The Great Initiates Volume2:

The Great Initiates Edouard Schuré,1925 *The Secret Doctrine, Vol. 2* H. P. Blavatsky,2022-10-13 There is perhaps no greater enigma in modern Western literature than The Secret Doctrine The controversial Russian noblewoman Madame Helena Petrovna Blavatsky told the world that the book restored humanity s lost history and destiny Its insights she said had been gleaned from long secret books of wisdom and her tutelage under mahatmas or great souls adepts from the East who exposed the seeker to their esoteric teaching To read The Secret Doctrine is to enter a mysterious world of ancient cosmology and spiritual scientific insights which tell of humanity s unthinkably ancient past and its burgeoning evolution into a new more refined existence For the first time Blavatsky s encyclopaedia arcana is available in a reset and redesigned single volume edition complete and unabridged Its truths and challenges are available to the intrepid reader who may find yet unknown insights within its pages **Secret Societies: Gardiner's Forbidden Knowledge (Volume 2 Of 2) (Easyread Super Large 24Pt Edition)** Philip Gardiner,2009

Esoteric Astrology for the New Age, Vol 2: Cosmological Astrology Bodo Balsys,2025-01-08 This book will set the stage for the new cosmological understanding for our local universe from the astrological perspective The background for proper comprehension is my The Constitution of Shambhala plus Bailey s A Treatise on Cosmic Fire and Esoteric Astrology The focus is upon the Mother of the World s department and the disastrous events that happened upon the moon in that far distant past when it harboured a human kingdom The key individuals that went aberrant then through grievous sex magical practices have either since been converted upon the earth to become the Hierarchy of Enlightened Being or else are the forces of evil the dark brotherhood that have presently taken over planetary affairs That ancient history is traced to the next globe in our earth Scheme in the fifth Round that will bear a human kingdom The astrological conditions that set the stage for this is first established viewed from above down rather than from the normal earth centred astrology The focus is upon the activities of the former Logos of the moon Chain which was a Taurean dispensation ruled by the Mother s department Explained is His subsequent fall and incarnation upon the earth coupled with a similar though lesser fall of Sanat Kum ra He did so to properly monitor the consequent dangerous situation upon the earth because of the vast number of evil entities from the moon that subsequently incarnated to admix with the earth s indigenous humanity The events producing the great flood that sank the Atlantean continent have their true genesis here

The Astrological and Numerological Keys to The Secret Doctrine, Volume 2 Bodo Balsys,2021-02-01 This volume continues with a detailed explanation of the nature of the ageless wisdom and its codification via astrological and numerological means It starts with happenings upon the higher mental plane and then the process of the materialisation of phenomena right through to the dense physical plane The subjective happenings underlying the formation of a world sphere are described as well as the great Lives involved The focus is upon the genesis of our earth and of the incarnation of humanity upon it Much more information is given concerning the activities of the twelve Creative Hierarchies than previously

plus the mode of the manifestation of phenomena as it condenses from the subtle planes of perception to appear as dense substance Our empirical scientists begin their investigations here hence omitting the vast subjective processes and associated laws causing objective phenomena Blavatsky s genius is revealed in her masterful incorporation of the vast esoteric philosophy via the most economic means where each word chosen produces an astounding revelatory vision once properly decoded Those not familiar with this philosophy will be astounded by its overall completeness and breadth of detail They will be led to an ocean of discovery as to what actually constitutes the nature of the content of an enlightened Mind Hopefully this will lead many to seek the way to likewise become enlightened beings *Hidden Wisdom in the Holy Bible, Vol. 2* Geoffrey Hodson,1994-07-01 In this insightful interpretation of the Holy Bible the profound spiritual and power bestowing truths of the sacred language of such Old Testament stories as the Creation the Flood and Tower the Life of Joseph as a Mystery Drama and Moses and the Exodus are liberated from their cryptic enclosure The second of a two part abridgement published in 1994 *The Publishers' Circular and Booksellers' Record* ,1929 **The Three Mountains, The Return to the Light Book 2** Olivia P Cabral,V. Master Samael Aun Weor,Master Kwen Khan Khu,2017-12-29 The Three Mountains The Return to the Light Book 2 is the continuation of the First Book by the same author The Journey takes us across the Second and Third Mountains that exists in a Parallel Dimension or Superior Dimensions You will go through the Esoteric Tests Trials and Tribulations that Master Samael Aun Weor went through himself in his own lifetime to reach Liberation With this Book I complete The Map of the Path I started in my First Book I added as much information as possible regarding the Path itself for the reader to get a clear picture of what to await at every stage This book must be lived through if YOU are to reach The Absolute or Great Light Olivia P Cabral **The Theatre of the Occult Revival E.** Lingam,2014-11-19 This book explores the religious foundations political and social significance and aesthetic aspects of the theatre created by the leaders of the Occult Revival Lingam shows how theatre contributed to the fragmentation of Western religious culture and how contemporary theatre plays a part in the development of alternative occult religions The Gnostic World Garry W. Trompf,Gunner B. Mikkelsen,Jay Johnston,2018-10-03 The Gnostic World is an outstanding guide to Gnosticism written by a distinguished international team of experts to explore Gnostic movements from the distant past until today These themes are examined across sixty seven chapters in a variety of contexts from the ancient pre Christian to the contemporary The volume considers the intersection of Gnosticism with Jewish Christian Islamic and Indic practices and beliefs and also with new religious movements such as Theosophy Scientology Western Sufism and the Nation of Islam This comprehensive handbook will be an invaluable resource for religious studies students scholars and researchers of Gnostic doctrine and history **Diplomacy** Robert F. Trager,2017-10-26 How do adversaries communicate How do diplomatic encounters shape international orders and determine whether states go to war Diplomacy from alliance politics to nuclear brinkmanship almost always operates through a few forms of signaling choosing the scope of demands on another state

risking a breach in relations encouraging a prot g staking one s reputation or making a diplomatic approach all convey specific sorts of information Through rich history and analyses of diplomatic network data from the Confidential Print of the British Empire Trager demonstrates the lasting effects that diplomatic encounters have on international affairs The Concert of Europe the perceptions of existential threat that formed before the World Wars the reduction in Cold War tensions known as d tente and the institutional structure of the current world order were all products of inferences about intentions drawn from the statements of individuals represented as the will of states Diplomacy explains how closed door conversations create stable orders and violent wars

[The Chronicles of Sekhmet on Olmecra Book 2](#) indigo ptah, 2022-09-21 In the Ancient Lands of Kemet Goddess Sekhmet is a Legendary Lioness Woman In the chronicles the famous lioness woman NTR is tasked with raising the vibrational energies of humans on a specific part of Earth called Olmecra And unless there is an elevation in vibrations Earth will not ascend with the other planets in its galaxy The Matriarchy of the Kemetic Pantheon and Cosmic Goddesses are the protagonist of the book displaying their best nurturing attributes The story is being told from a divine feminine perspective in a way Goddess Sekhmet is not traditionally typified For those who study the Ancient Egyptians and or Kemet metaphors will develop into myth And for those who are new to the subject matter the interaction of the immortals with humans will encourage readers to seek what is seeking them This novella is unique in that few stories are dedicated to the African Cosmic Pantheon as compared to books popularized by Greek and Roman mythology Book Two is the second of a series of seven novellas that chronicle how the Goddess Sekhmet assists humans to help Earth ascend In Book One three exceptionally conscious women face individual crisis situations And to the surprise of themselves and their community they gain the gift to transform into a lioness woman to balance out their circumstances Another exceptional woman takes their signal to begin a new purpose quest to assist with Earth s ascension The main antagonist status quo of patriarchy in the form of selfish systematic supremacy attempts to progress its parasitic programming practices by spreading fear and eating away at natural

energy resources on the planet and beyond But the forces of nature get more involved in Earth s evolution As an exceptional man embraces his animal spirit to provide and protect the path of the lioness women Book Two continues the chronicles in Book One with immortal conversations and early background on how and why Olmecra was formed The stories may seem controversial to some but are non confrontational And the story lines are never meant to make accusation of anyone or any group of people But rather what is emphasized is the misuse of spirituality and the decline of the human condition As the author evolves the chronicles she hopes the concept of Personal Agency is encouraged so the reader expands their thoughts on their individual journey and how their purpose fits in the Universe **Have You Been to Delphi?** Roger
