**Reflective Practice and Learning From Mistakes in Social Work** Alessandro Sicora,2017-03-08 What is a mistake in social work and how can we turn it into a positive learning experience Simply going over the events of the day is often not enough and can become overwhelming Learning from professional errors is however vital for successful reflective practice This important book presents a theoretical framework that underpins this learning along with a series of strategies for social workers to use either by themselves or as part of a group These include creating questions and narratives to enhance learning assertive techniques for receiving and offering criticism and organisational learning from mistakes With plenty of practice examples and questions for reflection this is essential reading for both social work students and practitioners and managers at all stages of their career

**The Concept of Race and Psychotherapy** Jefferson M. Fish,2010-11-05 Is our society color blind Trans racial Post racial And what if anything should this mean to professionals in clinical practice with diverse clients The ambitious volume The Concept of Race and Psychotherapy probes these questions compelling readers to look differently at their clients and themselves and offering a practical framework for more effective therapy By tracing the racial folk taxonomies of eight

cultures in the Americas and the Caribbean the author elegantly defines race as a fluid construct dependent on local social political and historical context for meaning but meaningless in the face of science This innovative perspective informs the rest of the book which addresses commonly held assumptions about problem behavior and the desire to change and presents a social science based therapy model applicable to a wide range of current approaches that emphasizes both cultural patterns and client uniqueness Among the highlights of the coverage Common elements in therapy and healing across cultures The psychological appeal of racial concepts despite scientific evidence to the contrary Lessons psychology can learn from anthropology Three types of therapeutic relationships with strategies for working effectively in each The phenomenon of discontinuous change in brief therapy Solution focused therapy from a cross cultural perspective Thought provoking reading for psychologists psychiatrists clinical social workers and other mental health professionals as well as graduate students in these fields The Concept of Race and Psychotherapy affirms the individuality and the interconnectedness of every client

*The Psychological and Social Impact of Disability* Robert P.
