It's All in the Name Sharita Star, 2010-12 It's All in the Name explains the concept of Lexigrams and the uncanny magic they can unfold for self-knowledge. The author begins by introducing simple words and taking the reader on a journey that shows how much we can find; the truth we are searching for is contained within the words we use every day. After offering a few rules to guide the Lexigram process and suggesting times to break those rules, she explains the interconnections among Lexigrams, astrology, and numerology. Sharita Star goes on to show how many of the Lexigrams that can be derived from names and titles relate to the very astrological and numerical guidance that governs them, providing historical evidence to show how this dynamic works. To do so, she offers references to zodiacal Sun signs and the Chaldean

understanding of numerology Moreover Sharita provides numerous case studies of well know individuals past and present It s All in the Name is a valuable tool for exploring the profound inner meanings of names and everyday words and for deepening one s intuitive capacity
