*The Greatest Iron Ship* George S. Emmerson, 1980      Iron, Stone and Steam Tim Bryan, 2023-11-15 Isambard Kingdom Brunel Victorian icon engineer artist architect designer and visionary entrepreneur and celebrity His astounding feats changed the British landscape and this new book tells the story of his awe inspiring achievements and innovations as a railway engineer      *Brunel's Ships and Boats* Helen Doe, 2018-09-15 The first book to provide an overview of all of Brunel's vessels richly illustrated and endorsed by the SS Great Britain Trust      The Oxford Handbook of the Archaeology of the Contemporary World Paul Graves-Brown, Rodney Harrison, Angela Piccini, 2013-10-17 It has been clear for many years that the ways in which archaeology is practised have been a direct product of a particular set of social cultural and historical circumstances archaeology is always carried out in the present More recently however many have begun to consider how archaeological techniques might be used to reflect more directly on the contemporary world itself how we might undertake archaeologies of as well as in the present This Handbook is the first comprehensive survey of an exciting and rapidly expanding sub field and provides an authoritative overview of the newly emerging focus on the archaeology of the present and recent past In addition to detailed archaeological case studies it includes essays by scholars working on the relationships of different disciplines to the archaeology of the contemporary world including anthropology psychology philosophy historical geography science and technology studies communications and media ethnoarchaeology forensic archaeology sociology film performance and contemporary art This volume seeks to explore the boundaries of an emerging sub discipline to develop a tool kit of concepts and methods which are applicable to this new field and to suggest important future trajectories for research It makes a significant intervention by drawing together scholars working on a broad range of themes approaches methods and case studies from diverse contexts in different parts of the world which have not previously been considered collectively      *Zerah Colburn the Spirit of Darkness* John Mortimer, 2005 Zerah Colburn was a well known nineteenth century locomotive engineer journalist and publisher In life he mixed with the famous men of engineering in America and Britain And he was among 200 leading Americans nominated for New York University's Hall of Fame But Colburn was an enigma a dark and irascible man with a violent temper His work colleagues in London called him the Spirit of Darkness But why did he shoot himself at the age of 38 at the height of his career      **Wheels, Clocks, and Rockets: A History of Technology (The Norton History of Science)** Donald Cardwell, 2001-05-17 A prime example of how to write a history of an immense and technical subject a winner New Scientist As technology transforms our lives at an ever quickening rate Donald Cardwell reminds us that technological innovation is not created in a vacuum rather it is the product of the successful interaction between social change scientific developments and political vision In this wide ranging spirited Booklist survey of the machines and tools that humans have developed throughout history Cardwell not only explains the mechanical technicalities but also delves into the underlying trends that have culminated in eras of great change In particular he

highlights the eighteenth century as a watershed in the modern history of technology analyzing how scientific developments in physics and chemistry spurred the mechanical innovations of the Industrial Revolution From the steam engine to electrical power to nuclear energy to today s world of electronics and computers this book opens a discussion of how science and technology together change our lives Originally published as *The Norton History of Technology* *Spectacular Flops* Michael Brian Schiffer,2018-12-31 Many technologies begin life as someone s vision of an ambitious perhaps audacious technology that is expected to have a revolutionary impact on consumers whether families companies or societies However if this highly touted technology fails prematurely at some point in its life history it becomes a spectacular flop Employing a behavioral perspective this book presents a sample of twelve spectacular flops encompassing the past three centuries ranging from the world s first automobile to the nuclear powered bomber Because technologies may fail from many different causes spectacular flops pose a special challenge to the author s long term project of furnishing generalizations about technological change Instead of constructing generalizations that apply to all spectacular flops this book provides limited generalizations that pertain to particular groups of technologies bounded by parameters such as long term development projects and one off projects The reader need have no prior familiarity with the technologies because basic principles are introduced as needed *An Empire of Magnetism* Edward J. Gillin,2024 This book offers an in depth global history of the British Magnetic Survey the nineteenth century British government funded efforts to measure and understand the earth s magnetic field These scientific efforts are situated within the context of the development of global science and the ways they intersected with empire and colonialism *Troubled IT Projects* John M. Smith,2001 This book provides systematic guidance on how to avoid the causes of IT project failure at every stage It includes a detailed analysis of the 40 root causes of troubled IT **World Trade Since 1431** Peter J. Hugill,1993 In 1431 the Portuguese navigator Velho set sail into the Atlantic establishing a trade route to the Azores and marking the beginning of commerce with the West as we know it today Equipped with reliable maps and instruments for open ocean navigation and highly sea worthy three masted cannon armed ships Portugal soon dominated the Atlantic trade routes until the diffusion of Portuguese technologies to wealthier polities made Holland the eventual successor owing to its geographic position and its immense commercial fleet **Brunel** R. Angus Buchanan,2006-06-19 **"Death does seem to have all he can attend to"** George A. Hitchcock,2014-03-06 On August 7 1862 George Alfred Hitchcock born in Massachusetts in 1844 was mustered into Company A 21st Massachusetts Infantry From this date until January 1 1865 he kept a meticulous daily diary His first experience in battle was at Fox s Gap on South Mountain and then an attack across Burnside s Bridge at Antietam Then came the disastrous Union advance toward Marye s Heights at Fredericksburg a journey by rail to Paris Kentucky via Pittsburgh Columbus drunken 21st Infantry soldiers in conflict with local security and Cincinnati the protection of the Mount Sterling Kentucky area from guerrillas an expedition from Camp Nelson through the Cumberland Gap to eastern Tennessee Burnside s Knoxville campaign the arduous winter

return march to Camp Nelson with Confederate prisoners efforts to regain his health and a return to the 21st Regiment and a compelling account of his capture at Cold Harbor and imprisonment at Andersonville and Millen Georgia and Florence South Carolina and finally his release

**Crossing the River** Brian Cookson,2015-06-16 Some of the most beautiful views of London are those from the many bridges which span the River Thames Millions of people cross over the Thames every day but most are too concerned with reaching their destination to notice the structures they use let alone consider their history or the risks taken in building them Triumphs of architecture and engineering London s bridges have inspired artists as diverse as Dickens and Monet From the elegant Richmond Bridge to the Gothic quintessentially British Tower Bridge they have formed the backdrop to battles rebellions pageantry and mysteries for two millennia Crossing the River tells these stories including the assassination of a dissident with a poisoned umbrella on Waterloo Bridge the apparent suicide of God s banker an Italian financier with links to the Vatican the Masons and the Mafia and the Marchioness tragedy and its controversial aftermath Featuring illustrations and photographs old and new this book will undoubtedly increase the reader s knowledge and appreciation of the bridges and the people who built them and thereby enhance the pleasure of seeing them whether at leisure or stuck in a traffic jam
