The Growing Dawn Documentary Fiction:

The Growing Dawn [computer File] : Documentary Fiction Mark Frutkin,1998 **The Tumble of Reason** Ajay Heble,1994-11-01 Much of the critical writing on the fiction of Alice Munro has explored and emphasized Munro's realism. But her stories frequently turn on what has been left out: they are rife with unsent unfinished letters with things people mean to but do not say or tell. Ajay Heble's study focuses on Munro's involvement with a discourse of absence and suggests that our understanding of these texts often depends not only on what happens in the fiction but also on what might have happened. Munro's stories confer their meaning not simply by referring to an outer reality but also by bestowing upon the reader a stimulating wealth of possibilities taken from what we might call a potential or absent level of meaning. Characteristically they articulate an unresolvable tension between variants on these positions: between on the one hand her delineation of a surface reality, a world out there which we are invited to recognize as real and true, and on the other her involvement with a discourse of absence that challenges the very conventions within which her fiction operates. Drawing on structuralist and post-structuralist theories of language and its relation to meaning, knowledge and systems of power, and on theories of postmodernist fiction, Heble offers both a careful reading of Munro's stories and a theoretical framework for reading meanings in absence. His book extends recent revisionist analysis and makes a valuable and original contribution to the criticism on Munro.

Contemporary Hollywood Evdokia Stefanopoulou,2023-07-27 The Science Fiction Film in Contemporary Hollywood focuses on the American science fiction SF film during the period 2001-2020 in order to provide a theoretical mapping of the genre in the context of Conglomerate Hollywood Using a social semiotics approach in a systematic corpus of films the book argues that the SF film can be delineated by two semiotic squares the first one centering on the genre's more than human ontologies SF bodies and the second one focusing on its imaginative worlds SF worlds Based on this theoretical framework the book examines the genre in six cycles which are placed in their historical context and are analyzed in relation to cultural discourses such as technological embodiment race animal human relations environmentalism global capitalism and the techno-scientific Empire By considering these cycles which include superhero films creature films space operas among others as expressions of the genre's basic oppositions the book facilitates the comparison and juxtaposition of films that have rarely been discussed in tandem offering a new perspective on the multiple articulations of the SF film in the new millennium

Adapting Science Fiction to Television Max Sexton, Malcolm Cook,2015-07-01 Before it reached television science fiction existed on the printed page in comic books and on movie screens for decades Adapting science fiction to the new medium posed substantial challenges Small viewing screens and limited production facilities made it difficult to achieve the sense of wonder that had become the genre's hallmark Yet television also offered unprecedented opportunities Its serial nature allowed for longer more complex stories as well as developing characters and building suspense over time Producers of science fiction television programming learned to create adaptations that honored the source material literature comics or film while taking full advantage of television's unique aesthetic In *Adapting Science Fiction to Television Small Screen Expanded Universe* Max Sexton and Malcolm Cook examine how the genre evolved over time The authors consider productions in both the UK and the United States ranging from Walt Disney's acclaimed *Man in Space* in the 1950s to the BBC's reimagined *Day of the Triffids* in the 1990s Iconic characters from Flash Gordon and Captain Nemo to Superman and Professor Quatermass all play a role in this history along with such authors as E. M. Forster and Wernher von Braun The real

stars of this study however are the pioneering producers and directors who learned how to bring imagined worlds and fantastic stories into living rooms across the globe The authors make the case that television has become more sophisticated capable of taking on larger themes and deploying a more complex use of the image than other media A unique reappraisal of the history and dynamics of the medium Adapting Science Fiction Television will be of interest not only to scholars of science fiction but to anyone interested in the early history of television as well as the evolution of its unique capacity to tell stories

Revulsion: The Paradox of Disgust in the Rape-Revenge Narrative Brandon West, 2025-05-27. The extant scholarship of the rape revenge narrative has frequently either upheld this narrative form's feminist bonafides or condemned it as misogynistic. Creed. In this volume, West argues that these competing camps of thought have largely elided rape revenge's inherent ambivalence, which stems from the paradoxical role disgust plays in rape revenge texts. That is, disgust is essential for portraying rape as the horrific act it is, but employing disgust in a rape revenge text risks alienating audiences. To explore this issue, Brandon West first shows the strengths and pitfalls of different methods rape revenge auteurs have used to approach this disturbing narrative form. Showing rape and revenge in graphic detail has well-documented issues in the scholarship, but the author shows how texts that eschew such graphic portrayals also have their own consequent weaknesses. Thereafter, West articulates the paradox of disgust so he can isolate this key issue hounding these texts and analyses thereof. Then, West shows how disgust plays multiple roles in these texts, roles that make the paradox more challenging to resolve. To this end, the book shows disgust not only risks alienating audiences but also forms part of the pleasure these texts offer audiences. And so, West enumerates the possible pleasures of disgust. Finally, this book pulls these threads together to examine a couple of final rape revenge texts, one of which 2017's *Revenge*, West argues, is the most successful anti-rape narrative discussed in this volume because of the balance it strikes between evoking disgust and avoiding alienating audiences.

Quarry, 1985. *Apocalypse, Revolution and Terrorism* Jeffrey Kaplan, 2018-09-21. This book focuses on religiously driven oppositional violence through the ages. Beginning with the 1st century Sicari, it examines the commonalities that link apocalypticism, revolution, and terrorism occurring in Judaism, Christianity, and Islam, past and present. It is divided into two sections: *This Was Then* and *This is Now*, which together examine the cultural and religious history of oppositional violence from the time of Jesus to the aftermath of the 2016 American election. The historical focus centers on how the movements' leaders and revolutionaries from earlier times are interpreted today through the lenses of

historical memory and popular culture The radical right is the primary but not exclusive focus of the second part of the book At the same time the work is intensely personal in that it incorporates the author s experiences in the worlds of communist Eastern Europe in the Iranian Revolution and in the uprisings and wars in the Middle East and East Africa This book will be of much interest to students of religious and political violence religious studies history and security studies Pauline Images in Fiction and Film Larry Joseph Kreitzer,1999-03-01 This is Dr Kreitzer s third study in the Biblical Seminar Series in which the connections between biblical texts classic works of literature and cinematic interpretations of those works of literature are explored The aim is to illuminate both the New Testament texts and facets of contemporary culture through a cross disciplinary approach The studies discuss a wide variety of theological themes including shipwreck and salvation eschatology eucharistic imagery and liberation and slavery
