The Great Age Of Fresco Discoveries Recoveries And Survivals:

The Great Age of Fresco Millard Meiss,1970 Discusses history style and techniques of some of the world s most splendid monumental paintings Michelangelo and the Pope's Ceiling Ross King,2014-10-14 From the acclaimed author of Brunelleschi s Dome and Leonardo and the Last Supper the riveting story of how Michelangelo against all odds created the masterpiece that has ever since adorned the ceiling of the Sistine Chapel In 1508 despite strong advice to the contrary the powerful Pope Julius II commissioned Michelangelo Buonarroti to paint the ceiling of the newly restored Sistine Chapel in Rome Despite having completed his masterful statue David four years earlier he had little experience as a painter even less working in the delicate medium of fresco and none with challenging curved surfaces such as the Sistine ceiling s vaults The temperamental Michelangelo was himself reluctant He stormed away from Rome incurring Julius s wrath before he was eventually persuaded to begin Michelangelo and the Pope s Ceiling recounts the fascinating story of the four extraordinary years he spent laboring over the twelve thousand square feet of the vast ceiling while war and the power politics and personal rivalries that abounded in Rome swirled around him A panorama of illustrious figures intersected during this time the brilliant young painter Raphael with whom Michelangelo formed a rivalry the fiery preacher Girolamo Savonarola and the great Dutch scholar Desiderius Erasmus a youthful Martin Luther who made his only trip to Rome at this time and was disgusted by the corruption all around him Ross King blends these figures into a magnificent tapestry of day to day life on the ingenious Sistine scaffolding and outside in the upheaval of early sixteenth century Italy while also offering uncommon insight into the connection between art and history **Publications of the Metropolitan Museum of Art, 1964-2005** Metropolitan Museum of Art,2012-10-09 The present volume Publications of The Metropolitan Museum of Art 1964 2005 is a successor to a volume published by the Museum in 1965 entitled Publications of The Metropolitan Museum of Art 1870 1964 These two bibliographic volumes endeavor to list all the known books pamphlets and serial publications bearing the Museum s imprint and issued by the institution during the first 135 years of its existence through June 2005 The first volume was compiled by Albert TenEyck Gardner at the time an Associate Curator of American Paintings and Sculpture and the present volume has been compiled from the Annual Reports issued by the Museum during the relevant years Together the two volumes testify to the tremendous contributions made to knowledge by the curators and conservators of the Metropolitan and by the many other experts who have contributed to the Museum s exhibition catalogues Various issues of the Bulletin emphasize the great sweep of the Museum s acquisitions during these years and the exhibition catalogues a number of them Alfred H Barr Jr Award or the George Wittenborn Award testify to the continuity of the institution s dedicated program to enrich people s lives through knowledge of art This title was originally published in 2006 Routledge Revivals: Medieval Italy (2004) Christopher Kleinhenz,2017-07-05 First published in 2004 Medieval Italy An Encyclopedia provides an introduction to the many and diverse facets of Italian civilization from the late Roman empire to the end of the fourteenth

Pontormo, Bronzino, Allori Elizabeth Pilliod, 2001-01-01 Pilliod compares information from documents she has discovered with Vasari s versions of the artists lives and shows how Vasari manipulated their biographies for example suppressing any mention of Pontormo s status as a court artist including his salary from Duke Cosimo I in order to diminish their reputations to obliterate memory of the traditional Florentine workshops and to enhance the importance of the Academy instead She also discusses such subjects as the evidence for Pontormo s association with the Medici court Pontormo s house and its place in the urban fabric of Florence Bronzino s and Pontormo s intimate association with poets and theatrical spectacles and Allori s painted challenge to Vasari s view of the artistic scene in sixteenth century

Florence **Visible Spirit** Irving Lavin, 2006-12-31 As early as the 1950s Professor Irving Lavin was recognized as a major voice in American art history His sustained production of seminal scholarly contributions have left their mark on an astonishingly wide range of subjects and fields Bringing these far reaching publications together will not only provide a valuable resource to scholars and students but will also underscore fundamental themes in the history of art historicism the art of commemoration the relationship between style and meaning the intelligence of artists themes that define the role of the visual arts in human communication Irving Lavin is best known for his array of fundamental publications on the Baroque artist Gian Lorenzo Bernini 1598 1680 These include new discoveries and studies on the master s prodigious childhood his architecture and portraiture his invention of caricature his depictions of religious faith and political leadership his work in the theatre his attitude toward death and the role of the artist in the creation of a modern sense of social responsibility All of Professor Lavin s papers on Bernini are here brought together in three volumes The studies have been reset and in many cases up dated and there is a comprehensive index **Tintoretto** Tom Nichols, 2015-10-01 Jacopo Tintoretto 1518 94 is an ambiguous figure in the history of art His radically unorthodox paintings are not readily classifiable and although he was a Venetian by birth his standing as a member of the Venetian school is constantly contested But he was also a formidable maverick abandoning the humanist narratives and sensuous color palette typical of the great Venetian master Titian in favor of a renewed concentration on core Christian subjects painted in a rough and abbreviated chiaroscuro style This generously illustrated book offers an extensive analysis of Tintoretto s greatest paintings charting his life and work in the context of Venetian art and the culture of the Cinquecento Tom Nichols shows that Tintoretto was an extraordinarily innovative artist who created a new manner of painting which for all of its originality and sophistication was still able to appeal to the shared emotions of the widest possible audience This compact pocket edition features sixteen additional illustrations and a new afterword by the author and it will continue to be one of the definitive treatments of this once grossly overlooked master
