The Great Women:

The Times Great Women's Lives Sue Corbett, 2014-09-16 This selection of Times obituaries from 1872 to 2014 revisits the lives of 125 women who have all in their own way played an important part in women's educational, professional, social, cultural, and emotional journey over the best part of two centuries. The anthology starts with the obituary of 91-year-old pioneering mathematician and scientist Mary Somerville d 1872 and concludes with that of 110-year-old concert pianist and Holocaust survivor Alice Herz Sommer d 2014. In between come a formidable trio of later scientists: the discoverer of radium Marie Curie, the unsung heroine of DNA Rosalind Franklin, and the only British woman to win a Nobel Prize for science Dorothy Hodgkin. Plus a further quintet of great pianists: Clara Schumann, Myra Hess, Eileen Joyce, Tatiana Nikolayeva, and Moura Lympany. Among campaigners, there is nursing reformer Florence Nightingale d 1910, along with suffragists Emmeline Christabel and Sylvia Pankhurst d 1928. 1958 and 1960: the 20th century's best-known promoter of contraception Marie Stopes d 1958, civil rights worker Rosa Parks d 2005, founder of the hospice movement Cicely Saunders d 2005, anti-apartheid campaigner Helen Suzman d 2009, and Nobel Prize-winning environmentalist Wangari Maathai d 2011. Interspersed are women prime ministers from Golda Meir of Israel d 1978 to Margaret Thatcher d 2013, actresses from Sarah Bernhardt d 1923 to Marilyn Monroe d 1962 and Elizabeth Taylor d 2011, novelists from George Eliot d 1880 to Doris Lessing d 2013, singers from Jenny Lind d 1887 to Joan Sutherland d 2010, plus aviators, a mountaineer, a Channel swimmer, war correspondents, ballerinas, sportswomen, botanists, US first ladies, iconic members of the British royal family, and more.

Great Women in American History Rebecca Price Janney, 1996-01-01 Great Women In American History highlights twenty-three historical figures, including some famous, some not so famous, who had a profound impact on the development and character of our nation. The underlying theme of the book is how their faith and principles motivated these women to accomplish great things. All periods of American history, various racial and ethnic backgrounds, and a wide range of interests and occupations are represented. Each chapter, written in a conversational, anecdotal style, begins with a dramatic episode from the woman's life, followed by an in-depth look into her achievements. Illustrations and Facts at a Glance round out each biography. This lively, readable book offers an alternative to the secularized history being promoted today in educational circles. Homeschoolers and students in both public and Christian schools will find Great Women In American History a valuable resource.

Writing Women's History Since the Renaissance Mary Spongberg, 2017-03-08 The complaint of Catherine Morland in Jane Austen's *Northanger Abbey* that history has hardly any women at all is not an uncommon one. Yet there is evidence to suggest that women have engaged in historical writing since ancient times. This study traces the history of women's historical writing, reclaiming the lives of individual women historians, recovering women's historical writings from the past, and focusing on how gender has shaped the genre of history. Mary Spongberg brings together for the first time an extensive survey of the progress of women's historical writing from the Renaissance to the present, demonstrating the continuities between women's historical writings in the past and the development of a distinctly woman-centred historiography. *Writing Women's History since the Renaissance* also examines the relationship between women's history and the development of feminist consciousness, suggesting that the study of history has alerted women to their unequal status and enabled them to use history to achieve women's rights. Whether feminist or anti-feminist, women who have had their historical writings published have served as role models for women seeking a voice in the public sphere and have been instrumental in encouraging the growth of a feminist discourse.

The Fifty Greatest Women in American History Michael F. Shaughnessy, Donald C. Elder, 2019 Over the past several hundred years, many women have made major, significant contributions to society, to their countries, and to their field of endeavor, be it literature, music, art, politics, or the enhancement of women in general. Many of these women have not received the acknowledgement and recognition that they deserve. This book is an attempt to rectify that deficiency. In a warm, storytelling fashion, the authors lay out the scenarios and contributions of fifty of the most famous women of history. These individuals have accomplished great things, not only in their time period but often against great odds and difficulties. Students of history and students in general need to be aware of the contributions of these women. Certainly, there are others that arguably could be included, but this is a first attempt to sensitize the students of this century to the great accomplishments of the women who came before them and established a foundation for a just, equitable society wherein all women are valued, recognized, and acknowledged. Students of history will find this panoramic overview a rich, robust source of knowledge, and proponents of women's issues will tend to recognize the grandeur and splendor of women's contributions to civilization and humanity in general.
