Special Abilities Scales Valsa Koshy, Ron Casey, 2000 Many school inspection reports express concerns about provision for able children but it can be difficult for schools to identify gifted and talented pupils especially those who for a variety of reasons may be performing well below their potential The Special Ability Scales ISBN 0 340 77304 9 offer a validated procedure for identifying high ability pupils in both primary and secondary schools The Scales provide a structured basis for observational assessment which has been shown to correlate highly with exceptional performance actual and potential This teacher s handbook provides instruction on how to use the scales which are designed to give a profile of learning social leadership creative thinking self determination and motivation characteristics

Gifted and Talented Learners Barry Hymer, Deborah Michel, 2013-12-16 This book sets out the educational challenges benefits and possibilities of embracing a truly inclusive approach to gifted and talented education and provides a framework for a school to create its own inclusive policy in this area of need Calling on international research current educational initiatives and work within the Barrow Education Action Zone EAZ and elsewhere the authors set out to demonstrate that the inclusion and standards agendas can and should take with them the growing interest in the educational needs of gifted and talented pupils The result is a short but comprehensive and fundamentally practical book which will be of value to any school or LEA wishing to create and implement a dynamic reflective and inclusive policy for gifted and talented pupils

International Perspectives on Exclusionary Pressures in Education Elizabeth J. Done, Helen Knowler, 2023-02-27 This book examines and problematises the concept of educational inclusion within schools Despite varying definitions of inclusion according to national context there is a growing consensus that educational systems presented as inclusive in policy and professional discourse in practice

legitimise processes that appear far from inclusive The editors and contributors draw together research from multiple contexts that considers systemic exclusionary pressures and practices from multiple perspectives particularly less visible forms of social and educational exclusion The book calls for true inclusion as an overriding socio political and educational policy objective and to end the marginalisation of specific groups beyond familiar neoliberal political discourses of piecemeal remediation
