The Government Of The Soviet Union:

The Government of the Soviet Union Samuel Northrup Harper, 1947 **The Government of the Soviet Union** Gwendolen Margaret Carter, John H. Herz, 1967 *The government of the Soviet Union* Samuel N. Harper, 1949 The Government of the Soviet Union Samuel Northrup Harper, Ronald Bettles Thompson, 1949 **Government in the Soviet Union** Frederick Lewis Schuman, 1967 **Local Government in the Soviet Union** Cameron Ross, 2024-04-12

Local Government in the Soviet Union 1987 analyses the Soviet Union's limited success in improving local government between in the 1960s to 1980s as the country made a drive toward centralized policy control. It examines the institutional framework and changes in crucial policy areas and argues that a fragmented vertical power structure involving the three bureaucracies of Party ministries and the city and regional soviets was unproductive. It shows how group interests moulded and adapted policies and how the Party's initiative in centralizing policy was thwarted. It also outlines the significance of the industrial base in determining local budgets and the provision of amenities as opposed to overtly political factors.

Ideology, Politics, and Government in the Soviet Union John Alexander Armstrong, 1986. Using a social science approach the author presents the historical and ideological foundations of today's Soviet political system and provides a concise but thorough exposition of the Soviet political and legal institutions including the role of the Communist Party. This fourth edition also addresses economic issues, nationality problems and the interplay of domestic and international forces in Soviet foreign policy. Originally published in 1962 by Frederick A Praeger Inc.

Khrushchev in the Kremlin Jeremy Smith, Melanie Ilic, 2011-01-25

This book presents a new picture of the politics, economics and process of government in the Soviet Union under the leadership of Nikita Khrushchev. Based in large part on original research in recently declassified archive collections, the book examines the full complexity of government including formal and informal political relationships, economic reforms and nationality relations in the national republics of the USSR, the treatment of political dissent, economic progress through technological innovation, relations with the Eastern bloc, corruption and deceit in the economy and the reform of the railways and construction sectors. The book re-evaluates the Khrushchev era as one which represented a significant departure from the Stalin years, introducing a number of policy changes that only came to fruition later whilst still suffering from many of the limitations imposed by the Stalinist system. Unlike many other studies which consider the subject from the perspective of the Cold War and superpower relations, this book provides an overview of the internal development of the Soviet Union in this period, locating it in the broader context of Soviet history. This is the companion volume to the Jeremy Smith and Melanie Ilic's previous edited collection *Soviet State and Society under Nikita Khrushchev* Routledge 2009.
