epochs and ideologies share a concern with the subject the unconscious and language thus challenging notions of strict epistemological cuts Lacan's psychoanalytic work contributes to the medieval debate about universals by revealing how the unconscious relates to the category of the real By analyzing the systematic adherence to dialectics and the idealization of the hard sciences Lacan's Medievalism asserts that we must take into account the play of language and desire within the unconscious and literature in order to understand the way that we know things in the world and the manner in which order is determined Erin Felicia Labbie is assistant professor of English at Bowling Green State University [Sin: Essays on the Moral Tradition in the Western Middle Ages](#) Richard Newhauser, 2023-07-28 Richard Newhauser examines here aspects of the moral tradition of medieval thought specifically the construction of the seven deadly sins their offspring and related schematizations of immorality in the Latin West The emphasis in these studies is on the malleability of moral categories their relationship to changes in medieval culture and the creativity and sensitivity of the thinkers who made use of the concepts of sinfulness in the Middle Ages The first section examines the contexts in which the seven deadly sins or nine accessory sins are found in medieval Latin English and German texts and in particular the genre of the treatise on vices and virtues as the major vehicle in which concepts of immorality were examined and presented to a variety of audiences for meditative or pastoral purposes The second section deals with one of the more interesting of the seven deadly sins avarice in its penitential literary apocalyptic and institutional contexts as its definition changed slowly with developing commercial experiences in medieval Europe In the last section the breadth of the concept of a sinful curiosity is examined and its historical development is delineated in the thought of Augustine of Hippo and the early Cistercians *Sir Gawain and the green knight, retold in modern prose, with intr. & notes, by J.L.
