Managing the Supply Chain J.L. Gattorna, David Walters, 1996-08-16
This text takes an updated view of the issues involved in supply chain management in today's business environment In the 1990s many businesses have gone through a number of changes in particular through focusing on core activities and divesting themselves of many of the support functions traditionally carried out in house This development has led to the necessity for a broader concept of logistics that embraces the functions of both suppliers and customers into an integrated supply chain The consequence of this is that the fundamental disciplines of logistics management must be reviewed and

modified Within this framework the text addresses topics such as Value chain analysis Activity based costing Strategic partnerships and alliances International operations Optimisation Best practice and benchmarking The book is ideal for students and practitioners in the field of logistics and supply chain management Gower Handbook of Quality Management Matt Seaver,2003 Drawing on the enormous experience and expertise of the contributors who are all renowned in their fields The third edition has been reorganized according to the well known quality concept of Plan Do Check Act reflecting the way in which businesses should ideally be working if they are to achieve quality excellence The text has been developed from its original leaning towards engineering to make it applicable for businesses in general Each chapter provides sufficient information to enable managers to gauge the importance and usefulness of the subjects covered The additions have made the third edition of the Gower Handbook of Quality Management even more useful than its predecessors

Australian national bibliography ,1961 The Leadership Imperative Andrew Spencer,2014-08-11 This innovative work combines the fields of e tourism adoption and strategic management and identifies the combination of antecedents of

technology adoption by distilling factors to identify the key determinant of the adoption of the internet for sales and marketing purposes in small owner managed travel firms While it focuses on travel firms in Jamaica it examines the general issue of firm characteristics which are associated with adoption behaviour such as strategy and resources as well as external factors such as culture and the digital divide In addition to external and firm factors personal factors such as ownership and leadership are explored at various stages of adoption The findings indicate that the role of leadership is much more significant than has been previously posited and this book therefore recommends a new theoretical model with practical implications for determining technology adoption

Industrial Production Management in Flexible Manufacturing Systems Dima, Ioan Constantin, 2013-01-31 Industrial Production Management in Flexible Manufacturing Systems addresses the present discussions surrounding flexible production systems based on automation robotics and cybernetics as they continue to replace the traditional production systems The book also covers issues related to the use of multi servicing in the operational management of the industrial production and its scheduling systems

Technology Adoption in the Caribbean Tourism Industry Andrew Spencer, 2020-10-31 This book investigates the adoption of Information and Communication Technologies ICTs in Caribbean travel firms particularly for sales and marketing purposes By examining the decision making process in tourism companies deciding whether to become more dependent on digital capabilities and artificial intelligence this text seeks to understand the role of strategy and resources in technology adoption Further the author assesses the role of factors both external such as culture and internal such as leadership in this strategic process Economies in the Caribbean are reliant on tourism to bring prosperity to the region and with the onset of the COVID 19 pandemic the industry is being forced to transform the way it operates With implications for those studying organizational behavior as well as strategic and tourism management this study analyzes rapid change in this pivotal industry
