New Avenues in the Study of the Old Testament Woude, 2022-05-09 [Introduction to the Old Testament](#) Anthony R. Metathesis in the Hebrew Bible Isaac Kalimi, 2018-01-01 This book investigates the use of literary stylistic metathesis in the Hebrew Bible By way of introduction the book first discusses the related phenomena of linguistic metathesis in which letters or sounds are unintentionally inverted during the historical development of a language and textual metathesis in which the letters of a word are accidentally inverted during the transmission of a text The discussion then moves on to the widespread use of literary stylistic metathesis in the Hebrew Bible in which two or more words that use the same letters in opposite orders are deliberately juxtaposed within a sentence This device appears in various literary genres within the Bible and in diverse forms which demonstrates that a number of biblical authors and editors used it as a compositional device for a variety of purposes whether for literary aesthetic or rhetorical effect to make a theological or exegetical point to connect or contrast particular words with one another or to emphasize a specific viewpoint The book also demonstrates that literary metathesis is not limited to the Hebrew Bible but that it also appears in post biblical Jewish Hebrew compositions such as The Wisdom of Ben Sira and the rabbinic literature This leads to the conclusion that the use of this literary tool by the rabbis in the midrashic literature is not a late artificial approach to Scripture but rather one that has deep roots in the biblical texts themselves and that continued to develop in the writings of the Second Temple period and in later Jewish writings
