Beyond the Frame Arziki Pheny, 2013-12-16 The perfect family The perfect career The perfect life Or is it Rebecca Lewis is a dynamic CEO whose unrelenting drive indomitable ambition and raw creativity catapulted her to the top of the eyewear industry But the rapid rise is threatened by an even more breathtaking fall From being blindsided by her family's disintegration to becoming embroiled in scandal to being portrayed as the symbol of corporate greed it becomes clear that life at the top is hardly secure without feet firmly on the ground Despite weathering childhood trauma and battling to the top of the corporate ladder Rebecca soon realizes that she now faces the biggest challenge yet herself

A Precarious Game Ergin Bulut, 2020-03-15 A Precarious Game is an ethnographic examination of video game production The developers that Ergin Bulut researched for almost three years in a medium sized studio in the U S loved making video games that millions play Only some however can enjoy this dream job which can be precarious and alienating for many others That is the passion of a predominantly white male labor force relies on material inequalities involving the sacrificial labor of their families unacknowledged work of precarious testers and thousands of racialized and gendered workers in the Global South A Precarious Game explores the politics of doing what one loves In the context of work passion and love imply freedom participation and choice but in fact they accelerate self exploitation and can impose emotional toxicity on other workers by forcing them to work endless hours Bulut argues that such ludic discourses in the game industry disguise the racialized and gendered inequalities on which a profitable transnational industry thrives Within capitalism work is not just an economic matter and the political nature of employment and love can still be undemocratic even when based on mutual consent As Bulut demonstrates rather than considering work simply as a matter of economics based on trade offs in the workplace we should consider the question of work and love as one of democracy rooted in politics
