The Grace And Grandeur Of Natchez Homes:

The Grace and Grandeur of Natchez Homes, 1994 This book explores historical information fascinating details about the owners and architects and specifics of the architecture *IT HAPPENED IN MISSISSIPPI* Marlo Carter Kirkpatrick, 2013-10-01 It Happened in Mississippi takes readers on a rollicking behind the scenes look at some of the characters and episodes from the Magnolia State's storied past Including both famous tales and famous names and little known heroes heroines and happenings *First Lady of the Confederacy* Joan E. Cashin, 2009-02-15 When Jefferson Davis became president of the Confederacy his wife Varina Howell Davis reluctantly became the First Lady For this highly intelligent acutely observant woman loyalty did not come easily she spent long years struggling to reconcile her societal duties to her personal beliefs Raised in Mississippi but educated in Philadelphia and a long time resident of Washington D C Mrs Davis never felt at ease in Richmond During the war she nursed Union prisoners and secretly corresponded with friends in the North Though she publicly supported the South her term as First Lady was plagued by rumors of her disaffection After the war Varina Davis endured financial woes and the loss of several children but following her husband's death in 1889 she moved to New York and began a career in journalism Here she advocated reconciliation between the North and South and became friends with Julia Grant the widow of Ulysses S Grant She shocked many by declaring in a newspaper that it was God's will that the North won the war A century after Varina Davis's death in 1906 Joan E Cashin has written a masterly work the first definitive biography of this truly modern but deeply conflicted woman Pro slavery but also pro Union Varina Davis was inhibited by her role as Confederate First Lady and unable to reveal her true convictions In this pathbreaking book Cashin offers a splendid portrait of a fascinating woman who struggled with the constraints of her time and place **The Majesty of Natchez** Brooke, Steven, 1999 **Architecture and Interior Design Through the 18th Century** Buie Harwood, Bridget May, Curt Sherman, 2002 For courses in History of Architecture Interior Design Furnishings and Decorative Arts Exceptionally comprehensive this single source text reference allows students to compare and contrast architecture interior design interior architectural features design details motifs furniture space planning color lighting textiles interior surface treatments and decorative accessories through many centuries from antiquity to the 18th century from the many regions of the world Additionally it includes later interpretations of architecture interiors and furniture to illustrate the evolution of each stylistic influence and examples of costumes The volume is extensively illustrated and features many diagrammed illustrations with explanatory notes highlighting specific design features **Robert W. Tebbs, Photographer to Architects** Richard Anthony Lewis, 2011-12-05 One of the finest architectural photographers in America Robert W Tebbs produced the first photographic survey of Louisiana's plantations in 1926 The images now housed in the Louisiana State Museum and never before widely available consist of 110 plates showcasing fifty two homes Author and curator Richard Anthony Lewis explores Tebbs's life and photographs revealing in both a new awareness of historic preservation *Natchez*

Hugh Howard, Roger Straus, 2003 Two hundred stunning photographs complement a beautiful celebration of architecture lifestyle history and interior design in a study of some of the great antebellum houses that mark the architectural heritage of Natchez Mississippi 12 000 first printing The News-letter of the Society for the Study of Southern Literature Society for the Study of Southern Literature, 1994 Contract, 2007 **The Confederate Belle** Giselle Roberts, 2003 While historians have examined the struggles and challenges that confronted the Southern plantation mistress during the American Civil War until now no one has considered the ways in which the conflict shaped the lives of elite young women otherwise known as belles In *The Confederate Belle* Giselle Roberts uses diaries letters and memoirs to uncover the unique wartime experiences of young ladies in Mississippi and Louisiana In the plantation culture of the antebellum South belles enhanced their family's status through their appearance and accomplishments and later by marrying well During the American Civil War a new patriotic womanhood superseded the antebellum feminine ideal It demanded that Confederate women sacrifice everything for their beloved cause including their men homes fine dresses and social occasions to ensure the establishment of a new nation and the preservation of elite ideas about race class and gender As menfolk answered the call to arms southern matrons had to redefine their roles as mistresses and wives Southern belles faced a different yet equally daunting task After being prepared for a delightful bellehood young ladies were forced to reassess their traditional rite of passage into womanhood to compromise their understanding of femininity at a pivotal time in their lives They found themselves caught between antebellum traditions of honor and of gentility a binary patriotic feminine ideal and wartime reality

Charting the Plantation Landscape from Natchez to New Orleans Laura Kilcer VanHuss, 2021-05-05

Charting the Plantation Landscape from Natchez to New Orleans examines the hidden histories behind one of the nineteenth century South's most famous maps Norman's Chart of the Lower Mississippi River created by surveyor Marie Adrien Persac before the Civil War and used for decades to guide the pilots of river vessels Beyond its purely cartographic function Persac's map depicted a world of accomplishment and prosperity while concealing the enslaved and exploited laborers whose work powered the plantations Persac drew In this collection contributors from a variety of disciplines consider the histories that Persac's map omitted exploring plantations not as sites of ease and plenty but as complex legal political and medical landscapes Essays by Laura Ewen Blokker and Suzanne Turner consider the built and designed landscapes of plantations as they were structured by the logics and logistics of both slavery and the effort to present a facade of serenity and wealth William Horne and Charles D Chamberlain III delve into the political activity of formerly enslaved people and slaveholders respectively while Christopher Willoughby explores the ways the plantation health system was defined by the agro industrial environment Jochen Wierich examines artistic depictions of plantations from the antebellum years through the twentieth century and Christopher Morris uses the famed Uncle Sam Plantation to explain how plantations have been memorialized remembered and preserved With keen insight into the human cost of the idealized version of the agrarian South depicted in
