Wakeman, 2009 Frederic Wakeman s scholarship is impeccable and the breadth of learning in this book is astounding I repeatedly found myself slowing down to savor the material Many of the essays in this collection are no longer easily accessible and placing them together in a single volume will be a great benefit to the next generation of students and

scholars Joseph W Esherick author of *The Origins of the Boxer Uprising* This book brings together the best of Frederic Wakeman's articles all of which are beautifully written and represent the remarkable breadth of Wakeman's research The opportunity to read them together sheds new light on Chinese history and on the thought processes of one of the West's greatest historians Madeleine Zelin Director of the East Asian National Resource Center at Columbia University *Policing Shanghai, 1927-1937* Frederic Wakeman Jr., 1995-02-17 Prewar Shanghai casinos brothels Green Gang racketeers narcotics syndicates gun runners underground Communist assassins Comintern secret agents Frederic Wakeman's masterful study of the most colorful and corrupt city in the world at the time provides a panoramic view of the confrontation and collaboration between the Nationalist secret police and the Shanghai underworld In detailing the life and politics of China's largest urban center during the Guomindang era Wakeman covers an array of topics the puritanical social controls implemented by the police the regional differences that surfaced among Shanghai's Chinese the influence of imperialism and Western trained officials Parts of this book read like a spy novel with secret police torture assassination and power struggles among the French International Settlement and Japanese consular police within Shanghai Chiang Kai shek wanted to prove that the Chinese could rule Shanghai and the country by themselves rather than be exploited and dominated by foreign powers His efforts to reclaim the crime ridden city failed partly because of the outbreak of war with Japan in 1937 but also because the Nationalist police force was itself corrupted by the city Wakeman's exhaustively researched study is a major contribution to the study of the Nationalist regime and to modern Chinese urban history It also shows that twentieth century China has not been characterized by discontinuity because autocratic government whether Nationalist or Communist has prevailed
