published here with a translation and detailed commentary along with a full introduction to Optatian's work during this period. Optatian was sent into exile by Constantine sometime after the Emperor's ascent to power in Rome in 312 AD. Hoping to receive pardon, Optatian sent a gift of probably twenty design poems to Constantine around the time of the ruler's twentieth anniversary 325-326 AD. To enable the reader to experience the multiple messages of the poems, the Latin text is presented near the English translation with any related design close by. Some poems laid out on a grid of up to 35 letters across and down have an interwoven poem marking key letters in the primary poem, thereby revealing a highlighted image. Some designs include the Chi Rho or numerals created from V's and X's to mark imperial anniversaries. Other previously unrecognised designs seem to represent senatorial, imperial, military or bureaucratic motifs or to derive from coin images. Shape poems representing a water organ, an altar and a panpipe reveal their relevance immediately. The introduction and commentary elucidate literary allusions from over 100 authors: lines from Vergil, Ovid, Lucan, Silius Italicus, Statius and lesser known writers abound, and mythological references mostly to the Muses and Apollo. Optatian's prestige as an official in both Greece and Rome is well attested; these poems mark Optatian as a fascinating writer of his time, holding onto the classical past while acknowledging Christian symbolism.

The History of English Poetry, from the Close of the Eleventh to the Commencement of the Eighteenth Century Thomas Warton, 1775      The History of English Poetry Thomas Warton, 2022-09-29 Reprint of the original first published in 1871      Traditions and Contexts in the Poetry of Horace Tony Woodman, Denis Feeney, 2002-05-16 This book explores the whole range of the output of an exceptionally versatile and innovative poet from the Epodes to the literary critical Epistles. Distinguished scholars of diverse background and interests introduce readers to a variety of critical approaches to Horace and to Latin poetry. Close attention is paid throughout to the actual text of Horace with many of the chapters focusing on reading a single poem. These close readings are then situated in a number of different political, philosophical and historical contexts. The book sheds light not only on Horace but on the general problems confronting Latinists in the study of Augustan poetry and it will be of value to a wide range of upper level Latin students and scholars.
