty five women and children hid in a secret grotto in the hills above town But they were betrayed Royal and papal troops built a fire in the mouth of the grotto and murdered them all by suffocation So much is an established historical fact Two American couples living in the present village of Barigoule and enjoying the peace and pleasures of Provence discover the history of the local atrocity They resolve to unearth the secrets still hidden in the deadly grotto now forgotten after four and a half centuries But they are frustrated at every turn by the stubborn silence of the locals Worse the few who offer to help are murdered Finally they are aided by a French police inspector and his partner a lovely Muslim woman and a deadly shot When an ancient document is discovered that exposes the fantastic outcome of the killings at the grotto all concerned are forced to flee for their lives until they take refuge in the cave itself where the savage conclusion to their guest takes place

The Sacred Tree Carole M. Cusack,2011-05-25 The fundamental nature of the tree as a symbol for many communities reflects the historical reality that human beings have always interacted with and depended upon trees for their survival Trees provided one of the earliest forms of shelter along with caves and the bounty of trees nuts fruits and berries gave sustenance to gatherer hunter populations This study has concentrated on the tree as sacred and significant for a particular group of societies living in the ancient and medieval eras in the geographical confines of Europe and sharing a common Indo

European inheritance but sacred trees are found throughout the world in vastly different cultures and historical periods Sacred trees feature in the religious frameworks of the Ghanaian Akan Arctic Altaic shamanic communities and in China and Japan The power of the sacred tree as a symbol is derived from the fact that trees function as homologues of both human beings and of the cosmos This study concentrates the tree as axis mundi hub or centre of the world and the tree as imago mundi picture of the world The Greeks and Romans in the ancient world and the Irish Anglo Saxons continental Germans and Scandinavians in the medieval world all understood the power of the tree and its derivative the pillar as markers of the centre Sacred trees and pillars dotted their landscapes and the territory around them derived its meaning from their presence Unfamiliar or even hostile lands could be tamed and made meaningful by the erection of a monument that replicated the sacred centre Such monuments also linked with boundaries and by extension with law and order custom and tradition The sacred tree and pillar as centre symbolized the stability of the cosmos and of society When the Pagan peoples of Europe adopted Christianity the sacred trees and pillars visible signs of the presence of the gods in the landscape were popular targets for axe wielding saints and missionaries who desired to force the conversion of the landscape as well as the people Yet Christianity had its own tree monument the cross on which Jesus Christ was crucified and which came to signify resurrected life and the conquest of eternal death for the devout As European Pagans were converted to Christianity their tree and pillar monuments were changed into Christian forms the great standing crosses of Anglo Saxon northern England played many of the same roles as Pagan sacred trees and pillars Irish and Anglo Saxons Christians often combined the image of the Tree of Life from the Garden of Eden with Christ on the cross to produce a Christian version of the tree as imago The Lemon Tree Terry White, 2019-04-05 This book is one man's journey through life from a time long ago to a mundi now much different future There are a few sad times but through the pages laughter is never far away Terry White was born and has lived most of his life in Scarborough although he spent ten years working and living in Gibraltar Married with two children and three grandchildren Terry spent all his working life in the building trade After a tragic house fire affected Terry he turned to poetry Over the last twenty five years he has had numerous poems published in newspapers magazines and anthologies of poetry all to critical acclaim He has recited his poems on radio and many appear in his earlier book Where the Reflecting River Flows Terry now concentrates on creative writing
