Historical Dictionary of Zambia Bizeck Jube Phiri,Thokozile Shaba,2023-08-15 Zambia is a nation with a long record of peace that has enjoyed decades of constitutional rule and even in recent years an increasingly competitive democracy Peace constitutionalism democracy and nationhood face constant challenges such as in the elections of 2006 when the ugly language of ethnic confrontation found renewed currency Moreover Zambia s economic record and prospects are less equivocal after over four decades per capita incomes are lower

than they were at the dawn of independence Historical Dictionary of Zambia Fourth Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 000 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Zambia **Allegorical Speculation in an Oral Society** Robert Cancel,1989-01-01 **The Folktale** Stith Thompson,1977 As interest in folklore increases the folktale acquires greater significance for students and teachers of literature The material is massive and scattered thus few students or teachers have accessibility to other than small segments or singular tales or material they find buried in archives Stith Thompson has divided his book into four sections which permit both the novice and the teacher to examine oral tradition and its manifestation in folklore The introductory section discusses the nature and forms of the folktale A comprehensive second part traces the folktale geographically from Ireland to India giving culturally diverse examples of the forms presented in the first part The examples are followed by the analysis of several themes in such tales from North American Indian cultures The concluding section treats theories of the folktale the collection and classification of folk narrative and then analyzes the living folklore process This work will appeal to students of the sociology of literature professors of comparative literature and general readers interested in folklore The Black Mind Oscar Ronald Dathorne,1976 Man ,1920 In 1995 Man became Journal of the Royal Anthropological Institute The volumes under the current title do not yet appear in the database as JSTOR coverage of the journal currently ends at 1993 *Memoirs of the American Folk-lore Society* ,1924
