Coburn,2020-04-03 Follow the Way is about how the virtues of humility gratitude and simplicity impact prayer and a relationship with God We learn these virtues from the life of Jesus Like the dust Jesus kicked up stuck to the sweaty disciples as they followed close behind our habits and practices of listening being and seeing stick on those following us Humility teaches us to listen A relationship cannot be a one sided conversation humility reminds us to quiet our own voice enough to recognize the voice of God in our lives Gratitude teaches us to be present A relationship cannot be based solely on the past or the future we need to recognize God in the present in ordinary moments of life Simplicity teaches us to see A relationship cannot have clarity without each understanding the other we need to clear out the noise and interference in order to recognize God s will and plan for our life Humility gratitude and simplicity empower us to pray intimately and experience an intimate relationship where we truly know God not just stuff about God **Insights and Oversights of the Great**

Thinkers Charles Hartshorne,1983-01-01 One learns a great deal about a major philosopher by coming to appreciate his perspective on the history of philosophy Here Charles Hartshorne gives us just such a perspective on the history of philosophy and thereby on himself This is a reexamination of the history of philosophy looking at neglected aspects of the philosophers thought interpreting their views in a sharply focused controversial manner in order to show the origins and development within the Western tradition of the metaphysical and moral views represented by process philosophy The result is a fresh look at the tradition This is a clearly written readable original and constructive interpretation of the history of philosophy in the West from the sixth century before Christ to the present As the best known living representative of process philosophy Hartshorne shows that it has anticipations in Plato Aristotle Leibniz Hegel Schelling and many others even including the materialist Epicurus and the atheist Nietzsche Process philosophy and theology have significant overlap with the views of most of the creative constructive philosophers and theologians of recent times including Peirce William James Bergson Heidegger Paul Weiss Berdyaev John Findlay Paul Tillich Sartre Merleau Ponty and others This philosophy takes creative freedom transcending causal determinism and a generalized idea of sympathy feeling of feeling love as universal

principles of life and nature **Christ and Controversy** Alan P.F. Sell, 2012-01-01 What may happen when Christians take doctrine seriously One possible answer is that the shape of churchly life on the ground can be significantly altered This pioneering study is both an account of the doctrine of the person of Christ as it has been expounded by the theologians of historic English and Welsh Nonconformity and an attempt to show that while many Nonconformists held classical orthodox views of the doctrine between 1600 and 2000 others advocated alternative understandings of Christ s person hence the evolution of the ecclesial landscape as we have come to know it The traditions here under review are those of Old Dissent the Congregationalists Baptists Presbyterians and their Unitarian heirs and the Calvinistic and Arminian Methodist bodies that owe their origin to the Evangelical Revival of the eighteenth century **Values Education in Religious Education** Aida Josefa A.
