at the back , Kyoto a Cultural Guide John H. Martin, Phyllis G. Martin, 2012-10-16 Children turned emperor emperors turned priest and priests turned poet are just a few of the colorful characters described in Kyoto A Cultural Guide The fascinating facts larger than life characters and grand events described within offer abundant proof that more than just a treasure house of shrines and temples Kyoto is indeed one of the most enticing cities in the world For example Benkei an eight foot tall monk with a wildly combative nature was defeated on the Gojo Bridge by a voting warrior who had received his training in swordsmanship from a tengu goblin Benkei's defeat is memorialized at Kyoto's Kiyomizu dera temple in the form of an oversize iron staff and gela created by a blind blacksmith Oishi entered into a life of debauchery at the Ichiriki tea house in Gion with the sole intention of avenging the disgrace of his former master After gathering together 46 other samurai he exacted his revenge Thus the tale of The Forty Seven Ronin was born A guidebook to 14 walking tours Kyoto A Cultural Guide is also a kaleidoscopic reference and resource book certain to please long term residents and first time travelers

Japanese Language Haruhiko Kindaichi, 2011-12-20 This is a book about the structure history and evolution of the Japanese language The Japanese Language is a classic study of one of the world's most widely used but least understood languages Emphasizing the richness and complexity of Japanese as well as its limitations this fine book provides a lively discussion about the uniqueness of the Japanese language The relationship of Japanese to other languages is not well understood even by native speakers and Professor Kindaichi sets out to define it He concludes that Japanese is indeed only remotely related to other world languages although it shares many features in common with the languages of mainland Asia Japanese shares with those languages a rich and detailed vocabulary for natural phenomena and an unusually complex and accurate way of expressing social relationships Moreover its capability to absorb innovations from abroad easily matches or exceeds that of English or German The author after briefly discussing the unique isolation of the Japanese language moves on to consider the varieties of ordinary speech dialects jargon sex and role based distinctions and the difference between informal formal and literary language He then examines the structure of Japanese pronunciations its rhythm and accent The longest section of the book is devoted to the variety of the vocabulary what can and cannot be said in Japanese Readers who are just beginning their own study of Japanese will find this section especially fascinating for each point is backed by examples from literature and everyday speech Kindaichi also investigates the so called vagueness of Japanese and traces it to its source the unusual sentence order This book includes The highly debated origins of the Japanese language Dialects jargon sex and role based distinctions Differences between informal formal and literary language Structure rhythm and accent of pronunciation What can and cannot be said in Japanese **Speak Japanese Today** Kamiya, T., 1989 Twenty carefully structured lessons and two review chapters teach simple correct Japanese for everyday use *Books on Japan and Asian Countries in Foreign Languages Published in Japan*, 1992 **Learn Japanese with Manga Volume Two** Marc Bernabe, 2023-05-09 Learn to speak read and write Japanese quickly using manga comics strips If you enjoy manga you'll

love learning Japanese with this book The language lessons are interspersed with entertaining manga comic strips that make it easy to learn and remember all the key vocabulary and grammar The plot picks up where Learn Japanese with Manga Volume 1 left off following Nuria a journalist who is sent to Tokyo to research a news story where she keeps encountering a mysterious shadow or kage Use your knowledge of hiragana and katakana from Volume 1 to help you decipher hundreds of new kanji vocabulary without romanizations Learn to form complex sentences with relative clauses honorific forms and more Learn hundreds of useful words and phrases from how to order food in a restaurant to dealing with unexpected events and emergencies Five manga episodes are woven throughout the book reinforcing your language skills A bidirectional dictionary and answer keys for all the exercises are included Learn Japanese with Manga is designed for self study by adult learners but is also suitable for classroom use Audio recordings by Japanese native speakers are available for free online to help you improve your pronunciation and listening skills With a focus on the casual speech used by young people in Japan today you ll find yourself speaking and writing Japanese before you know it *Kamakura: Fact & Legend* Iso Mutsu,2012-10-16

Kamakura Fact and Legend has long been the definitive work on Kamakura This classic book is the lifetime achievement of Countess Iso Mutsu ne Gertrude Ethel Passingham a talented inquisitive Englishwoman who against all odds married a Japanese diplomat at the turn of the century and so came to live most of her life in this beautiful city Iso Mutsu was one of the first to discover that much of the magic of Kamakura today lies in fascinating historical events of the past among them the brilliant conquests of Minamoto no Yoritomo the defiant dance of Shizuka Gozen at Hachiman Shrine and the amazing rescue of Nichiren at Katase Her brilliantly crafted accounts of these events interwoven with walking tours of Kamakura introduce the city s most important historical sites and explain why they are so famous *Kamakura Fact and Legend* the only book that Iso Mutsu wrote is a testament to the devotion with which she succeeded in unlocking Kamakura s secrets for the outside world The inspiration and reference for later works on Kamakura this classic volume is both the original and the most in depth guide to an ancient capital that continues to delight and amaze the traveler **Books on Japan in Western**
