Speech And Law In A Free Society:

Speech and Law in a Free Society Franklyn Saul Haiman, 1981 Examines the legal aspects of freedom of speech and the extent to which it can be limited without endangering liberty in America **Labor Policy of the Free Society, The**

Sylvester Petro, 1957 **The Police in a Free Society** Todd Douglas, 2017-09-15 An unprecedented look at the evolution of American police from filling their intended role as peacekeepers and guardians of citizen rights to calling themselves and acting primarily as law enforcement officers As accusations of police misconduct and racial bias increasingly dominate the media *The Police in a Free Society* Safeguarding Rights While Enforcing the Law takes an unflinching look at the police the communities they serve and the politicians who direct them Author Todd Douglas a veteran state police commander exposes the occurrences of police misconduct and incompetence as well as incidences of charlatans who intentionally inflame racial tensions with the police for their own political or financial gain Readers will better understand what police officers must deal with on a daily basis grasp the role of lawmakers in keeping faith with the public and appreciate the tremendous challenges that police leaders face in attempting to reverse recent trends and shore up public confidence in police officers This is a rare glimpse into the often ugly reality of what happens on America s streets with insights gained from the perspective of the cop and suspect alike **Pornography in a Free Society** Gordon Hawkins, Franklin E. Zimring, 1988 Pornography in a Free

Society deals with what has been called the civil war over smut It addresses an issue about which citizens of Western nations are sharply divided Gordon Hawkins and Franklin Zimring attempt to look at the problem of pornography in a wider perspective than that of partisan political debate To that end they compare two American reports on pornography commissioned by Presidents Johnson and Reagan the first published in 1970 and the latter in 1986 with the report of the British Committee on Obscenity and Film Censorship which appeared during the years between the American reports They discuss the radical feminist challenge to pornography and the question of pornography and children Going on to consider likely future developments the authors argue that the furore over pornography and the appointment of commissions are part of a ceremony of adjustment to widespread availability of sexually explicit material and they predict less social concern about pornography as time passes **A Declaration and Constitution for a Free Society** Brian P. Simpson, 2021-03-09 What

are individual rights What is freedom How are they related to each other Why are they so crucial to human life How do you protect them These are some of the questions that *A Declaration and Constitution for a Free Society* answers The book uses Objectivist philosophy the philosophy of Ayn Rand to analyze subjective intrinsic and objective theories of rights and show why rights and freedom are objective necessities of human life This knowledge is then used to make changes to the Declaration of Independence and U S Constitution Through these changes the book shows the fundamental legal requirements of a free society and why we should create such a society It demonstrates why a free society is morally politically and economically beneficial to human beings [ThompsonCourierRakeRegister_2018-08-23_all.pdf](#) , 2018-08-23
