Where Sin Abounds Stanley A. Steward, 2012-03-20

Las Vegas has long been characterized as Sin City. It is a common assumption of many outsiders that Las Vegas is a spiritual wasteland devoid of any significant religious community and bereft of traditional values. This is most certainly not the case. In fact, Las Vegas has a strong, healthy, and growing religious dimension. Within this milieu is a strong and rapidly expanding Pentecostal dimension to the city's profile of faith. The Pentecostals in Las Vegas are a microcosm of Pentecostalism both nationally and globally. On the whole, this expression of Christian faith is certainly among the fastest growing religions in the world. Some sociologists and demographics experts identify Evangelicals and Pentecostals as the emerging religious majority in America's future. Most mainstream denominations are in decline, but Pentecostals continue to grow both in numbers and influence. This book will explore and analyze several local Pentecostal congregations and the dynamic relationship between the church and the Strip. It will focus on the interplay between one of America's most devout religious subcultures and one of its most secular cities.

Mexicans in Wisconsin Sergio González, 2017-10-27 From agricultural and factory workers to renowned writers and musicians, the Mexican immigrants who have made their homes in Wisconsin over the past century have become a significant and diverse part of this state's cultural and economic history. Coming from a variety of educational and professional backgrounds, the earliest Mexican immigrants traveled north in search of better economic opportunities and relief from the violence and economic turmoil of the Mexican Revolution. They found work in tanneries and foundries and on beet farms where they replaced earlier European immigrant workers who had moved on to family farms. As Mexican immigration has grown to the present day, these families have become integral members of Wisconsin communities, building businesses, support systems, and religious institutions. But their experience has also been riddled with challenges as they have fought for adequate working conditions, access to education, and acceptance amid widespread prejudice. In this concise history, learn the fascinating stories of this vibrant and resilient immigrant population, from the Tejano migrant workers who traveled north seasonally to work in the state's cucumber fields to the determined labor movement led by Jesus Salas to the young activists of the Chicano Movement and beyond.

GROWING CHURCH SPIRITUALLY ISAIAH MACWEALTH, There is a spirit or attitude that is required to attain church growth. This spirit or attitude is an indication that church growth and explosion are near. The spirit of church growth refers to the prevailing quality or attitude displayed by one who wants to experience church growth. This refers to the dominating characteristics that a church or pastor who desires church growth should display. When I see a minister who truly wants his church to grow, there are some tendencies and dispositions that I observe that make me know that the person is gearing up for church growth. I see a hunger that often translates into actions that in time trigger church growth. Therefore, any pastor who will experience church growth must also carry this attitude or spirit. This is what I intend to expose you to in
